## Proscenic A9

# Proscenic A9 Air Purifier User Manual

Model: A9 | Brand: Proscenic

## 1. Introduction

Thank you for choosing the Proscenic A9 Air Purifier. This device is designed to significantly improve the air quality in your home or office, providing a cleaner and healthier environment. Featuring advanced H13 HEPA filtration and smart control capabilities, the A9 is ideal for large rooms, effectively removing various airborne pollutants.
Please read this manual thoroughly before operating the appliance and retain it for future reference.

## 2. Key Features

- **Large Room Coverage:** UPV 2.0 purification technology with a CADR of 460m³/h, purifying up to 2,904 sq ft per hour, circulating air 5x per hour in a 968 sq ft room.
- **Efficient H13 True HEPA Filtration:** Removes 99.97% of PM2.5, VOC, smoke, odor, dust, and particles as small as 0.3 µm, including pet dander, mold, and pollen.
- **Smart LED Display & Auto Mode:** Built-in air quality sensor inspects PM2.5 index in real-time, displayed on an LED indicator. Features child lock, Wi-Fi status, filter life, timer, and four-level air quality lights (green, yellow, orange, red).
- **Quiet Operation:** 4-speed fan design with a quiet sleep mode operating at only 25dB, ideal for bedrooms.
- **Smart Control:** Control the air purifier anytime, anywhere via the Proscenic App and compatible with Alexa for voice commands.

## 3. Setup

### 3.1 Unboxing and Initial Placement

Carefully remove the air purifier from its packaging. Place the unit on a flat, stable surface in the desired room, ensuring adequate space around it for optimal air circulation. Avoid placing it directly against walls or furniture.

### 3.2 Filter Installation

The H13 True HEPA filter comes pre-installed but is sealed in plastic for protection during shipping. It is crucial to remove this plastic packaging before first use.

1. Locate the filter cover on the back of the air purifier.
2. Gently pull the cover to open it.
3. Remove the sealed filter from inside the unit.
4. Carefully remove all plastic packaging from the filter.
5. Insert the filter back into the air purifier, ensuring it is oriented correctly (the closed section should face the bottom).
6. Close the filter cover securely.

### 3.3 Power Connection

Plug the power cord into a suitable electrical outlet. The unit is now ready for operation.

## 4. Operating Instructions

### 4.1 Control Panel and Display

The top of the air purifier features an intuitive control panel with an LED display. This display shows the real-time PM2.5 air quality index, Wi-Fi status, child lock status, and filter life. The air quality is indicated by four color-coded lights: Green (0-50 Good), Yellow (51-100 Moderate), Orange (101-150 Unhealthy for Sensitive Groups), and Red (151-200 Unhealthy).

### 4.2 Fan Speed Adjustment

The unit offers 4 fan speed settings. You can adjust the fan speed manually via the control panel or through the Proscenic App to suit your purification needs.

### 4.3 Auto Mode

In Auto Mode, the built-in smart sensor automatically detects the PM2.5 air index and adjusts the fan speed accordingly to maintain optimal air quality.

### 4.4 Sleep Mode

Activate Sleep Mode for ultra-quiet operation, ideal for nighttime use. In this mode, the fan speed is reduced, and the display lights are turned off to ensure an undisturbed sleeping environment. The noise level is approximately 25dB.

### 4.5 Smart Control (Proscenic App & Alexa)

Enhance your experience by connecting the A9 Air Purifier to the Proscenic App. This allows for remote control and monitoring of your device.

- Download the Proscenic App from your smartphone's app store.
- Follow the in-app instructions to pair your A9 Air Purifier.
- Once connected, you can adjust settings, create schedules, view air quality graphs, and receive real-time updates.
- The device is also compatible with Alexa for convenient voice control.

## 5. Maintenance

### 5.1 Filter Replacement

To ensure optimal performance, it is recommended to replace the H13 True HEPA filter every 3-6 months, depending on usage and air quality. The filter life indicator on the LED display and in the app will notify you when replacement is needed.

1. Unplug the air purifier from the power outlet.
2. Open the filter cover on the back of the unit.
3. Remove the old filter.
4. Dispose of the old filter responsibly.
5. Insert a new, genuine Proscenic A9 replacement filter (ensure plastic packaging is removed).
6. Close the filter cover securely.

7. Plug in the air purifier. Reset the filter life indicator if necessary, following instructions in the app or manual.

### 5.2 Cleaning

Regularly clean the exterior of the air purifier with a soft, dry cloth. Do not use abrasive cleaners or solvents. Ensure the unit is unplugged before cleaning.

## 6. Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Unit does not turn on | Power cord not properly connected; No power from outlet. | Check power cord connection; Try a different outlet. |
| Poor air purification performance | Filter is dirty or expired; Filter plastic not removed. | Replace filter; Ensure plastic packaging is removed from new filter. |
| App connection issues | Incorrect Wi-Fi password; Router too far; App outdated. | Verify Wi-Fi password; Move unit closer to router; Update app. |
| Unusual noise | Filter not installed correctly; Obstruction in fan. | Reinstall filter; Check for and remove any obstructions. |

## 7. Specifications

**Model:** A9

**Product Dimensions:** 10.24"D x 10.24"W x 20.47"H

**Weight:** 7.98 Pounds

**Color:** White

**Noise Level:** 25 dB (Sleep Mode)

**CADR:** 460$m^3$/h

**Filter Type:** H13 True HEPA

**Certifications:** FCC Certified, CE Certified, ETL Certified, RoHS Certified, CARB Certified
