4. Setup

1. **Unboxing:** Carefully remove the ASPOR A323 Power Bank from its packaging. Check for any visible damage.
2. **Initial Charge:** For optimal performance, it is recommended to fully charge the power bank before its first use. Connect the power bank to a power source using a compatible Micro USB or Type-C cable.

5. Operating Instructions

5.1. Charging the Power Bank

To recharge your ASPOR A323 Power Bank:

1. Connect a compatible charging cable (Micro USB or Type-C) to the corresponding input port on the power bank.
2. Connect the other end of the cable to a USB wall charger or a computer's USB port.

3. The indicator lights on the power bank will illuminate to show the charging status. A full charge typically takes approximately 7 hours.

5.2. Charging Your Devices

The ASPOR A323 Power Bank offers multiple charging options:

- **Standard Charging:** Connect your device's USB charging cable to one of the two USB-A output ports on the power bank. The power bank will automatically begin charging your device.
- **Power Delivery (PD) Charging:** For devices compatible with USB-C Power Delivery, use a USB-C to USB-C cable (not included) and connect it to the power bank's Type-C port and your device. This port supports 18W Power Delivery for faster charging.
- **PowerIQ-enabled USB-A:** The USB-A ports are equipped with PowerIQ technology to intelligently identify your device and deliver the fastest possible charge up to 2.4A.
- **Trickle-Charging Mode:** For low-power devices such as Bluetooth earbuds or smartwatches, the power bank features a trickle-charging mode to prevent overcharging. To activate, press and hold the power button for a few seconds until a specific indicator light (if available) confirms the mode.
- **Dual Device Charging:** You can charge two devices simultaneously using the dual USB-A output ports.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the power bank. Do not use liquid cleaners or aerosols.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use. Avoid completely draining the battery frequently.

7. Troubleshooting

- **Power bank not charging:** Ensure the charging cable is securely connected to both the power bank and the power source. Try a different cable or power adapter.
- **Device not charging from power bank:** Check if the power bank has sufficient charge. Ensure the charging cable connecting your device to the power bank is functional and properly connected. Try a different USB port on the power bank.
- **Slow charging:** Verify that your cable and wall adapter support fast charging if your device is compatible. Ensure the power bank is fully charged.
- **Indicator lights not working:** If the power bank is not responding, try fully charging it for several hours. If the issue persists, contact support.

8. Safety Information

Please observe the following safety precautions to prevent damage to the product or injury to yourself:

- Do not expose the power bank to extreme temperatures (above 45°C or below 0°C), direct sunlight, or high humidity.
- Do not disassemble, modify, or attempt to repair the power bank.
- Keep the power bank away from water and other liquids.
- Avoid dropping or subjecting the power bank to strong impacts.

- Do not use the power bank if it is visibly damaged, swollen, or leaking.
- Keep out of reach of children.
- Dispose of the power bank according to local regulations for electronic waste. Do not dispose of it in household waste.

9. Warranty and Support

Based on the product specifications, this ASPOR A323 Power Bank is indicated to have **No Warranty**. For any operational questions or technical assistance, please refer to the retailer or the manufacturer's official support channels if available.
