### Blink Camera (2-year battery life) Add-on Camera

# Blink Outdoor 4 Wireless Smart Security Camera Instruction Manual

Model: Outdoor 4 Add-on Camera

Brand: Blink

## PRODUCT OVERVIEW

---

The Blink Outdoor 4 is a fourth-generation wireless smart security camera designed for outdoor use, offering up to two years of battery life for continuous monitoring. It provides 1080p HD live view, infrared night vision, and two-way audio communication. Key features include enhanced motion detection with dual-zone capabilities and optional person detection (with a Blink Subscription Plan).

## PACKAGE CONTENTS

---

Ensure all components are present before beginning installation:

- One (1) Blink Outdoor 4 camera
- Two (2) AA Energizer lithium metal batteries (non-rechargeable)
- One (1) mounting kit
- Quick Start Guide (refer to in-app instructions for detailed setup)

## SETUP AND INSTALLATION

---

The Blink Outdoor 4 camera is designed for simple, wire-free installation. A Blink Sync Module (sold separately) is required for operation and to enable features like cloud storage and local storage.

### Initial Setup (Requires Blink Sync Module)

1. Download the **Blink Home Monitor** app from your device's app store.
2. Create a new account or log in to an existing one.
3. Follow the in-app instructions to add your Sync Module to your system. Ensure the Sync Module is connected to your 2.4 GHz Wi-Fi network.
4. Once the Sync Module is set up, select "Add Device" in the top right corner of the app to add your Outdoor 4 camera.
5. Insert the two AA lithium metal batteries into the camera.
6. Follow the remaining in-app instructions to complete the camera setup and link it to your Sync Module.

## Mounting the Camera

The camera can be installed wire-free using the included mounting kit. Choose a location that provides the desired field of view and is within range of your Sync Module's Wi-Fi signal.

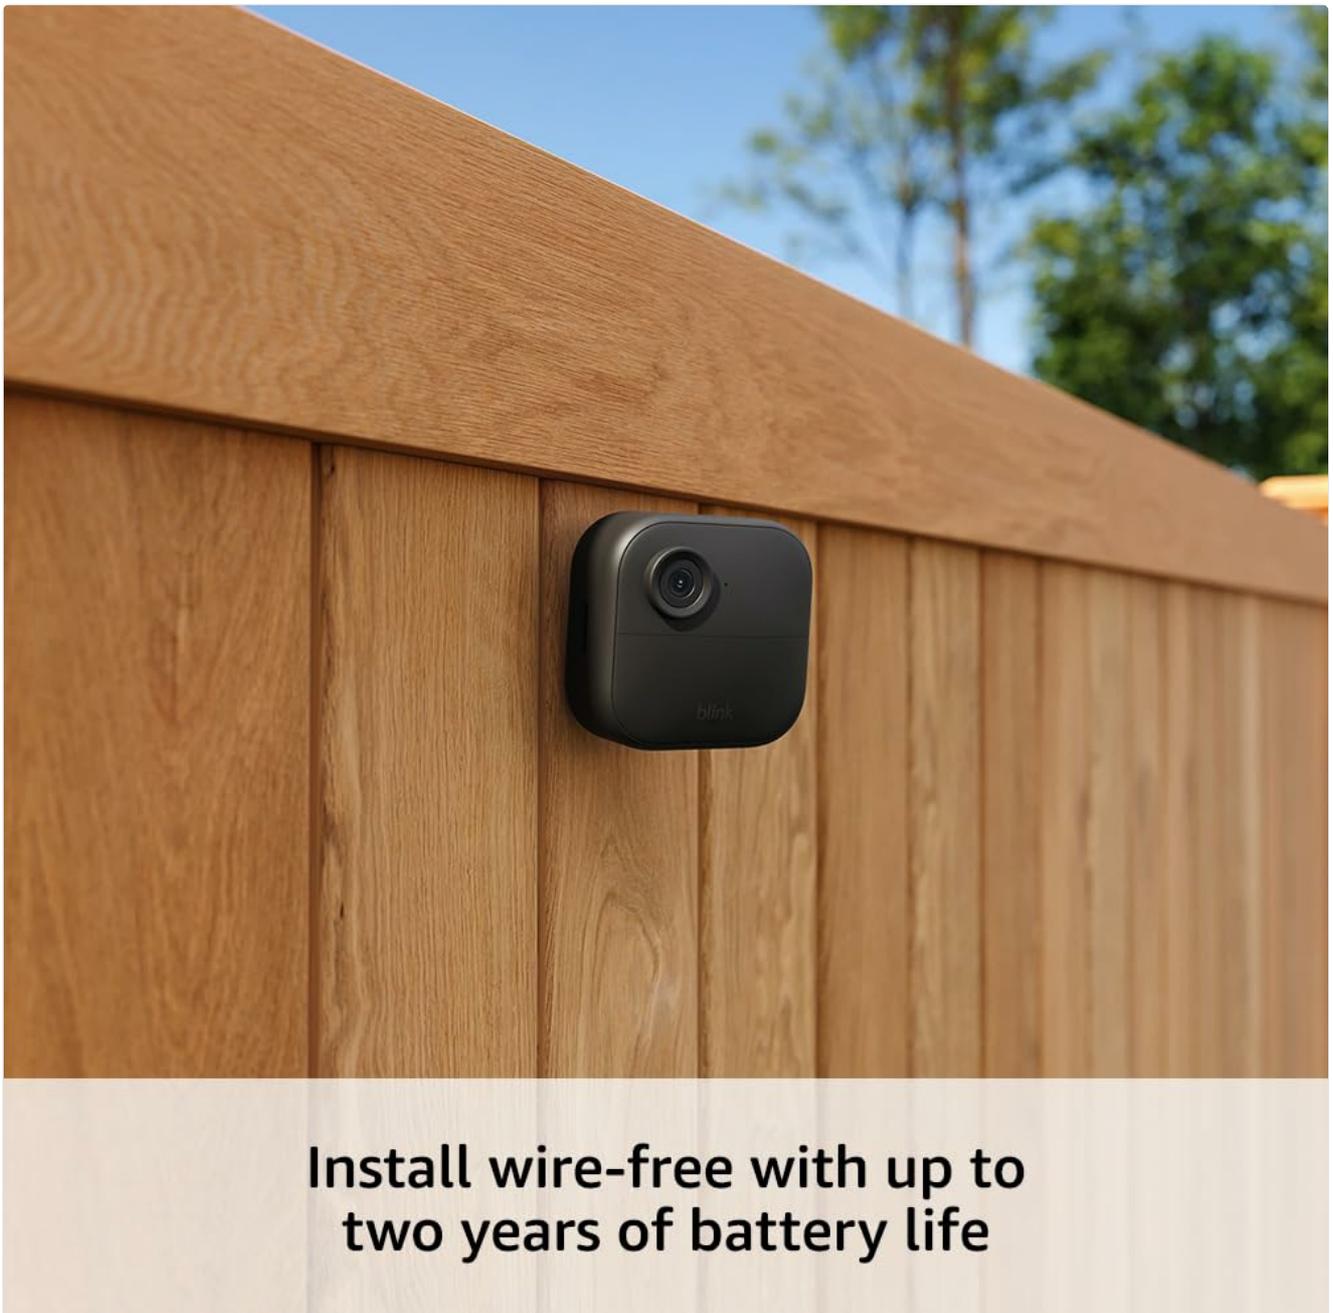

Image: A Blink Outdoor 4 camera securely mounted on a wooden fence, demonstrating its wire-free installation capability.

- Attach the mounting bracket to your desired surface using the provided screws.
- Snap the camera onto the mounting bracket.

- Adjust the camera angle to optimize your view. The camera offers a 143° diagonal field of view.

## OPERATING THE BLINK OUTDOOR 4

---

### Live View and Two-Way Talk

Access 1080p HD live view and engage in two-way audio directly from the Blink Home Monitor app. This allows you to see, hear, and speak to visitors or monitor your property in real-time.

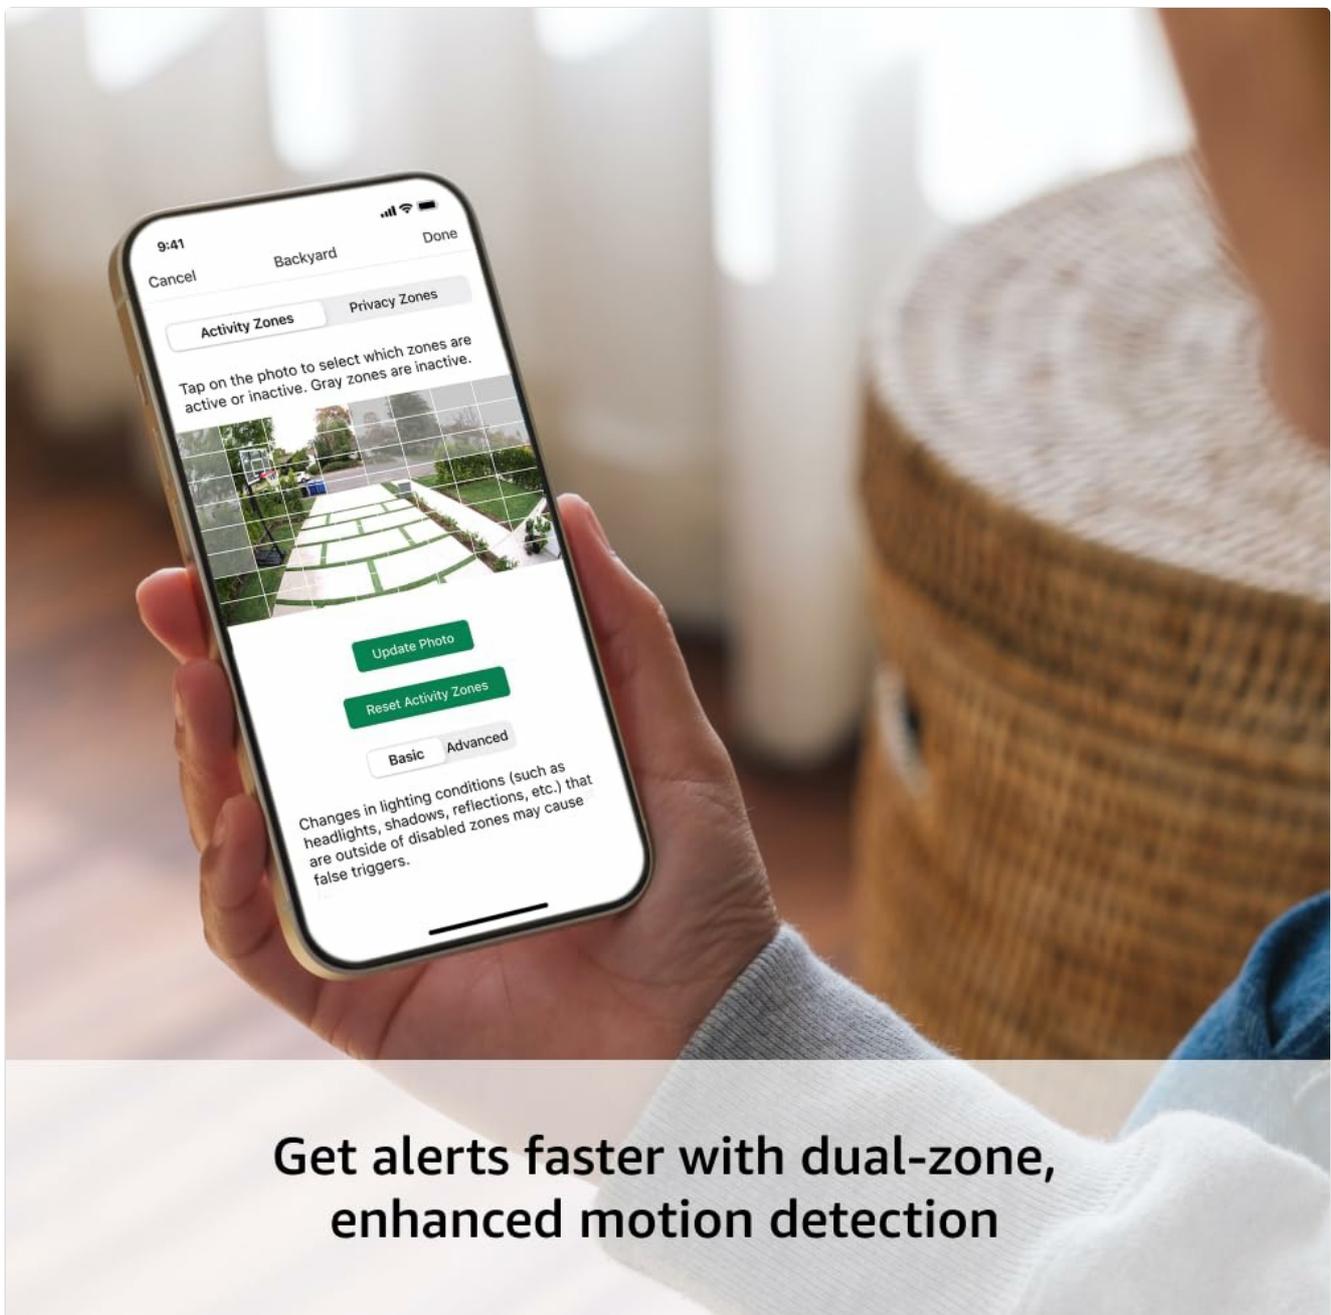

**See and speak to people and pets  
from your smartphone**

Image: A smartphone screen showing a live feed from a Blink camera, capturing a dog relaxing in a backyard, illustrating the live view and two-way talk feature.

### Motion Detection and Activity Zones

The camera features enhanced dual-zone motion detection, allowing you to receive faster alerts on your smartphone. You can customize activity zones within the app to focus on specific areas and reduce unwanted notifications.

## Get alerts faster with dual-zone, enhanced motion detection

Image: The Blink app displaying options to define activity zones for motion detection, allowing users to customize monitoring areas.

### **Person Detection (Optional Subscription)**

With an optional Blink Subscription Plan (sold separately), the camera can utilize embedded computer vision (CV) to detect people, sending alerts specifically when a person is identified in the camera's view.

### **Video Storage and Sharing**

Securely store your footage in the cloud with a free 30-day trial of a Blink Subscription Plan. Videos are stored for up to 60 days with a subscription. Local storage is also available with a Sync Module XR and a MicroSD card (up to 256 GB, each sold separately).

### **Alexa Integration**

Connect your Blink Outdoor 4 camera to an Alexa-enabled device for voice control. You can engage live view, arm and disarm your system, and more using voice commands.

**"Alexa, show me the yard."**

## MAINTENANCE

---

### Battery Life

The Blink Outdoor 4 camera is powered by two AA 1.5V lithium metal batteries (non-rechargeable) and offers up to two years of battery life under default settings. Actual battery life may vary based on device settings, usage frequency, and environmental factors (e.g., extreme temperatures, high motion activity).

### Cleaning

Periodically inspect the camera lens and housing for dirt, dust, or debris. Gently wipe with a soft, dry cloth. Avoid

using abrasive cleaners or solvents.

## TROUBLESHOOTING

---

If you encounter issues with your Blink Outdoor 4 camera, consider the following common solutions:

- **No Live View/Offline Camera:** Check your Wi-Fi connection and ensure the Sync Module is online. Verify the camera's battery level in the app.
- **Poor Video Quality:** Ensure a strong Wi-Fi signal to the camera. Adjust camera placement to avoid direct sunlight or strong backlighting.
- **Motion Detection Issues:** Review and adjust activity zones in the app. Check motion sensitivity settings. Ensure there are no obstructions blocking the sensor.
- **Battery Draining Quickly:** Reduce motion clip length, decrease sensitivity, or adjust activity zones to minimize unnecessary recordings.

For more detailed troubleshooting steps, refer to the [Blink Support page](#).

## SPECIFICATIONS

---

| Feature                         | Detail   |
|---------------------------------|--|
| Field of View                   | 143° diagonal  |
| Camera Resolution               | 1080p HD video   |
| Photo Resolution                | 640 x 360  |
