4. ASSEMBLY INSTRUCTIONS

The OKD 72 Inch Farmhouse Bar Cabinet requires assembly. It typically arrives in two separate boxes. Ensure both boxes are received before starting assembly, as components are distributed between them. All components and hardware are labeled for easy identification.

Before You Begin:

1. **Unpack Carefully:** Lay out all parts on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches.
2. **Verify Parts:** Compare the contents with the included parts list to ensure all pieces and hardware are present. Contact customer support immediately if any parts are missing or damaged.
3. **Tools Required:** A Phillips head screwdriver and an Allen wrench (often included in the hardware pack) are generally required. Avoid using power drills at high torque, as this can strip screws or damage the engineered wood.
4. **Read Instructions:** Review the step-by-step illustrations and written instructions thoroughly before starting each step.

General Assembly Tips:

- Work in a spacious area.
- Do not fully tighten screws until instructed, or until the entire section is assembled, to allow for minor adjustments.
- Pay close attention to the orientation of each piece as shown in the diagrams.
- Seek assistance for lifting heavy sections to prevent injury.

Follow the detailed, numbered instructions provided in your product packaging for specific assembly steps.

5. OPERATING INSTRUCTIONS

5.1. Sliding Barn Doors

The cabinet features two flexible sliding barn doors on the lower buffet section. To operate, gently grasp the handle and slide the door along its top track. Ensure the track is clear of any obstructions for smooth movement. The doors can be positioned to cover different sections of the cabinet as needed.

5.2. Adjustable Shelves

The cabinet includes multiple adjustable shelves to accommodate items of various heights. To adjust a shelf, first remove all items from it. Then, lift the shelf and carefully remove the four shelf pegs from their current holes. Reposition the pegs into the desired holes at the new height, ensuring all four pegs are securely inserted and level before placing the shelf back on them. Distribute weight evenly on shelves.

6. MAINTENANCE

Proper care and maintenance will help preserve the appearance and extend the lifespan of your OKD Farmhouse Bar Cabinet.

- **Cleaning:** Regularly dust the cabinet with a soft, dry, lint-free cloth. For spills, wipe immediately with a slightly damp cloth and dry thoroughly to prevent water damage.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or chemical sprays, as these can damage the finish of the engineered wood.
- **Environmental Factors:** Keep the cabinet away from direct sunlight, extreme temperatures, and excessive moisture to prevent warping, fading, or cracking.
- **Weight Distribution:** Distribute weight evenly across shelves and the countertop to prevent bowing or structural

stress. Adhere to the specified weight limits.

7. TROUBLESHOOTING

7.1. Missing or Damaged Parts

If any parts are missing or damaged upon arrival, please contact customer support immediately. Provide your purchase details, the model number (BDC42BWH-Model), and a clear description or list of the affected parts. Do not attempt to assemble the product with damaged or missing components.

7.2. Assembly Difficulties

If you encounter difficulties during assembly:

- Re-check the step-by-step instructions and diagrams carefully. Ensure all parts are correctly oriented as shown.
- Verify that you are using the correct hardware for each step.
- Do not force components together. If parts do not fit, re-examine the previous steps for errors.
- Ensure all cam locks and screws are properly aligned and tightened (where appropriate) to secure connections.

7.3. Stability Issues

If the assembled cabinet feels unstable:

- Ensure all screws, bolts, and fasteners are tightened securely.
- Verify that the cabinet is placed on a completely level surface. Use shims if necessary to level the unit.
- If wall anchoring hardware was included, install it according to the instructions to provide additional stability and prevent tipping.
