## Nutale Nutale Focus

# Nutale Focus Bluetooth Tracker User Manual

Model: Nutale Focus

## 1. INTRODUCTION

---

The Nutale Focus Bluetooth Tracker is a compact and efficient device designed to help you locate your valuable items quickly. By connecting to your smartphone via Bluetooth, it ensures that your keys, wallet, pet, or other belongings are always within reach or traceable. This manual will guide you through the setup, operation, and maintenance of your Nutale Focus tracker.

Image 1.1: The Nutale Focus Bluetooth Tracker, shown with an attached key ring, highlighting its compact design.

## 2. PRODUCT OVERVIEW

---

### 2.1 Key Features

- **Bluetooth Connectivity:** Connects to your smartphone via Bluetooth for item tracking.
- **One-Touch Find:** Activates an audible alert on the tracker from your phone.
- **Find Your Phone:** Double-press the tracker button to make your phone ring, even on silent mode.
- **Location Record:** The Nut App records the last known location of your tracker.
- **Long Battery Life:** Powered by a CR2032 battery, offering approximately 10 months of use.

## 2.2 Package Contents

- Nutale Focus Bluetooth Tracker
- Key Ring Attachment
- Quick Start Guide
- CR2032 Battery (may be pre-installed or included separately)

Image 2.1: The Nutale Focus tracker shown attached to a key ring, demonstrating its portability.

## 3. SETUP

### 3.1 Battery Installation

The Nutale Focus tracker uses one CR2032 coin cell battery. If the battery is not pre-installed, follow these steps:

1. Gently open the tracker casing.
2. Insert the CR2032 battery with the positive (+) side facing up.
3. Close the casing securely.

## 3.2 App Download and Installation

The Nutale Focus tracker requires the **Nut App** to function. Download the app from your device's app store:

For iOS devices: Search for "Nut App" on the Apple App Store.

For Android devices: Search for "Nut App" on the Google Play Store.

Image 3.1: Screenshot illustrating the Nut App download options for both iOS and Android platforms.

## 3.3 Device Pairing

After installing the Nut App, follow these steps to pair your Nutale Focus tracker:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Nut App and create an account or log in.
3. Follow the in-app instructions to add a new device. This typically involves pressing the button on your Nutale Focus tracker to activate pairing mode.
4. Once detected, select your tracker from the list in the app to complete the pairing process.

## 4. OPERATING INSTRUCTIONS

## 4.1 Finding Your Items

To locate an item attached to your Nutale Focus tracker:

- Open the Nut App on your smartphone.
- Select the tracker associated with the item you wish to find.
- Tap the "CALL" button within the app. Your Nutale Focus tracker will emit an audible alert, helping you pinpoint its location.

## 4.2 Finding Your Phone

If you misplace your smartphone while your Nutale Focus tracker is nearby:

- Double-press the button on your Nutale Focus tracker.
- Your smartphone will ring, even if it is set to silent mode, allowing you to quickly locate it.

Image 4.1: Visual guide demonstrating the 'one-click search' feature to find the tracker and the 'double-click' function to find your phone.

### 4.3 Location Record Locator

The Nut App automatically records the last connected location of your Nutale Focus tracker. If an item goes out of Bluetooth range, the app will display its last known position on a map, providing a starting point for your search.

### 4.4 Additional Features

The Nut App offers several other functionalities to enhance your tracking experience:

- **Silent Mode:** Configure specific times or locations where the tracker should not alert.
- **Alert Mode:** Receive notifications if your tracker moves out of a designated safe zone.
- **Sharing:** Share access to your tracker with trusted family members or friends.
- **Lost and Found Community:** Leverage the Nut community to help locate lost items if they are detected by another Nut App user.

## 5. MAINTENANCE

### 5.1 Battery Replacement

When the battery level is low, the Nut App will notify you. To replace the CR2032 battery:

1. Gently open the tracker casing.
2. Remove the old CR2032 battery.
3. Insert a new CR2032 battery with the positive (+) side facing up.
4. Close the casing securely.

### 5.2 Cleaning

To clean your Nutale Focus tracker, wipe it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the device.

## 6. TROUBLESHOOTING

- Device Not Connecting/Frequent Disconnections:**  
Ensure your phone's Bluetooth is on and the tracker is within range. Check the battery level of the tracker. Try restarting both your phone and the tracker. If issues persist, unpair and re-pair the device in the Nut App.
- Tracker Alarm Not Sounding:**  
Verify that the volume on your tracker is not muted within the Nut App settings. Ensure the tracker's battery is not depleted.
- Phone Not Ringing When Tracker Button is Pressed:**  
Confirm that the Nut App has the necessary permissions to play sounds and notifications, even when the phone is on silent. Check the tracker's battery.
- Inaccurate Location History:**  
Location accuracy depends on your phone's GPS and network connectivity. Ensure location services are enabled for the Nut App on your phone.
