## OLIGHT O-LANTERNCLASSIC2-PRO-VC#US-FBA

# OLIGHT Olantern Classic 2 Pro User Manual

**Brand:** OLIGHT

**Model:** O-LANTERNCLASSIC2-PRO-VC#US-FBA

## Product Overview

The OLIGHT Olantern Classic 2 Pro is a rechargeable retro LED lantern designed for various lighting requirements, including camping, gardening, and home decor. It features both warm orange and white light sources with stepless dimming, allowing for adjustable brightness from 10 to 300 lumens. This lantern also serves as an emergency power bank with USB-C and USB-A output interfaces, supporting 18W reverse charging. Its durable all-metal housing and IPX5 water resistance make it suitable for outdoor adventures.

## Key Features

### Dual Light Sources and Stepless Dimming

The Olantern Classic 2 Pro offers both warm orange and white light options. The warm orange light provides a cozy ambiance, while the white light offers brighter illumination. Both light sources feature stepless dimming, allowing you to precisely adjust the brightness from 10 to 300 lumens by rotating the control knob.

Figure 2: Olantern Classic 2 Pro showcasing warm light and key specifications including 300 lumens max output and 180 hours max runtime.

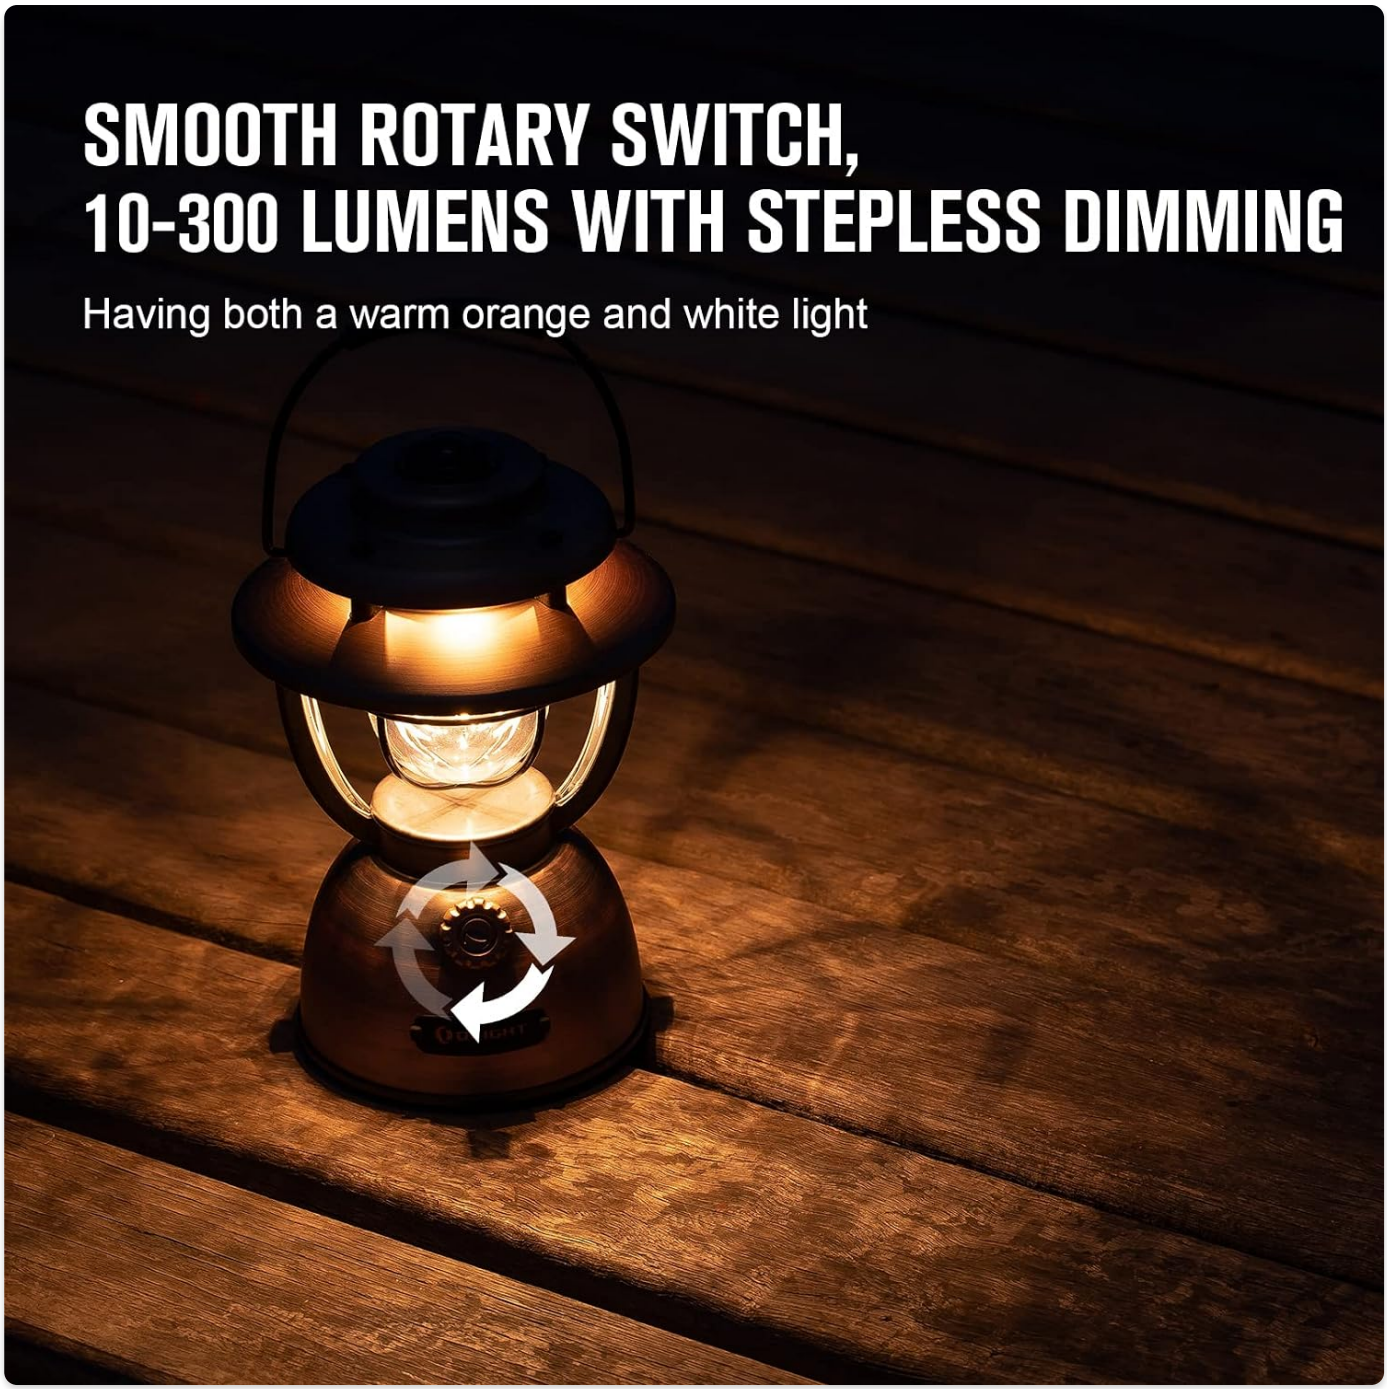

Figure 3: The lantern emitting white light, highlighting the smooth rotary switch for stepless dimming.

## Rechargeable and Emergency Power Bank

Equipped with a built-in 11200mAh battery pack, the lantern can be fully charged in approximately 4 hours via its USB-C port using a high-powered adapter. It offers an impressive runtime of up to 7.5 days (180 hours) on its lowest setting. Additionally, the Olantern Classic 2 Pro features two output interfaces (Type-C and USB-A) that support 18W reverse charging, making it an ideal emergency power bank for mobile phones, small fans, or other USB-powered devices.

## Durability and Water Resistance

The Olantern Classic 2 Pro boasts an all-metal housing designed to withstand daily impacts. Its IPX5 water-resistant rating ensures protection against water splashes and light rain, making it a reliable companion for various outdoor activities.

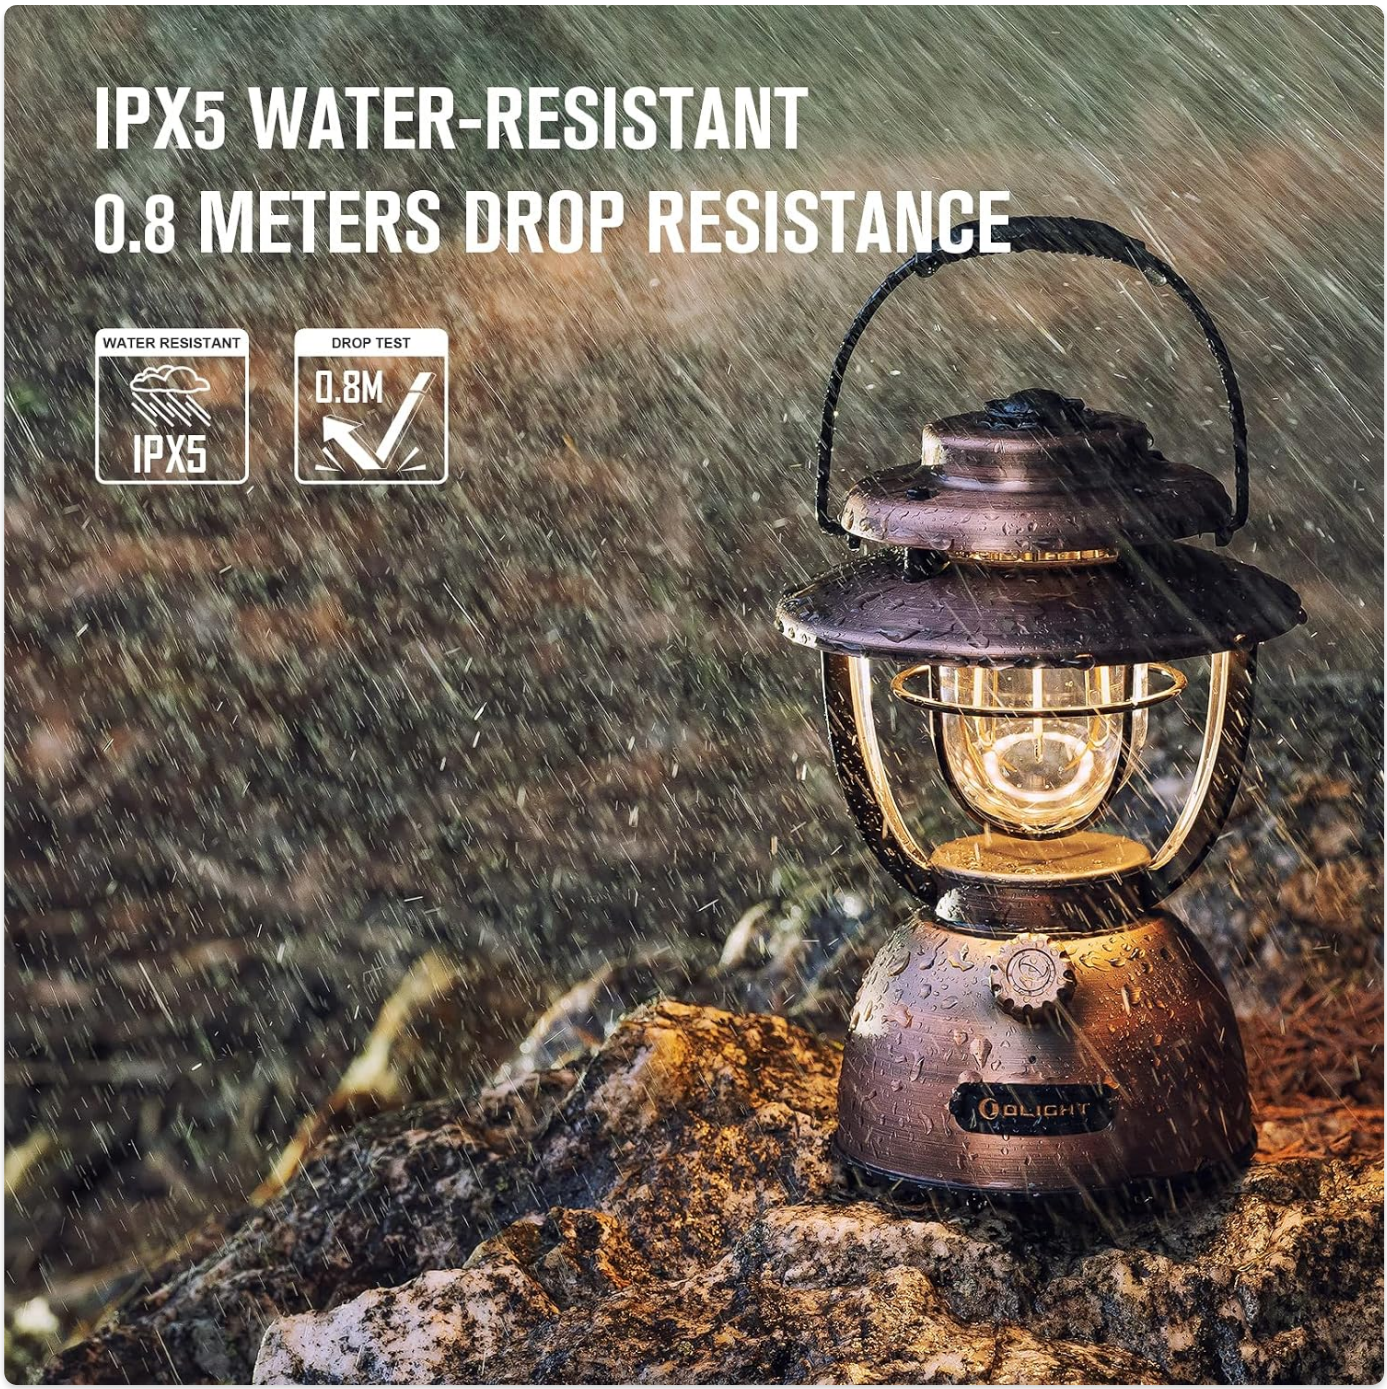

Figure 6: The lantern shown in a rainy environment, highlighting its IPX5 water resistance and 0.8-meter drop resistance.

## Setup

### Initial Charge

Before first use, fully charge your Olantern Classic 2 Pro. Connect the included USB-C charging cable to the lantern's USB-C port and to a compatible USB power adapter (not included). The power indicator LED will show charging status. Alternatively, you can use an Olight magnetic charging cable (MCC) by attaching it to the magnetic base of the lantern.

## Operating Instructions

## Turning On/Off and Adjusting Brightness

To turn the lantern on, rotate the control knob clockwise. Continue rotating clockwise to increase brightness. To decrease brightness and turn the lantern off, rotate the control knob counter-clockwise until the light extinguishes.

## Switching Light Modes

The Olantern Classic 2 Pro features two distinct light modes: warm orange light and white light. As you rotate the control knob, the lantern will transition between these modes. The warm orange light is typically activated at lower brightness settings, while the white light becomes prominent at higher brightness levels.

## Power Level Indicator

A small LED indicator near the control knob provides real-time battery status:

- **Green Indicator:** 15% - 100% battery remaining.
- **Red Indicator:** 5% - 15% battery remaining.
- **Indicator Blinks Red:** 0% - 5% battery remaining (recharge immediately).

This video provides a visual demonstration of the Olantern Classic 2 Pro's features, including its dual light sources, stepless dimming, and power bank capabilities. It showcases the lantern in various usage scenarios.

## Maintenance

To ensure the longevity and optimal performance of your Olantern Classic 2 Pro, follow these maintenance guidelines:

- **Cleaning:** Wipe the lantern with a soft, damp cloth to remove dust and dirt. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the lantern in a cool, dry place when not in use. If storing for extended periods, ensure the battery is partially charged (around 50%) to preserve battery health.
- **Battery Care:** Avoid fully discharging the battery frequently. Recharge the lantern when the power indicator turns red to prolong battery lifespan.

## Troubleshooting

If you encounter issues with your Olantern Classic 2 Pro, consider the following common troubleshooting steps:

- **Lantern Not Turning On:** Check if the battery is charged. Connect the lantern to a power source and allow it to charge for a few minutes before attempting to turn it on again.
- **Light is Dim or Flickering:** This usually indicates a low battery. Recharge the lantern fully.
- **Charging Issues:** Ensure the USB-C cable is securely connected to both the lantern and the power adapter. Try a different cable or power adapter if necessary. For magnetic charging, ensure the magnetic base is clean and free of debris.
- **Power Bank Not Charging Devices:** Ensure the lantern has sufficient charge. Check the connection between the device and the lantern's USB-A or Type-C output port.

If problems persist after attempting these steps, please refer to the Warranty and Support section for further assistance.

## Specifications

| Attribute | Value |
|---|---|
| Product Dimensions | 4.88"L x 4.88"W x 7.32"H |
| Battery Description | Lithium-Ion |

| Attribute | Value |
|---|---|
| Brightness | 300 lumen (Max) |
| Item Weight | 26.69 Ounces (1.67 pounds) |
| Mounting Type | Tabletop Mount |
| Water Resistance Level | Water Resistant (IPX5) |
| Battery Life | 180 Hours (Max) |
| Number of Batteries | 4 Lithium Ion batteries required. (included) |
| Voltage | 3.6E+3 Volts |
| Manufacturer | OLIGHT |
| Material | Polycarbonate (PC), Metal |
