TAKARA TOMY Pokemon Moncolle Select Glaceon Action Figure User Manual

Model: Glaceon Givrali

INTRODUCTION

Welcome to your new TAKARA TOMY Pokemon Moncolle Select Glaceon action figure. This manual provides essential information for the proper handling, display, and care of your collectible figure. Please read these instructions carefully to ensure the longevity and enjoyment of your product.

PRODUCT OVERVIEW

The TAKARA TOMY Moncolle Select Glaceon figure is a detailed representation of the Ice-type Pokémon, Glaceon. It is part of the Monster Collection series, designed for display and light play. This figure captures Glaceon's distinctive features and colors.

This image shows the TAKARA TOMY Pokémon Moncolle Select Glaceon action figure from a front-side angle. Glaceon is depicted in its signature light blue and white colors, with its distinctive headpiece and tail.

SETUP

The Glaceon action figure comes pre-assembled and ready for display. No complex assembly is required.

1. Carefully remove the figure from its packaging, ensuring not to damage any delicate parts.
2. Place the figure on a stable, flat surface for display. Ensure the surface is level to prevent the figure from falling.

DISPLAY AND HANDLING

This figure is designed for display and gentle handling. To preserve its condition:

- Avoid dropping the figure, as this may cause breakage or damage to its painted surfaces.
- Do not expose the figure to extreme temperatures, such as direct sunlight or excessive heat, for prolonged periods. This can lead to discoloration, warping, or material degradation.
- Keep the figure away from small children if there are concerns about small parts that could pose a choking hazard.

This image displays the Glaceon figure from a slightly different side angle, highlighting its detailed sculpt and color application on the body and head.

MAINTENANCE AND CARE

To maintain the pristine appearance of your Glaceon figure:

- **Dusting:** Gently wipe the figure with a soft, dry, lint-free cloth to remove dust accumulation.
- **Cleaning:** For stubborn dirt, lightly dampen a cloth with plain water (avoid harsh chemicals, solvents, or abrasive cleaners) and gently clean the affected area. Ensure the figure is completely dry before returning it to display or storage.
- **Storage:** When not on display, store the figure in a cool, dry place away from direct light and excessive humidity.

TROUBLESHOOTING

As a static action figure, troubleshooting requirements are minimal. Most issues relate to physical damage from mishandling.

- **Loose Parts:** If any part becomes loose, it may be reattached using a small amount of model-safe adhesive, if appropriate. Exercise caution and follow adhesive manufacturer instructions.
- **Discoloration:** If discoloration occurs, it is often due to prolonged exposure to direct sunlight or contact with harsh chemicals. Prevention through proper display and cleaning is the best solution.
