# Dripex 18-Panel Foldable Baby Playpen Instruction Manual

Model: B09ZTP29D9

## INTRODUCTION

Thank you for choosing the Dripex 18-Panel Foldable Baby Playpen. This manual provides essential information for the safe assembly, operation, and maintenance of your playpen. Please read all instructions carefully before use and retain this manual for future reference.

## IMPORTANT SAFETY INFORMATION

- Always supervise children when they are inside the playpen.
- Ensure all panels are securely connected and locked before placing a child inside.
- Do not leave children unattended.
- Do not place the playpen near stairs, windows, or other hazards.
- Regularly check for loose parts, damage, or wear. Discontinue use if any part is damaged.
- Keep small objects, cords, and choking hazards out of the playpen.
- This playpen is designed for children aged 6-36 months.
- Do not modify the product. Use only original parts.
- Ensure the playpen is placed on a flat, stable surface.

## PACKAGE CONTENTS

Verify that all components are present before assembly:

- 18 x Playpen Panels (including 1 game panel and 1 gate panel)
- Connecting Nuts/Connectors

- Suction Cups (for enhanced stability)
- Instruction Manual

## SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all panels and accessories from the packaging.

## OPERATING INSTRUCTIONS

### Using the Safety Gate:

- To open the gate, slide the gear lock upwards and pull the gate open.
- To close the gate, push it firmly until it clicks into place and ensure the gear lock is engaged.

### Adjusting Playpen Shape and Size:

- To change the shape, gently lift the connecting nuts between panels to unlock them, reposition the panels, and then push down to re-lock.
- To reduce the size, remove desired panels by lifting the connecting nuts and separating them. To enlarge, add more panels.

### Engaging with the Game Panel:

The game panel features an abacus, colorful spinning gears, and a mini soccer goal to encourage interactive play.

and cognitive development. Supervise your child during play to ensure safe interaction with these features.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Playpen is unstable or wobbly.	Panels not securely connected; suction cups not engaged.	Ensure all connecting nuts are pushed down firmly. Press down on suction cups to create a seal with the floor.
Gate does not close or open smoothly.	Lock mechanism obstructed or misaligned.	Check for any debris in the lock mechanism. Ensure panels around the gate are properly aligned.
Child attempts to climb out.	Natural developmental stage.	Increase supervision. Ensure no objects inside the playpen can be used as steps. Consider adjusting the shape to reduce climbing opportunities.
