Setup Guide

1. **Connect the Keyboard:** Plug the USB connector of the mechanical keyboard into an available USB port on your computer.
2. **Connect the Mouse:** Plug the USB connector of the gaming mouse into another available USB port on your computer.
3. **Position the Mouse Pad:** Place the RGB gaming mouse pad on your desk. Connect its USB cable to a USB port for the RGB lighting.
4. **Attach the Wrist Rest:** Align the detachable wrist rest with the bottom edge of the keyboard and gently push to secure it. It is designed for ergonomic comfort during extended use.

Your operating system should automatically detect and install the necessary drivers. No additional software installation is typically required for basic functionality.

Operating Instructions

Keyboard Functions

The Havit mechanical keyboard features 104 keys with blue switches, providing tactile feedback and an audible click.

- **Standard Keys:** All standard alphanumeric and function keys operate as expected.
- **Multimedia Keys:** Use the **Fn** key in combination with the **F1-F12** keys for multimedia controls (e.g., volume, media playback).
- **RGB Backlighting Control:** The keyboard offers 14 pre-set RGB backlight modes.

Keyboard RGB Lighting Controls

Key Combination	Function
Fn + **F9**	Adjust among various light effects (14 pre-set modes).
Fn + **PgUp** / **PgDn**	Adjust brightness levels (bright to dim, until light off).
Fn + **+/-**	Adjust breathing speed or effect speed.
Fn + **Ins** / **Home** / **PgUp** / **Del** / **End** / **PgDn**	Select 7 color options in solid or breathing solid color modes.

Mouse Functions

The Havit gaming mouse features an optical sensor and programmable buttons.

- **Left/Right Click:** Standard mouse button functions.
- **Scroll Wheel:** For vertical scrolling and as a middle-click button.
- **DPI Adjustment:** Use the dedicated DPI button (usually located behind the scroll wheel) to cycle through different sensitivity levels.
- **Programmable Buttons:** Additional side buttons can be programmed for custom functions. (*Note: Specific software for programming may be required, refer to the Havit website for details if needed.*)
- **RGB Lighting:** The mouse features multiple RGB lighting modes.

Mouse Pad Functions

The large RGB gaming mouse pad provides a smooth surface for precise mouse movements and features customizable lighting.

- **RGB Lighting:** The mouse pad features 14 groups of light, including 7 static and 7 dynamic lighting colors. A control button on the pad allows you to cycle through these modes.

- **Surface:** Optimized for both optical and laser sensors.

Maintenance

Proper care will extend the lifespan of your Havit gaming combo.

- **Cleaning the Keyboard:**
  - Disconnect the keyboard from your computer.
  - Use a can of compressed air to remove dust and debris from between the keys.
  - Wipe the keycaps and surface with a soft, slightly damp, lint-free cloth. Avoid excessive moisture.
  - Do not use harsh chemicals or abrasive cleaners.
- **Cleaning the Mouse:**

- Disconnect the mouse from your computer.
- Wipe the surface with a soft, slightly damp cloth.
- Use a cotton swab to gently clean around the scroll wheel and sensor area.

- **Cleaning the Mouse Pad:**
  - Disconnect the mouse pad's USB cable.
  - Wipe the surface with a soft, damp cloth and mild soap if necessary. Allow it to air dry completely before reconnecting.
  - Do not machine wash or tumble dry.

- **General Care:**
  - Avoid spilling liquids on any component.
  - Keep away from extreme temperatures and direct sunlight.
  - Do not attempt to disassemble the devices, as this will void the warranty.

for longevity.

Troubleshooting

Keyboard or Mouse Not Responding

- Ensure the USB cables are securely plugged into your computer's USB ports.
- Try plugging the devices into different USB ports.
- Restart your computer.
- Test the devices on another computer to rule out a system-specific issue.

RGB Lighting Not Working

- **Keyboard:** Ensure the keyboard is connected. Try cycling through the lighting modes using**Fn** + **F9** or adjusting brightness with **Fn** + **PgUp**.
- **Mouse Pad:** Ensure the mouse pad's USB cable is connected to a power source. Press the control button on the mouse pad to cycle through modes.
- **Mouse:** The mouse lighting is typically automatic. If it's not working, try reconnecting the mouse.

Keys Not Registering or Mouse Cursor Jumps

- Clean the keyboard (for keys) or the mouse sensor (for cursor issues) as described in the Maintenance section.
- Ensure your operating system drivers are up to date.

If you continue to experience issues, please refer to the Support section.
