3. SETUP

3.1 Unpacking

Carefully remove the television and all accessories from the packaging. It is recommended to retain the original packaging for future transport or servicing needs.

3.2 Attaching the Stand or Wall Mounting

Your SANSUI TV offers flexible placement options: using the included stand or mounting it on a wall.

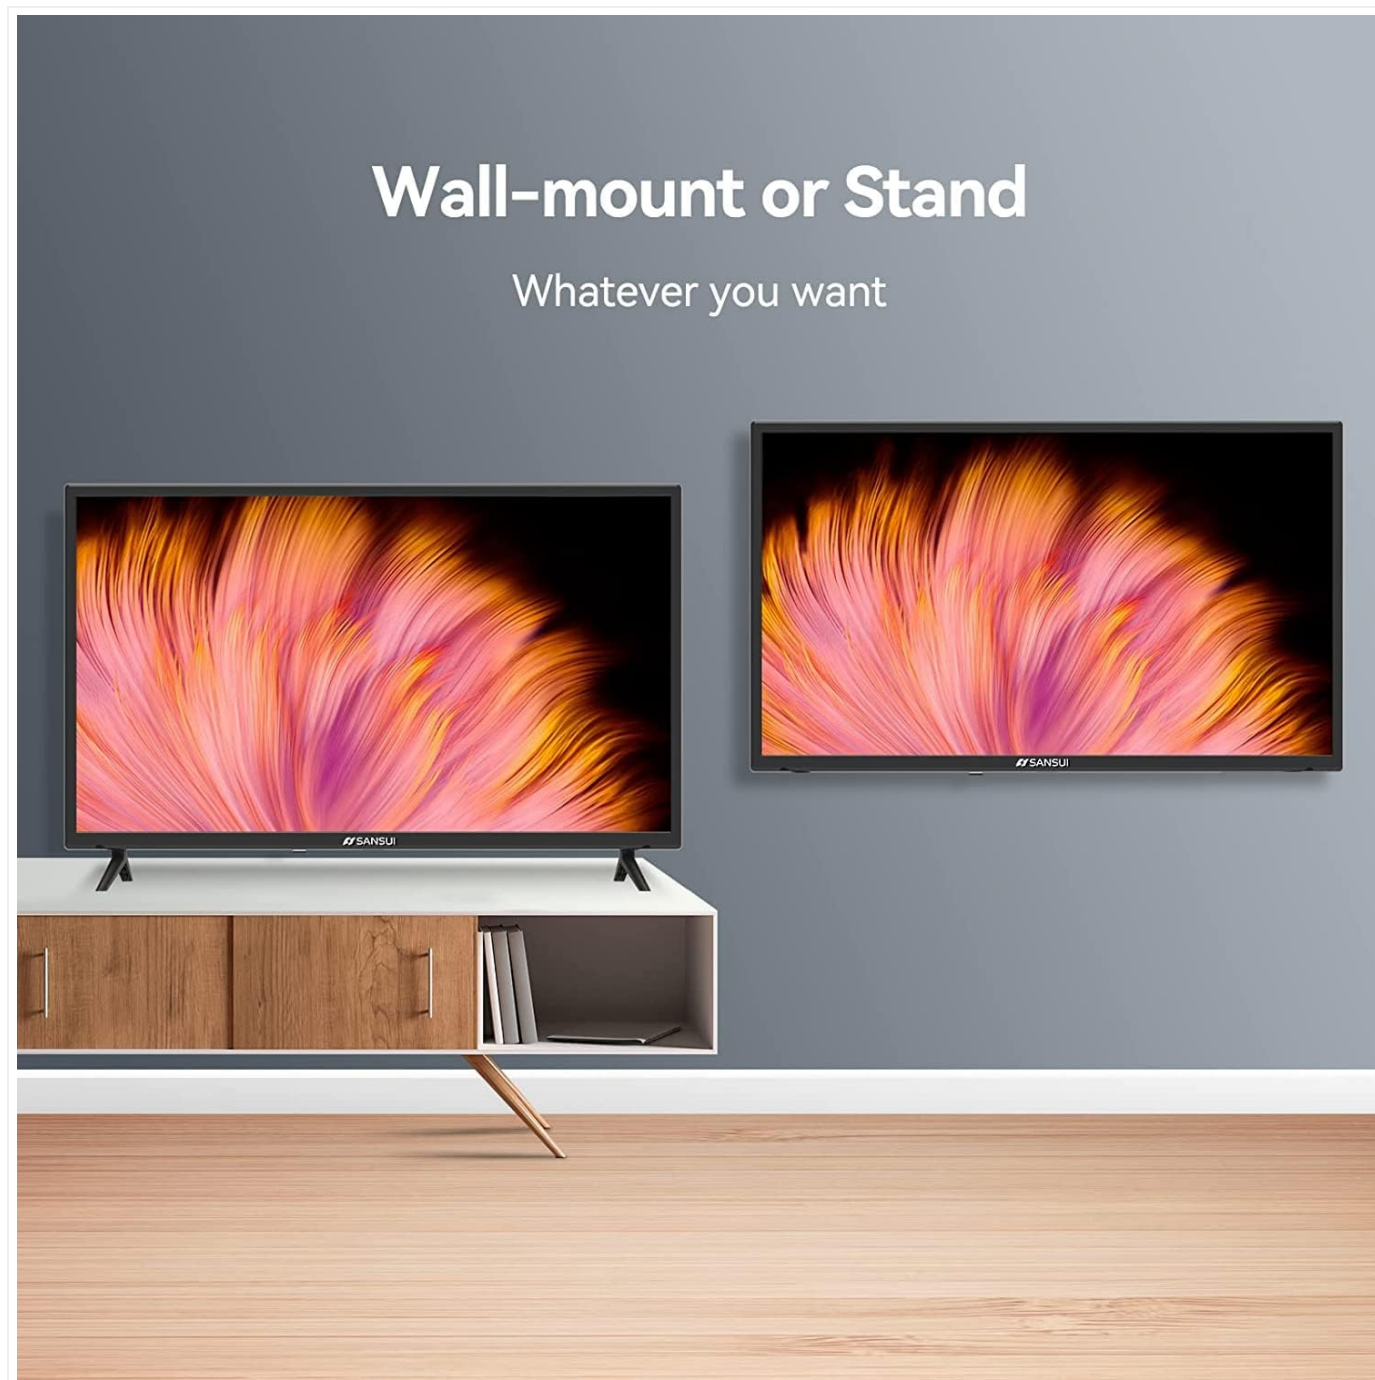

Image 3.1: The SANSUI 32" HD TV displayed both on its included stand and mounted on a wall, illustrating flexible installation options.

Attaching the Stand:

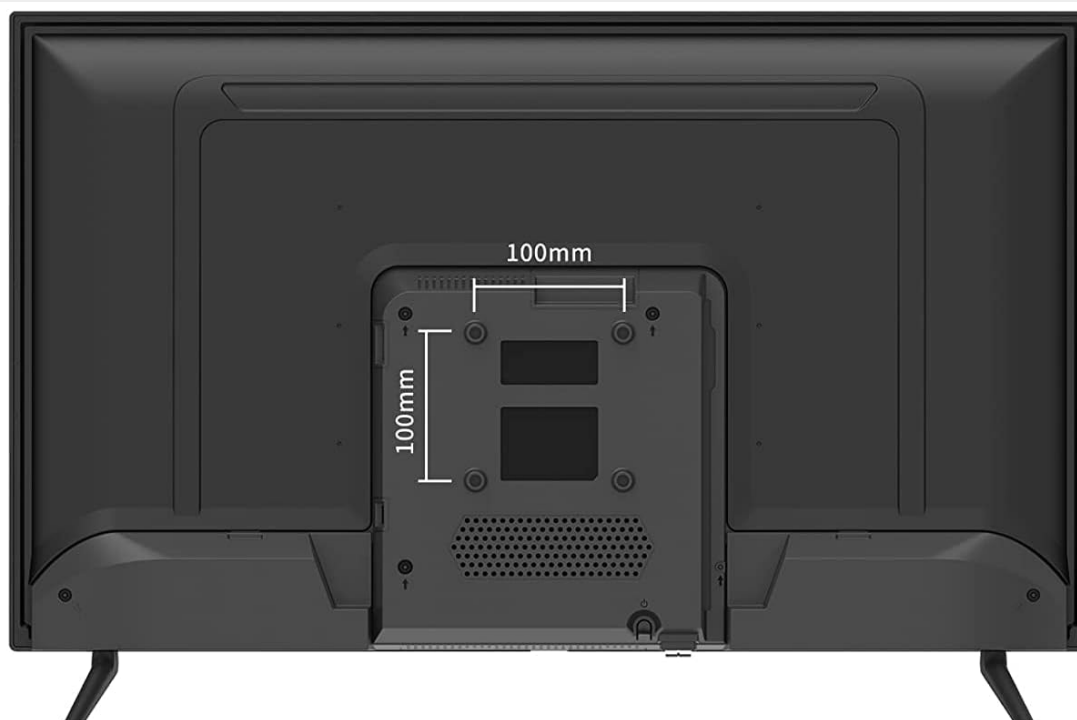

1. Place the TV face down on a soft, flat surface to prevent screen damage.
2. Align the TV feet with the corresponding slots on the bottom of the television.
3. Secure the feet with the provided screws. Ensure they are firmly attached.

Wall Mounting:

If you choose to wall mount your TV, ensure you use a VESA-compatible wall mount (not included). The SANSUI SMX32T1H supports a VESA standard of **100x100mm**.

- Remove the TV feet if they are already attached.
- Follow the instructions provided with your wall mount bracket for safe installation.

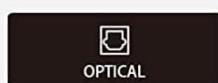

- It is recommended to seek professional assistance for wall mounting to prevent damage or injury.

5. MAINTENANCE

5.1 Cleaning the Screen

- Unplug the TV before cleaning.
- Gently wipe the screen with a soft, lint-free cloth.
- For stubborn marks, lightly dampen the cloth with water or a specialized screen cleaner (do not spray directly onto the screen).
- Avoid using harsh chemicals, abrasives, or alcohol-based cleaners.

5.2 Cleaning the Cabinet

- Wipe the cabinet with a soft, dry cloth.
- Do not use liquid or spray cleaners directly on the cabinet.

6. TROUBLESHOOTING

Before contacting customer support, please refer to the following common issues and solutions.

No Power

- Ensure the power cord is securely plugged into both the TV and the wall outlet.
- Check if the wall outlet is functioning by plugging in another device.
- Press the power button on the TV itself, not just the remote.

No Picture, But Sound is Present

- Verify the correct input source is selected (e.g., HDMI1, AV).
- Check the cable connections between the TV and the external device.
- Try connecting a different device to the same input or the same device to a different input.

No Sound, But Picture is Present

- Increase the volume using the remote control.
- Check if the TV is muted. Press the MUTE button on the remote.
- Verify audio cable connections if using external speakers.
- Check sound settings in the TV menu.

Remote Control Not Working

- Ensure the batteries are correctly inserted and not depleted. Replace if necessary.
- Check for any obstructions between the remote and the TV's IR sensor.
- Point the remote directly at the TV.
