Lifewit 6-Pack 60L Clothes Storage Bins User Manual

Model: 22117

INTRODUCTION

Thank you for choosing the Lifewit 6-Pack 60L Clothes Storage Bins. These versatile and durable storage solutions are designed to help you organize your home efficiently. Featuring reinforced handles, premium breathable fabric, sturdy zippers, and a clear window, these bins are ideal for storing a variety of items from clothing and blankets to comforters and bedding, helping you maximize your space and keep your belongings protected.

PRODUCT FEATURES

- **Reinforced Handles:** Sewn with two layers of thick fabric and reinforced seams for doubled load-bearing capacity and durability.
- **Premium Material:** Made from high-quality, odorless, breathable non-woven fabric that promotes ventilation and protects stored items.
- **Clear Window:** Allows for easy identification of stored contents without needing to open the bin.
- **Sturdy Zipper:** Equipped with #5 stainless steel two-way zippers for smooth and long-lasting operation.
- **Space-Saving Design:** Each organizer measures 21.6 x 13.7 x 12.4 inches (60L capacity) and features an easy-fold design for compact storage when not in use.
- **Versatility:** Suitable for use in closets, cloakrooms, university dormitories, and bedrooms for various storage needs.

SETUP AND ASSEMBLY

Your Lifewit storage bins arrive in a flat-packed state for convenient shipping and storage. To set up a bin for use:

1. Carefully remove the folded storage bin from its packaging.
2. Unfold the bin, allowing its sides to expand into the full rectangular shape.
3. Ensure the bottom panel is flat and stable. The bin is now ready for use.

Image: A Lifewit storage bin shown in its folded state, then being opened to its full shape, demonstrating its space-saving and easy setup.

OPERATING INSTRUCTIONS

Using your Lifewit storage bins is straightforward:

1. **Filling the Bin:** Open the two-way zipper on the top lid. Carefully place your items (clothing, blankets, comforters, etc.) inside the bin. Arrange them neatly to maximize space and prevent excessive wrinkling.
2. **Closing the Bin:** Once filled, close the lid and secure it using the sturdy two-way zipper. Ensure the zipper is fully closed to protect contents from dust and moisture.
3. **Placement:** Utilize the reinforced handles to easily move the filled bin. Place it under a bed, on a closet shelf, or in any desired storage area. The clear window allows for quick identification of contents without needing to open the bin.
4. **Stacking:** The bins are designed to be stackable, allowing you to create vertical storage and save floor space. Ensure heavier items are placed in lower bins for stability.

Pack away out-of-season items Make room for the new

MAINTENANCE

To ensure the longevity and cleanliness of your Lifewit storage bins:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap if necessary. Do not machine wash, bleach, or tumble dry. Air dry completely before storing items.
- **Storage:** When not in use, fold the bins flat and store them in a dry place to maintain their shape and material integrity.
- **Avoid Overfilling:** Do not overfill the bins, as this can strain the zippers and seams, potentially reducing their lifespan.

TROUBLESHOOTING

- **Zipper Snagging:** If the zipper snags, gently pull the fabric away from the zipper teeth and try zipping again slowly. Avoid forcing the zipper.
- **Odor:** Although made from odorless material, if a slight odor is present upon initial unpacking, air out the bins in a well-ventilated area for a few hours.

SPECIFICATIONS

Feature	Detail
Brand	Lifewit
