Neakasa Neakasa P1 Pro

Neakasa P1 Pro Pet Grooming Vacuum Instruction Manual

Model: Neakasa P1 Pro

INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Neakasa P1 Pro Pet Grooming Vacuum. Please read this manual thoroughly before operating the device and retain it for future reference. The Neakasa P1 Pro is designed to assist with pet grooming by collecting loose hair and dander, promoting a cleaner grooming experience.

SAFETY INFORMATION

For your safety and to prevent damage to the device, observe the following precautions:

- Always use the grooming kit gently to avoid distressing your pet.
- Keep the trimmer away from water sources to prevent electrical hazards.
- Do not use the trimmer on infants or near the face to avoid injury.
- Always follow the recommended cleaning and maintenance procedures to ensure safe and proper use.
- Ensure the device is unplugged before cleaning or performing any maintenance.
- Do not operate the device with a damaged cord or plug.
- Keep out of reach of children.

PACKAGE CONTENTS

The Neakasa P1 Pro Pet Grooming Vacuum package includes the following components:

- Neakasa P1 Pro Vacuum Unit
- Grooming Brush
- De-shedding Brush
- Electric Clipper
- Nozzle Head
- Cleaning Brush
- 5 Adjustable Guard Combs (3mm, 6mm, 12mm, 18mm, 24mm)
- Hose and Power Cord

SETUP INSTRUCTIONS

- 1. Unpack Components:** Carefully remove all items from the packaging. Verify that all components listed in the "Package Contents" section are present.
- 2. Connect Hose:** Attach the flexible hose to the main vacuum unit's intake port. Ensure it is securely fastened.
- 3. Select Tool:** Choose the desired grooming tool (e.g., grooming brush, de-shedding brush, electric clipper) and attach it to the end of the hose.
- 4. Connect Power:** Plug the power cord into a suitable electrical outlet.

OPERATING INSTRUCTIONS

Before beginning, ensure your pet is calm and comfortable. Introduce the device gradually to minimize stress.

General Operation

- Power On:** Press the power button on the main unit to turn on the vacuum.
- Adjust Suction Level:** The device features 3 adjustable suction levels. Select a lower setting initially, especially for pets sensitive to noise. Increase as needed.
- Grooming:** Gently apply the chosen tool to your pet's coat. The vacuum will collect loose hair directly into the dustbin.
- Power Off:** After grooming, press the power button to turn off the unit.

Using the Grooming Tools

- Grooming Brush:** Use for daily brushing to remove loose hair and dander, preventing tangles and mats. This promotes a healthy and shiny coat.

Image: The grooming brush attachment in use, demonstrating how pet hair is collected by the vacuum.

- **De-shedding Brush:** Designed to remove undercoat and loose hair, reducing shedding without damaging the topcoat.
- **Electric Clipper:** For trimming and cutting pet hair. Attach one of the 5 adjustable guard combs (3mm, 6mm, 12mm, 18mm, 24mm) to achieve desired hair length. The detachable guide combs allow for quick changes.

Noise Level Information

The Neakasa P1 Pro is designed with a low noise level (approximately 52dB) to help pets feel at ease during grooming. For sensitive pets, start with the lowest suction setting and gradually increase. Offering treats during grooming can also help reduce nervousness.

Image: A visual representation comparing the low noise level of the P1 Pro (52dB) to a hair dryer (80dB) and a vacuum robot (75dB), with a calm dog being groomed.

Suitability for Pet Types

The Neakasa P1 Pro is suitable for various pet types and hair lengths, including extra long hair, medium long hair, and curly hair, for both dogs and cats.

Perfect for All Pet Type

Extra long hair

Medium long hair

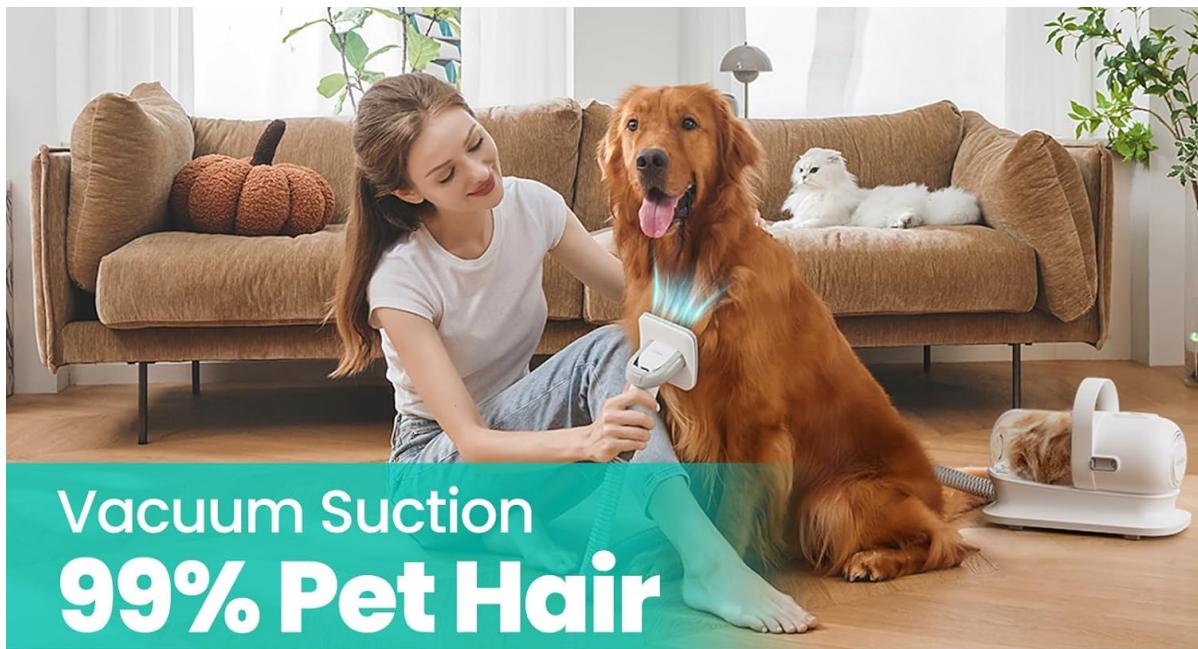

Curly hair

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Neakasa P1 Pro.

- Empty Dustbin:** The removable dust cup should be emptied regularly to maintain suction power. It features an easy-empty lid for quick disposal of collected hair.
- Clean Dustbin:** The dustbin is washable and reusable. Clean it with water and mild soap as needed, ensuring it is completely dry before reattaching.
- Clean Tools:** After each use, clean any hair or debris from the grooming attachments. The cleaning brush can assist with this.
- Storage:** The hose and power cord can be coiled around the machine for compact storage.

TROUBLESHOOTING

If you encounter issues with your Neakasa P1 Pro, refer to the following common solutions:

Problem	Possible Cause	Solution
Low Suction Power	Dustbin is full; filter is clogged; hose or attachment is blocked.	Empty the dustbin. Clean or replace the filter. Check and clear any blockages in the hose or attachments.
Device Does Not Turn On	Power cord not properly connected; no power from outlet.	Ensure the power cord is securely plugged into both the device and a working electrical outlet. Test the outlet with another appliance.
Excessive Noise	Obstruction in the fan or motor; loose components.	Turn off and unplug the device. Inspect for any visible obstructions. If the issue persists, contact customer service.
Hair Not Being Collected Effectively	Incorrect tool selection; suction level too low; pet hair is matted.	Ensure the appropriate tool is used for the grooming task. Increase the suction level. Pre-brush matted hair before using the vacuum.

SPECIFICATIONS

Feature	Detail
Model Name	Neakasa P1 Pro
Brand	Neakasa
Item Weight	4.4 pounds (2 Kilograms)
