Image: Hot Wheels Monster Trucks Battitude, model 41/75, from the Beast Bashers series, packaged with a "Plus Connect and Crash Car" accessory. The truck features a purple and red design with flame decals, large black tires with blue rims, and a green connectable crash car accessory.

The Hot Wheels Monster Trucks Battitude is a die-cast metal body monster truck, part of the 2022 collection. It is designed for children aged 3 and above. This model, 41/75 in the Beast Bashers series, includes a unique "Connect and Crash Car" feature for enhanced play.

Video: An overview of a Hot Wheels Monster Truck, demonstrating its features and play potential. This video provides a

## SETUP

- Unboxing:** Carefully remove the Monster Truck and the "Connect and Crash Car" from the packaging. Ensure all components are present.
- Inspection:** Before play, inspect the truck and car for any damage or loose parts.
- Connecting the Crash Car:** The "Connect and Crash Car" accessory is designed to attach to the rear of the Monster Truck. Align the connection points and gently push until it clicks into place.

## OPERATING

- Basic Play:** The Monster Truck is a push-along toy. Simply push it forward or backward on a flat surface.
- Crash Action:** When the "Connect and Crash Car" is attached, impact with an obstacle or another toy can trigger a "crash" effect, where the car detaches or breaks apart (depending on the specific accessory design).
- Stunts:** The large wheels and robust design allow for various stunts and jumps. Always ensure a safe play area.

## MAINTENANCE

- Cleaning:** Wipe the toy with a damp cloth to remove dust and dirt. Do not immerse in water.
- Storage:** Store the toy in a dry, cool place away from direct sunlight to prevent material degradation.
- Avoid Harsh Chemicals:** Do not use abrasive cleaners or solvents, as these can damage the finish and materials.

## TROUBLESHOOTING

This product is a simple mechanical toy and typically does not require complex troubleshooting. However, if you encounter issues:

- Wheels Not Rolling Smoothly:** Check for any debris or hair caught in the axles. Gently remove any obstructions.
- Accessory Not Connecting:** Ensure the connection points are clean and free from damage. Apply gentle, even pressure when attaching.

## SPECIFICATIONS

Feature	Detail
Brand	Hot Wheels
Model Number	FYJ44
ASIN	B09ZVPPFK3
