2. SAFETY INFORMATION

Adhering to these safety guidelines will help prevent injury and damage to the product.

- Read all instructions carefully before assembly.
- Keep all small parts and packaging materials away from children and pets.
- Assemble the table on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand or sit on the table.
- Do not exceed the maximum weight recommendation of 350 pounds (158 kg).
- Use caution when moving the assembled table to avoid injury or damage.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

3. SETUP & ASSEMBLY

3.1. Package Contents

Verify that all components are present before beginning assembly. The package should include:

- Tabletop Panels (4 sections)
- Metal Frame Components (Legs, support bars)
- Assembly Hardware (Screws, bolts, washers)
- Installation Tool (Hex key/screwdriver)
- Assembly Guide

3.2. Assembly Instructions

Follow the step-by-step instructions provided in the included Assembly Guide. The following general steps apply:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Each piece is labeled for easy identification.
2. **Assemble the Metal Frame:** Connect the metal frame components according to the diagrams in the assembly guide. Some connections may require firm pressure or the use of a rubber mallet to gently tap them into place. Ensure all parts are aligned correctly before tightening screws.
3. **Attach Tabletop Panels:** The tabletop consists of four separate panels. Carefully align and attach these panels to the assembled metal frame. Ensure the panels are flush and evenly spaced.
4. **Secure All Fasteners:** Once all components are in place, securely tighten all screws and bolts using the provided installation tool. Do not overtighten.
5. **Adjust Leveling Feet:** The table is equipped with adjustable leg pads. Adjust these feet as needed to ensure the table is stable and level on uneven surfaces.

4. OPERATING & USAGE

The Tribesigns 6FT Conference Table is designed for various applications in office and home environments.

- **Conference Table:** Comfortably seats up to six individuals for meetings, discussions, and collaborative work.
- **Executive Desk:** Provides a spacious work surface for a laptop, multiple monitors, and office accessories.
- **Multi-purpose Table:** Suitable for training areas, breakrooms, or as a large dining table in a home setting.
- **Weight Capacity:** The table has a maximum weight recommendation of 350 pounds (158 kg). Distribute weight evenly across the surface.

5. CARE AND MAINTENANCE

Proper care will help maintain the appearance and extend the lifespan of your table.

- **Cleaning:** Wipe the table surface with a damp cloth for general cleaning. For spills, wipe immediately with a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Protection:** While the tabletop is designed to be anti-scratch and water-resistant, using coasters and placemats is recommended to protect against heat, moisture, and scratches.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Re-tighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading or damage to the finish.

6. TROUBLESHOOTING

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Table is wobbly or uneven.	Uneven floor surface; loose fasteners; adjustable feet not properly set.	Adjust the leveling feet at the bottom of the legs until the table is stable. Ensure all assembly screws are tightened.
Parts do not fit together during assembly.	Incorrect orientation of parts; manufacturing tolerance variations.	Review the assembly guide to ensure parts are oriented correctly. For tight-fitting metal frame components, a rubber mallet may be used to gently tap them into place. Do not force parts if they are severely misaligned.
Tabletop panels have gaps or are not flush.	Panels not aligned correctly; frame not square.	Loosen the screws slightly, adjust the panels for better alignment, then re-tighten. Ensure the underlying metal frame is square and fully assembled before attaching panels.
Missing or damaged parts.	Packaging error; shipping damage.	Do not proceed with assembly. Contact Tribesigns customer support immediately for replacement parts.
