

Smoxy Spray Forbidden Fruit 6.9 oz

Generic Smoxy Spray Odor Eliminator User Manual

Model: Smoxy Spray Forbidden Fruit 6.9 oz

INTRODUCTION

The Generic Smoxy Spray Odor Eliminator is designed to neutralize and eliminate unwanted odors, leaving a fresh Forbidden Fruit scent. This manual provides essential information for the safe and effective use, maintenance, and storage of your Smoxy Spray.

IMPORTANT SAFETY INFORMATION

WARNING:

- Keep out of reach of children and pets.
- Do not ingest. If swallowed, seek immediate medical attention.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water for several minutes.
- Use in a well-ventilated area.
- Do not spray directly onto skin or clothing.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. This product is for odor elimination, not for medical use.

SETUP

1. Before first use, ensure the spray nozzle is securely attached and free from obstructions.
2. Gently shake the bottle for 5-10 seconds to ensure the contents are well mixed.

OPERATING INSTRUCTIONS

Follow these steps for effective odor elimination:

1. Identify the source of the odor.
2. Ensure the area is well-ventilated before and during use.
3. Hold the Smoxy Spray bottle upright, approximately 8-12 inches (20-30 cm) away from the target area.
4. Press the spray nozzle firmly to release a fine mist.
5. Spray 2-3 times directly into the air or onto fabric surfaces (e.g., carpets, upholstery, curtains) that are the source of the odor. Test on an inconspicuous area first for fabric compatibility.
6. Do not oversaturate surfaces.
7. Allow the spray to air dry. Odors should begin to dissipate shortly after application.
8. Repeat as necessary for persistent odors.

MAINTENANCE

- Keep the spray nozzle clean and free of residue. If clogged, rinse with warm water.
- Store the bottle in an upright position to prevent leakage.
- Ensure the cap is tightly closed when not in use to maintain product freshness.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Spray nozzle is clogged.	Dried residue in the nozzle.	Remove the nozzle and rinse it under warm running water. Reattach securely.
Odor persists after spraying.	Insufficient application or strong odor source.	Ensure proper ventilation. Reapply the spray, focusing on the odor source. For very strong odors, multiple applications may be required.
Product leaks from bottle.	Cap not tightened or bottle stored incorrectly.	Ensure the cap is tightly secured. Store the bottle upright in a cool, dry place.

SPECIFICATIONS
