Zinus Figari Platform Bed Frame

ZINUS Figari Bamboo and Metal Platform Bed Frame Instruction Manual

Model: Figari Platform Bed Frame (Queen Size)

1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Proper Assembly:** Ensure proper assembly following the instructions provided to prevent instability or collapse. It is recommended for two people to assemble the bed frame.
- **Weight Capacity:** The Queen size bed frame has a maximum weight capacity of 700 lbs. Exceeding this weight limit could lead to structural failure and injury.
- **Pinch Points:** Be cautious of potential pinch points during assembly, especially when attaching the slats to the frame.
- **Level Surface:** Always use a stable and level surface to place the bed frame to prevent tipping.
- **Regular Inspection:** Inspect the bed frame regularly for any signs of wear, damage, or loose components and address them promptly to ensure continued safe use.

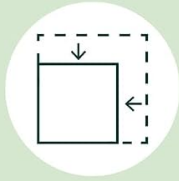

2. SETUP AND ASSEMBLY

The ZINUS Figari Platform Bed Frame is designed for easy assembly, typically completed in under an hour with two people. All necessary parts, tools, and instructions are included in a single shipping box.

2.1 Unboxing and Preparation

- Carefully open the single shipping box.
- Remove all components and the instruction manual. Verify that all parts are present according to the parts list provided in the manual.
- Clear an adequate space for assembly.

Ensure all bolts are securely tightened. Periodically check and re-tighten bolts to maintain stability.

3. OPERATING INSTRUCTIONS

The ZINUS Figari Platform Bed Frame is designed to provide sturdy support for your mattress without the need for a box spring.

3.1 Mattress Placement

- Place your mattress directly onto the metal slat platform. The slats are designed to support various mattress types.
- The frame is engineered for noise-free use, minimizing creaks and squeaks.

3.2 Under-Bed Storage

The 12-inch platform design provides approximately 10.4 inches of clearance space beneath the bed, allowing for convenient storage of items.

4. MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the bamboo headboard and metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten as necessary.
- **Environmental Conditions:** Avoid exposing the bed frame to excessive moisture or direct sunlight for prolonged periods, which can affect the bamboo finish.

5. TROUBLESHOOTING

If you encounter any issues with your ZINUS Figari Platform Bed Frame, refer to the following common solutions:

- **Squeaking Noises:** If the frame develops squeaking noises, re-check all assembly bolts and ensure they

are securely tightened. Loose connections are the most common cause of noise.

- **Instability/Wobbling:** If the bed frame feels unstable, verify that it is placed on a level surface. Re-check all connections and ensure the frame was assembled correctly according to the instructions.
- **Mattress Sliding:** If your mattress tends to slide on the slats, consider using a non-slip mattress pad between the mattress and the slats.

For persistent issues not resolved by these steps, please contact Zinus customer support.

6. SPECIFICATIONS

Detailed specifications for the ZINUS Figari Bamboo and Metal Platform Bed Frame (Queen Size).
