SETUP AND ASSEMBLY

Follow these steps to assemble your console sofa table. It is recommended to have two people for easier assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Frame Legs:** Connect the Left Frame Leg (B) and Right Frame Leg (C) to the Middle Support Legs (D) using the provided hardware. Ensure all connections are secure but do not fully tighten screws yet.
3. **Install Bottom Crossbars:** Attach the Bottom Crossbars (E) between the frame legs. This will provide stability to the base.

5. **Tighten All Screws:** Once all parts are aligned and loosely assembled, gradually tighten all screws until they are firm. Do not overtighten.
