Unikito Industrial

Unikito 4-Tier Coffee Bar Cabinet with Outlet and LED Light

Model: Industrial

INTRODUCTION

Thank you for choosing the Unikito 4-Tier Coffee Bar Cabinet. This versatile furniture piece is designed to enhance your kitchen, dining room, or living area with ample storage, integrated power solutions, and dynamic LED lighting. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

SAFETY INFORMATION

WARNING:

- Assembly required. Use caution when handling sharp edges and small parts.
- Keep away from heat sources and open flames.
- Do not use for supporting heavy objects beyond the specified weight capacity.
- Keep out of reach of children and pets.
- Always use caution when handling and serving alcoholic beverages.
- Ensure all electrical connections are secure and follow local electrical codes.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. Refer to the included assembly instructions for a detailed parts list.

- Cabinet panels (Engineered Wood)
- Metal frame components
- Wine rack grid
- Glass holders
- Power outlet strip with USB ports
- LED light strip with remote control

- Adjustable feet (6x)
- Assembly hardware (screws, bolts, etc.)
- Assembly instruction manual

SETUP AND ASSEMBLY

The Unikito 4-Tier Coffee Bar Cabinet requires assembly. Please follow the detailed step-by-step instructions provided in the separate assembly manual included with your product. Ensure you have adequate space and the necessary tools before starting.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Match each component to the parts list in the assembly manual.
3. **Assemble Frame:** Begin by assembling the metal frame structure according to the diagrams.
4. **Attach Shelves:** Securely attach the engineered wood shelves to the frame.
5. **Install Wine Rack and Glass Holders:** Integrate the wine rack grid and the glass holders into their designated positions.
6. **Install Power Outlet:** Carefully place and secure the power outlet strip into the top panel.
7. **Attach LED Light Strip:** Adhere the LED light strip to the underside of the top shelf or as indicated in the manual.
8. **Attach Adjustable Feet:** Screw in the 6 adjustable feet to the bottom of the cabinet.
9. **Final Check:** Ensure all screws are tightened and the cabinet is stable.

Image: Detailed dimensions of the Unikito 4-Tier Coffee Bar Cabinet, showing its overall length of 47.24 inches, depth of 15.75 inches, and height of 35.83 inches. The image highlights the placement of the wine rack, glass holders, and the power cord length of 6.5 feet.

KEY FEATURES

- **4-Tier Storage:** Features 2 large lower shelves, 1 upper hutch, and an adjustable bottle shelf, providing extensive space for kitchen essentials, beverages, and decor. Overall size: 47.5" L x 15.8" D x 36" H.
- **Integrated Power Outlets:** Equipped with three 125V/12A AC outlets and two 5V/2A USB ports, allowing convenient power access for coffee makers, blenders, or charging devices. The power cable is 6.56 feet long.
- **RGB LED Lighting:** Includes a LED light band with RGB functionality, offering 20 static colors, 22 dynamic modes, and 5 flashing options. Brightness is adjustable in five steps, controlled via remote.
- **Wine Rack & Glass Holders:** A dedicated grid board for wine, beer, or other bottles, alongside integrated holders for hanging wine glasses, ensuring organized storage.
- **Sturdy Construction:** Made from high-quality MDF and a reinforced black metal frame, supporting a maximum weight capacity of 200 lbs. Six adjustable feet provide stability on uneven surfaces.
- **Versatile Design:** Can function as a coffee bar cabinet, wine rack table, kitchen baker's rack, liquor cabinet, buffet

table, or a wine/bar cart.

Image: A close-up of the Unikito Coffee Bar Cabinet's top surface, featuring the built-in charging socket with two AC outlets and two USB ports. A power plug and a USB cable are shown connected, demonstrating its functionality.

OPERATING INSTRUCTIONS

LED Lighting System

1. **Connect Power:** Ensure the LED light strip is properly connected to the power outlet on the cabinet and the cabinet is plugged into a wall socket.
2. **Use Remote Control:**
 - Press the "ON" button to turn on the lights.
 - Use the color buttons (R, G, B, W, etc.) to select a static color.
 - Press "MODE+" or "MODE-" to cycle through 22 dynamic lighting modes.
 - Use "SPEED+" or "SPEED-" to adjust the speed of dynamic modes.
 - Adjust brightness with the sun icon buttons.

- The remote also offers 5 flashing modes and timing functions (e.g., 1H, 2H, 4H, 8H).

Power Outlets and USB Ports

1. **Plug In:** Connect your small kitchen appliances (e.g., coffee maker, ice maker) or audio devices to the AC outlets.
2. **Charge Devices:** Use the USB ports to charge your smartphones, tablets, or other USB-powered devices.
3. **Power Cable:** The integrated power cable is 6.56 feet long, providing flexibility for placement near a wall outlet.

Image: The Unikito 4-Tier Coffee Bar Cabinet in Light Oak, fully assembled and decorated, showcasing its functionality as a beverage station with bottles, glasses, and a coffee machine. The LED lights are active, creating an inviting ambience.

MAINTENANCE

To ensure the longevity and appearance of your Unikito Coffee Bar Cabinet, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.

- **Spills:** Promptly clean up any spills, especially liquids, to prevent damage to the engineered wood.
- **Stability:** Periodically check all screws and connections to ensure they remain tight. Adjust the leveling feet as needed to maintain stability.
- **Electrical Components:** Ensure the power outlets and LED lights are kept dry. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

- **Lights Not Working:**
 - Check if the cabinet is plugged into a live wall outlet.
 - Ensure the LED light strip is securely connected to the power outlet on the cabinet.
 - Verify the remote control batteries are functional.
- **Cabinet Unstable:**
 - Ensure all assembly screws are tightened.
 - Adjust the 6 leveling feet at the bottom of the cabinet to compensate for uneven floors.
- **Power Outlets Not Functioning:**
 - Confirm the cabinet's main power cord is securely plugged into a working wall outlet.
 - Check if the appliance plugged into the outlet is functional.
