

Dripex WL-1

Dripex Foldable Baby Playpen Instruction Manual

Model: WL-1

1. INTRODUCTION

The Dripex Foldable Baby Playpen is designed to provide a safe, spacious, and stimulating environment for your child to play and explore. Its versatile design allows for various configurations to fit different spaces, while its durable and non-toxic materials ensure your child's safety. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your playpen.

2. SAFETY INFORMATION

Your child's safety is our top priority. The Dripex playpen is manufactured from high-density polyethylene plastic, which is non-toxic and abrasion-resistant. It meets stringent safety standards including CPC, US Playpen Standard CPSC, and ASTM F1004-23 certifications.

Important Safety Warnings:

- Always supervise your child while they are in the playpen.
- Ensure all connections are securely fastened before placing your child inside.
- Do not leave children unattended.
- Regularly inspect the playpen for any signs of wear, damage, or loose parts. Discontinue use if any damage is found.
- Keep the playpen away from heat sources, open flames, and electrical outlets.
- The gate is designed to be opened only from the outside to prevent accidental escapes.

3. COMPONENTS

The Dripex Foldable Baby Playpen consists of the following main components:

- **Playpen Panels:** 10 individual panels, including a gate panel and an activity panel.
- **Connectors:** Used to join the panels together.
- **Gate Panel:** Features a secure, gear-locked mechanism for entry and exit.
- **Activity Panel:** Equipped with interactive toys such as an abacus, colorful spinning gears, and a mini-soccer goal.
- **Suction Cups:** Upgraded suction cups for enhanced stability on smooth surfaces.

4. SETUP

The Dripex playpen is designed for easy assembly. Follow these steps to set up your playpen:

1. Unfold the panels and lay them flat on a clean, level surface.
2. Connect the panels by aligning the connectors and pressing them firmly until they click into place. Ensure all connections are secure.

3. Attach the gate panel and activity panel in your desired positions within the playpen structure.
4. Once the desired shape is formed, ensure all panels are tightly connected.
5. For added stability, press down on the upgraded suction cups located at the bottom of each panel to firmly fix the playpen to the ground.

Save Space

Easy Carry

5. OPERATING

The Dripex playpen offers flexibility and engaging features for your child.

Adjusting Shape and Size:

The 10 panels can be arranged to form various shapes such as a square, rectangle, or round enclosure. You can also adjust the size by adding or removing panels to fit your available space. Simply unlock the connectors

by pulling up the top mechanism and reconfigure the panels as desired.

Image: Examples of various custom shapes that can be created with the playpen panels.

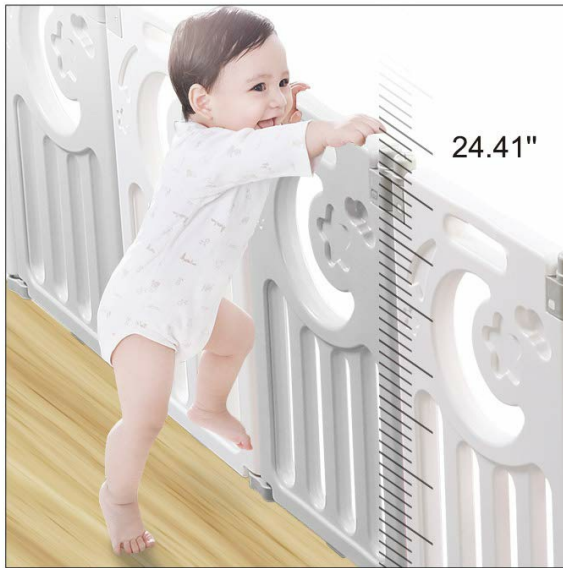

Gate Operation:

The gate panel is equipped with a secure lock that can only be operated from the outside. To open, lift the latch and swing the gate open. To close, swing the gate shut and ensure the latch clicks into place, securing your child within the play area.

Activity Panel:

The activity panel features an abacus with colorful beads, spinning gears, and a mini-soccer goal. These elements are designed to stimulate your child's cognitive development and encourage independent play.

Perfect Playground for Learning & Playing

Assisted Learning to Walk

Cute Educational Toy

SCIENCE PITCH

Reasonable drilling distance, no worries for getting her arm stuck between the spaces and could always see her.

6. MAINTENANCE

To keep your Dripex playpen clean and in good condition:

- **Cleaning:** Wipe the playpen surfaces with a damp cloth, then follow with a dry cloth to remove any moisture. Avoid using abrasive cleaners or harsh chemicals.
- **Storage:** The playpen is designed for easy folding and compact storage. To fold, unlock the connectors and collapse the panels. This maximizes space saving when not in use or for transport.

7. TROUBLESHOOTING

If you encounter any issues with your playpen, consider the following:

- **Playpen Instability:** Ensure all panel connectors are fully engaged and locked. Verify that the upgraded suction cups are firmly pressed onto a clean, smooth surface. Uneven surfaces may reduce suction effectiveness.
- **Difficulty Connecting/Disconnecting Panels:** Check for any debris or misalignment in the connectors. Apply gentle pressure and ensure the top locking mechanism is fully disengaged when disconnecting.
- **Gate Malfunction:** Ensure the gate is properly aligned with the frame. Check the gear-lock mechanism for any obstructions.

If problems persist, please refer to the warranty and support section for further assistance.

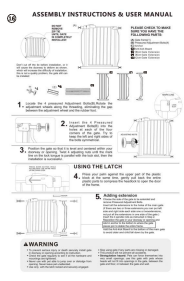

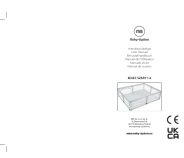

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	45 x 45 x 24 inches
Item Model Number	WL-1
Maximum Weight Recommendation	50 Pounds
Maximum Height Recommendation	24 Inches
Material Type	High-density Polyethylene Plastic (HDPE)
Care Instructions	Wipe with a damp cloth, then a dry one
Additional Product Features	Multifarious Shapes, Can be sized to fit space, Foldable storage for space saving
Folded Size	30x30x12 inches
Item Weight	23.4 pounds
Floor Area	13.8 Square Feet
Age Range (Description)	Toddler

9. WARRANTY AND SUPPORT

Specific warranty details are not provided in this manual. For warranty claims, product support, or any inquiries not covered here, please contact Dripex customer service directly through their official website or the retailer where the product was purchased. Please have your model number (WL-1) and purchase information ready when contacting support.
