# Sanpyl 10-inch Bluetooth Keyboard with Touchpad User Manual

Model: Sanpyls0itcf5a928324-11

## INTRODUCTION

---

Thank you for choosing the Sanpyl 10-inch Bluetooth Keyboard with Touchpad. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new wireless keyboard. Please read these instructions carefully before use to ensure optimal performance and longevity of your device.

## PRODUCT OVERVIEW

---

### Key Features

- **Widened and Enlarged Design:** Features a 10-inch layout with more keys and wider keycaps for comfortable typing.
- **Integrated Touchpad:** Eliminates the need for an external mouse, enhancing portability and convenience.
- **Scissor Key Mechanism:** Provides a quiet and responsive typing experience.
- **Portable and Slim:** Ideal for travel, business trips, and on-the-go use.
- **Broad Compatibility:** Connects wirelessly to smartphones, tablets, laptops, and desktop computers via Bluetooth.
- **Water Resistant:** Designed to withstand minor splashes.

### What's in the Box

- 1 x Sanpyl Wireless Keyboard
- 1 x USB Charging Cable

Image: The Sanpyl 10-inch Bluetooth Keyboard with Touchpad shown alongside its included USB charging cable.

## SETUP

---

### Charging the Keyboard

1. Locate the USB charging port on the side of the keyboard.
2. Connect the smaller end of the provided USB charging cable to the keyboard's charging port.
3. Connect the larger end of the USB cable to a USB power source (e.g., computer USB port, USB wall adapter).
4. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off.

Image: A close-up view of the keyboard's Type-C charging port, indicating where to connect the charging cable.

## Bluetooth Pairing

1. Ensure the keyboard is charged.
2. Turn on the keyboard using the power switch, usually located on the side. A power indicator light should turn on.
3. Press the 'Connect' button or a dedicated Bluetooth pairing key (often labeled with a Bluetooth icon or 'Fn+C' combination) on the keyboard. The Bluetooth indicator light will start blinking, indicating it is in pairing mode.
4. On your device (smartphone, tablet, laptop), go to the Bluetooth settings.
5. Enable Bluetooth and search for available devices.
6. Select "Sanpyl Keyboard" or a similar name from the list of found devices.
7. If prompted, enter the pairing code displayed on your device's screen using the Sanpyl keyboard and press Enter.
8. Once paired, the Bluetooth indicator light on the keyboard will stop blinking and remain solid or turn off, depending on the model.

# Wireless Keyboard

The touch keyboard can be used with smartphones, tablets, laptops, desktop computers

## OPERATING INSTRUCTIONS

---

### Basic Keyboard Use

Once successfully paired, the keyboard functions like a standard external keyboard. Simply begin typing. Ensure your device's input language settings match your typing needs.

### Touchpad Functionality

The integrated touchpad allows for mouse-like navigation. Use your finger to move the cursor on the screen. Common gestures include:

- **Single Tap:** Left-click.
- **Two-Finger Tap:** Right-click (may vary by operating system).
- **Two-Finger Scroll:** Scroll up or down.

## Function Keys (Fn)

Many keys have secondary functions, accessible by holding down the **Fn** key and pressing the desired function key (e.g., F1-F12, multimedia controls). Refer to the keycap legends for specific functions.

## MAINTENANCE

---

### Cleaning

To clean the keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the keyboard is powered off before cleaning.

### Storage

When not in use, store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the keyboard to prevent damage.

### Battery Care

To prolong battery life, avoid fully discharging the keyboard frequently. Charge the keyboard regularly, even if not in constant use. If storing for an extended period, charge it to about 50% and recharge every few months.

## TROUBLESHOOTING

---

### Keyboard Not Connecting

- Ensure the keyboard is powered on and fully charged.
- Verify Bluetooth is enabled on your device.
- Make sure the keyboard is in pairing mode (blinking Bluetooth indicator).
- Forget the device from your device's Bluetooth settings and attempt to re-pair.
- Try connecting to a different device to rule out device-specific issues.

### Keys Not Responding

- Check if the keyboard is properly connected via Bluetooth.
- Ensure the battery is not critically low.
- Restart both the keyboard and your connected device.

## Touchpad Not Working

- Ensure the touchpad is not accidentally disabled (some keyboards have an Fn key combination to toggle the touchpad).
- Clean the touchpad surface for any obstructions.
- Re-pair the keyboard with your device.
