User Manual

## 1. INTRODUCTION

---

Thank you for choosing the DICTAC Folding Bed 90x200 with 13cm Memory Foam Mattress. This product is designed to provide a comfortable and convenient sleeping solution, ideal for guests, small apartments, or temporary use. Its robust metal frame and supportive memory foam mattress ensure both durability and comfort, while integrated wheels allow for easy portability and storage. Please read this manual thoroughly before assembly and use to ensure proper operation and safety.

## 2. SAFETY INSTRUCTIONS

---

- Do not exceed the maximum weight capacity of 200 kg (approximately 440 lbs).
- Ensure all components are correctly assembled and tightened before use.
- Keep hands and fingers clear of moving parts during folding and unfolding to prevent pinching or injury.
- Always lock the wheels when the bed is in use or stored in an upright position to prevent accidental movement.
- Do not wet the metal frame. Clean with a dry or slightly damp cloth.
- Keep children away from the bed during assembly and folding/unfolding operations.
- Place the bed on a flat, stable surface to ensure stability.

## 3. PACKAGE CONTENTS

---

Please verify that all parts are present before beginning assembly:

- Folding Metal Bed Frame (with Rhombus Base)
- 13 cm Memory Foam Mattress
- Assembly Hardware and Tools (e.g., Allen wrench)

## 4. SETUP AND ASSEMBLY

---

The DICTAC Folding Bed is designed for quick and simple assembly, typically taking about 5 minutes. No complex tools are required as necessary tools are included.

### 4.1 Initial Unfolding

1. Carefully remove the bed from its packaging.
2. Place the folded bed in an open area.
3. Release any securing straps or buckles holding the bed in its folded position.
4. Gently pull the two halves of the bed apart until the frame is fully extended.
5. Ensure all support legs are fully deployed and locked into place.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Folding the Bed for Storage

The bed can be easily folded in four steps for compact storage:

1. Remove any bedding from the mattress.
2. Lift one end of the bed frame, allowing it to fold inward.
3. Continue folding until the two halves meet.
4. Secure the folded bed with the integrated buckle or strap to prevent it from unfolding.

## 5.2 Moving the Bed

The bed is equipped with 4 swivel casters that rotate 360 degrees, allowing for easy transport. To move the bed:

1. Ensure the bed is in its folded position and secured.
2. Unlock all four wheels by disengaging their locking mechanisms.
3. Gently push or pull the bed to its desired location.
4. Once in place, lock all four wheels to ensure stability.

## 6.2 Frame Care

Wipe the metal frame with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and dry immediately. Do not use abrasive cleaners or harsh chemicals. Regularly check all bolts and connections and tighten if necessary to maintain structural integrity.

## 7. TROUBLESHOOTING

- **Bed feels unstable:** Ensure all support legs are fully extended and locked. Verify that all assembly bolts are tightened. Lock the wheels when the bed is in use.
- **Difficulty folding/unfolding:** Check for any obstructions or misaligned parts. Ensure the mattress is properly seated on the frame. Follow the folding/unfolding steps carefully.
- **Mattress not fully expanded:** Memory foam mattresses require 24-48 hours to fully expand after being compressed in packaging. Ensure it is laid flat in a well-ventilated room.
- **Squeaking noises:** Check and tighten all frame connections. Apply a small amount of lubricant to hinge points if necessary.
