

Zerodis Air Pressure Pump Wine Bottle Opener

Zerodis Air Pressure Pump Wine Bottle Opener Instruction Manual

Model: Air Pressure Pump Wine Bottle Opener

1. INTRODUCTION

Thank you for choosing the Zerodis Air Pressure Pump Wine Bottle Opener. This innovative tool utilizes air pressure to effortlessly remove wine corks, providing a smooth and efficient opening experience without damaging the cork or the bottle. Designed for convenience and durability, it is suitable for various settings including home, restaurants, and parties.

Safety Warnings:

- Keep out of reach of children.
- Do not use this opener for sparkling wine, champagne, or plastic corks.
- Avoid pointing the needle towards yourself or others during operation.
- Do not attempt to open bottles with damaged or cracked necks.

2. PRODUCT OVERVIEW

The Zerodis Air Pressure Pump Wine Bottle Opener consists of several key components designed for optimal performance.

Figure 1: Components of the Air Pressure Pump Wine Bottle Opener.

1. **Handle:** The main body of the opener, providing grip and housing the pump mechanism.
2. **Inner Tube:** Contains the air pump mechanism.
3. **Needle:** A thin, sharp needle designed to penetrate the cork.
4. **Stoma:** The opening through which air is pumped.
5. **Cap:** Protects the needle when not in use.

3. SETUP

Before using your wine bottle opener, ensure it is properly assembled.

How to install the wine pump opener?

Pull out the needle

Unscrew the needle from the cover

Screw the needle on the handle

Installed and used

Figure 2: Assembly steps for the Air Pressure Pump Wine Bottle Opener.

1. Remove the protective cap from the opener.
2. Carefully unscrew the needle assembly from its storage position within the cap.
3. Screw the needle assembly firmly onto the handle of the opener. Ensure it is securely attached.
4. Your Zerodis Air Pressure Pump Wine Bottle Opener is now ready for use.

4. OPERATING INSTRUCTIONS

Follow these steps to safely and effectively open a wine bottle using the air pressure pump opener.

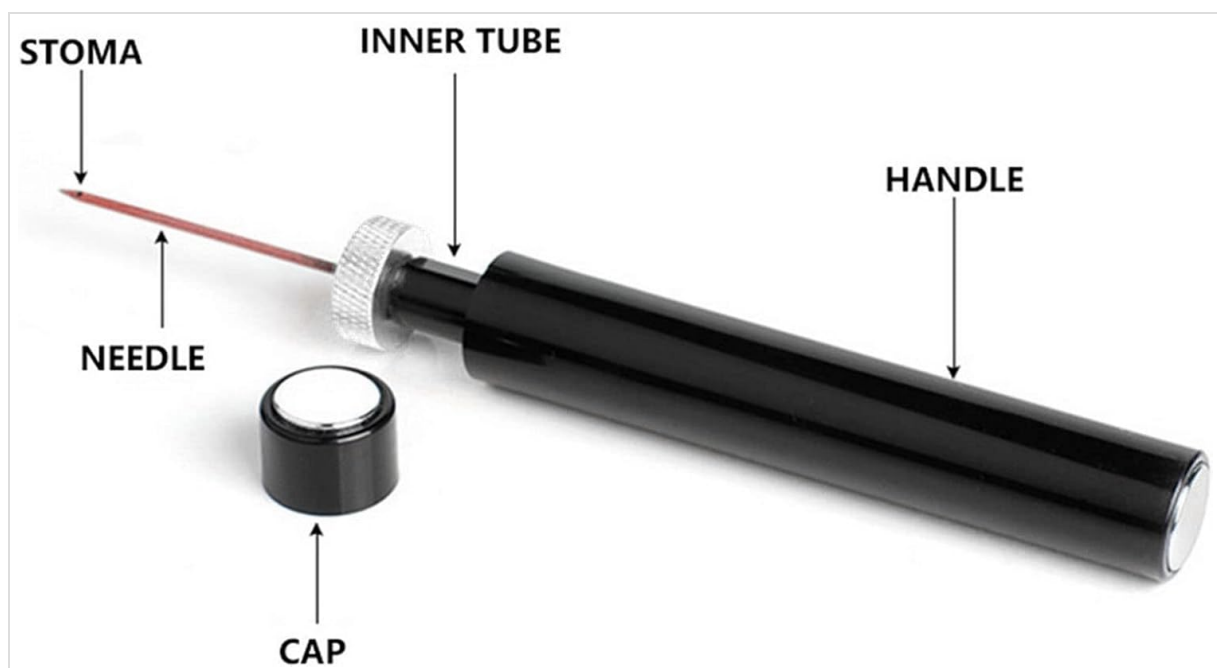

Figure 3: Operating the Air Pressure Pump Wine Bottle Opener.

1. Use a foil cutter (not included) to remove the foil seal from the wine bottle.
2. Insert the needle vertically into the center of the cork until it passes through. Ensure the needle is fully inserted.
3. Hold the bottle firmly with one hand and the opener with the other.
4. Pump the handle up and down several times. Air will be injected into the bottle, increasing pressure and pushing the cork out.
5. Stop pumping when the cork begins to rise. Once the cork is almost fully out, gently pull it the rest of the way by hand.
6. Carefully remove the cork from the needle.

5. MAINTENANCE

Proper care will ensure the longevity and performance of your wine bottle opener.

- After each use, gently wipe the needle with a clean, damp cloth to remove any cork residue.
- Ensure the needle is completely dry before re-attaching the protective cap and storing the opener.
- Store the opener in a dry place to prevent corrosion.
- Do not immerse the entire opener in water.

6. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cork does not come out after pumping.	Insufficient air pressure; cork is too tight or synthetic; needle not fully inserted.	Ensure the needle is fully inserted. Pump more times. If the cork is synthetic, this opener may not be suitable.
Air leaks during pumping.	Loose connection; damaged seal.	Check that the needle assembly is tightly screwed onto the handle. If the issue persists, contact customer support.
Needle is bent or damaged.	Improper insertion; accidental impact.	Handle the needle with care. If damaged, discontinue use and consider replacement.

7. SPECIFICATIONS

- **Brand:** Zerodis
- **Model:** Air Pressure Pump Wine Bottle Opener
- **Material:** Acrylonitrile Butadiene Styrene (ABS) casing, Aluminum Alloy handle, Food-grade treated needle surface
- **Color:** Silver
- **Item Weight:** 52 Grams (1.83 ounces)
- **Product Dimensions:** 5.5"L x 0.8"W (approximately 14 cm x 2.1 cm)
- **Number of Items:** 1

The new air pump corkscrew is a simple, easy and fast way to open wine
No pulling and twisting, just slide the needle in, pull a few times and the cork comes out
