PlusAcc E07

PlusAcc Show 8 Battery Base User Manual

Model: E07

INTRODUCTION

This manual provides instructions for the safe and effective use of your PlusAcc Show 8 Battery Base. This portable battery base is designed to provide power and enhanced mobility for your Echo Show 8 (1st and 2nd Generation) device, featuring a 10000 mAh capacity and an adjustable tilt function. Please read this manual thoroughly before use and retain it for future reference.

WHAT'S IN THE BOX

- PlusAcc Show 8 Battery Base (x1)
- User Manual (x1)

What is in the box

1 Battery Base x1pc

1 User manual x1pc

SETUP

1. **Check Compatibility:** Ensure your device is an Echo Show 8 (1st Generation) or Echo Show 8 (2nd Generation). This battery base is not compatible with the Echo Show 8 (3rd Generation, 2023 release).

Compatible with Show 8 (1st and 2nd gen)

Base Only, the Device is Not Included

OPERATING INSTRUCTIONS

Power On/Off

Press and hold the power button on the front of the battery base to turn it on or off. The LED indicators will illuminate to show the battery level.

Charging the Battery Base

Connect the original Echo Show 8 power adapter to the DC IN port on the battery base. The LED indicators will flash during charging and remain solid when fully charged. A full charge takes approximately 5 hours.

Battery Life

The 10000 mAh battery provides extended usage time for your Echo Show 8:

- Approximately 4 hours at 100% volume.

- Approximately 6 hours at 50% volume.
- Up to 10 hours of standby time.

MAINTENANCE

To ensure the longevity and optimal performance of your PlusAcc Show 8 Battery Base, follow these maintenance guidelines:

- **Cleaning:** Wipe the surface of the battery base with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Storage:** When not in use for extended periods, store the battery base in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** For optimal battery health, avoid completely draining the battery frequently. Charge the device regularly.
- **Handling:** Handle the battery base with care. Avoid dropping it or subjecting it to strong impacts.

TROUBLESHOOTING

If you encounter issues with your PlusAcc Show 8 Battery Base, refer to the following common problems and solutions:

- **Device Not Powering On:**

- Ensure the battery base is charged. Check the LED indicators for battery level.
- Press and hold the power button for a few seconds to ensure it's properly activated.
- Verify that your Echo Show 8 is correctly seated on the magnetic base.

- **Battery Base Not Charging:**

- Confirm that the original Echo Show 8 power adapter is securely connected to both the wall outlet and the DC IN port on the battery base.
- Check if the power outlet is functional.
- Ensure the power adapter is not damaged.

- **Echo Show 8 Not Receiving Power from Base:**

- Re-seat the Echo Show 8 on the battery base to ensure a proper magnetic connection.
- Ensure the battery base itself is powered on and has sufficient charge.
