## Rhinowalk MT216

# Rhinowalk Motorcycle Tail Bag 30L Instruction Manual

Model: MT216

## 1. PRODUCT OVERVIEW

The Rhinowalk Motorcycle Tail Bag 30L is designed for secure and waterproof storage during motorcycle travel. It features a durable, waterproof construction and a modular design for versatile use as a tail bag, pannier, or backpack.

## 2. FEATURES

- **Waterproof Functionality:** Equipped with a full waterproof inner bag and a detachable, zippered voltage inner bag to protect contents from rain.
- **Modular Design:** Allows for free combination with other bags (2-in-1, 3-in-1, 4-in-1) using buckles and hooks to meet various travel needs.
- **Anti-slip Mesh Bag:** Features an external mesh pocket for hanging wet clothes and increasing friction for stable mounting.
- **Durable Components:** Includes waterproof zippers, robust brand buckles, and webbing for attaching additional items.
- **Enhanced Visibility:** Silver reflective logo improves safety during night rides.
- **Versatile Usage:** Can be used as a motorcycle pannier bag, fuel tank bag, shoulder bag, or backpack with included straps.

## 4. SETUP AND INSTALLATION

Follow these steps to securely attach the Rhinowalk Motorcycle Tail Bag to your motorcycle's rear rack or seat. The modular design allows for single bag use or combination with other bags.

### 4.1 Single Bag Installation (30L)

1. Position the 30L tail bag on the motorcycle's rear rack or passenger seat.
2. Utilize the provided buckles and bands to secure the bag to the motorcycle's frame or rack attachment points. Ensure all straps are tightened for stability.

## PRODUCT INFORMATION

Model: MT21610

Size: 23\*10.5\*46.5cm

Color: Black \ Yellow

Weight: 450g

Material: Polyester

Model: MT21620

Size: 26\*18\*59cm

Color: Black \ Yellow

Weight: 650g

Material: Polyester

Model: MT21630

Size: 30\*20\*65cm

Color: Black \ Yellow

Weight: 950g

Material: Polyester

## Each bag has three kinds of accessories

Note: 10L is one shoulder strap, 20L/30L are two shoulder straps.

## 4.2 Combination Bag Installation (e.g., 20L + 30L)

1. First, secure the larger bag (e.g., 30L) to the motorcycle as described in the single bag installation.
2. Attach additional bags (e.g., 20L) to the main bag using the integrated buckles and hooks. Ensure all connections are firm and secure.
3. Verify that the combined setup is stable and does not interfere with motorcycle operation or rider comfort.

## 5. OPERATING INSTRUCTIONS

### 5.1 Packing the Bag

- Place items inside the main compartment, utilizing the detachable waterproof inner bag for sensitive electronics or clothing.
- Ensure the waterproof inner bag's zipper is fully closed and the roll-top closure of the main bag is securely fastened to maintain water resistance.
- Use the external anti-slip mesh pocket for items that can get wet or need quick access, such as wet gear or water bottles.

## 5.2 Carrying Options

- **Motorcycle Mount:** Securely attach to the rear rack or passenger seat using the provided straps and buckles.
- **Shoulder Bag/Backpack:** Attach the included shoulder straps to convert the tail bag into a shoulder bag or backpack for off-bike carrying.

## 6. MAINTENANCE

---

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners.
- **Drying:** Allow the bag to air dry completely before storage, especially the waterproof inner bag, to prevent mold or mildew.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.
- **Strap Inspection:** Regularly check all buckles, straps, and attachment points for wear and tear. Replace any damaged components to ensure secure fastening.

## 7. TROUBLESHOOTING

---

- **Bag feels loose during ride:** Ensure all attachment straps are properly routed and tightened. The anti-slip mesh on the back helps with stability; ensure it is in contact with the rack or seat.
- **Water leakage:** Verify that the roll-top closure is correctly sealed and the internal waterproof bag's zipper is fully closed. Inspect for any punctures or damage to the waterproof lining.
- **Difficulty attaching multiple bags:** Refer to the combination installation instructions and video.

Ensure correct buckle and hook connections are made between bags.
