Sena 5S-10D

Sena 5S Motorcycle Bluetooth Communication System User Manual

MODEL: 5S-10D

Introduction

This manual provides comprehensive instructions for the Sena 5S Motorcycle Bluetooth Communication System, model 5S-10D. It covers installation, operation, maintenance, and troubleshooting to ensure optimal performance and user experience. Please read this manual thoroughly before using your device.

Safety Guidelines

Avoid use in environments with potential RF interference. Handle the battery properly to prevent short-circuiting or overheating. Avoid exposure to extreme temperatures or humidity.

Product Overview

Package Contents

- 5S Headset Main Unit
- Clamp Unit
- Glued Surface Mounting Plate
- Speakers
- Boom Microphone
- Wired Microphone
- USB-C Power & Data Cable
- Microphone Sponge
- Hook and Loop Fasteners
- Boom Microphone Holder
- Speaker Pads (thick)
- Allen Wrench

Installation and Setup

1. Mounting the Main Unit

The Sena 5S unit can be mounted to your helmet using either the included clamp kit or the glued surface mounting plate. Ensure the unit is securely attached and does not obstruct your vision or helmet functionality. Position the unit on the left side of the helmet for easy access to controls.

2. Speaker and Microphone Installation

Position the HD speakers inside your helmet's ear pockets for optimal audio. Install the boom microphone (for open-face helmets) or wired microphone (for full-face helmets), ensuring it is close to your mouth for clear voice

transmission. Use the provided hook and loop fasteners to secure components.

3. Initial Pairing (Smartphone)

1. Power on your Sena 5S unit.
2. Access your smartphone's Bluetooth settings.
3. On the Sena 5S, press and hold the Phone Button for 5 seconds until the LED flashes blue and red, indicating pairing mode.
4. On your smartphone, select 'Sena 5S' from the list of available Bluetooth devices.
5. Once paired, the LED on the 5S will flash blue.

Operating Instructions

Power On/Off

- **Power On:** Press and hold the Jog Dial and Phone Button for 1 second.
- **Power Off:** Tap the Jog Dial and Phone Button.

Volume Adjustment

Rotate the Jog Dial clockwise to increase volume and counter-clockwise to decrease volume.

Two-Way Intercom

To initiate a two-way intercom conversation with a paired Sena 5S unit, tap the Jog Dial. To end the conversation, tap the Jog Dial again.

Music Playback and Sharing

Once paired with your smartphone, music playback can be controlled directly from the Sena 5S. Use the Jog Dial to skip tracks. Music can also be shared with a riding companion via intercom.

GPS Navigation

Receive turn-by-turn GPS navigation prompts from your paired smartphone directly through the helmet speakers.

Phone Calls

Answer incoming calls hands-free by tapping the Phone Button. To make a call, use your smartphone's voice assistant or dial directly from your phone.

Maintenance

Cleaning

Clean the unit with a soft, damp cloth. Avoid using harsh chemicals or solvents, which can damage the device's finish or internal components.

Battery Care

To prolong battery life, avoid storing the device in extreme temperatures (hot or cold). Charge the battery fully before extended storage periods and recharge periodically if not in use for a long time.

Firmware Updates

Regularly check for and install firmware updates using the Sena Device Manager software. Updates can provide performance improvements, bug fixes, and new features.

Troubleshooting

Common Issues and Solutions

- **No Power:** Ensure the battery is charged. Connect the device to a power source using the USB-C cable. If the issue persists, perform a factory reset.
- **No Audio:** Verify speaker connections to the main unit. Check volume levels on both the Sena 5S and your connected smartphone. Ensure the speakers are correctly positioned in your helmet.
- **Pairing Issues:** Ensure both devices (Sena 5S and smartphone/another 5S) are in pairing mode. Clear previous pairings from both devices and attempt to re-pair.
- **Intercom Disconnection:** Ensure devices are within the specified intercom range (up to 700m / 0.4 miles). Re-initiate the intercom connection by tapping the Jog Dial.
- **Voice Quality Issues:** Ensure the microphone is positioned correctly and not obstructed. Check for firmware updates.

Specifications

Technical Specifications

Feature	Detail
Product Dimensions	1.89 x 2.99 x 1.18 inches
Item Weight	1.5 pounds
Item Model Number	5S-10D
Batteries	2 Lithium Polymer batteries (included)
Brand	Sena
Connectivity Technology	Bluetooth
Power Source	Battery Powered
Material	ABS plastic

Warranty and Support
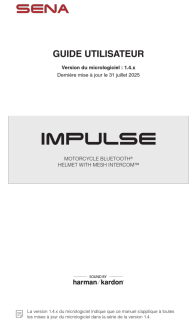

Warranty Information

This product is covered by a manufacturer's warranty. Please refer to the warranty card included in your package or visit the official Sena website for detailed warranty terms and conditions, including coverage period and claim procedures.
