SHA CERLIN Canopy Bed Frame Instruction Manual

Model: XH-9932BKQ

INTRODUCTION

Thank you for choosing the SHA CERLIN Queen Size Canopy Bed Frame. This manual provides essential information for the proper assembly, use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

- Do not exceed the maximum weight limit of **800 lbs**.
- Be cautious of sharp edges during assembly and use.
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Keep small parts away from children during assembly to prevent choking hazards.

SETUP AND ASSEMBLY

The SHA CERLIN Canopy Bed Frame is designed for easy assembly, typically taking about 30 minutes for an adult. No additional tools are required as all necessary components and tools are included.

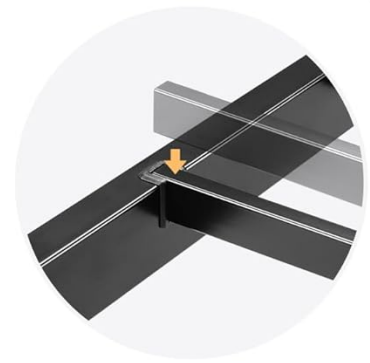

Package Contents

Verify that all components listed in your packaging insert are present before beginning assembly. The package includes the installation manual, headboard, bed frame, and slats. Mattress is not included.

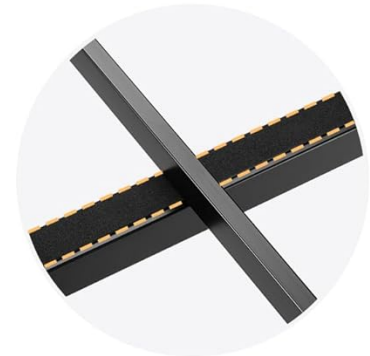

Assembly Steps

Follow the easy-to-follow instructions provided in the included installation manual. Each component is clearly

labeled to simplify the process.

The sturdy metal slats support your mattress directly, eliminating the need for a box spring. The slats are evenly spaced 5.4 inches apart to provide optimal support for various mattress types, including latex, memory foam, or spring mattresses.

PRODUCT FEATURES AND USAGE

Customization

The top canopy rails and posts offer extensive customization options. You can hang bed curtains, light strips, or other decorations to create a personalized and dreamy room environment.

Dreamy Room

Bed curtains, light strips or other decorations can be hung on four-poster to create a dreamy room.

Mattress Compatibility

This bed frame is designed for Queen size mattresses. For optimal comfort and aesthetics, it is recommended to use a mattress with a height between 10-14 inches if using only a mattress, or a total height of 10-14 inches if combining a mattress with an optional box spring.

RECOMMEND HEIGHT OF MATTRESS

①
...

Only Mattress :
match with 10-14" height mattress

②

Storage Space

The 14-inch platform design provides over 12.4 inches of clearance space beneath the bed. This ample space is ideal for storing various items, making it perfect for optimizing space in smaller rooms.

Space Creator

12.4" clearance creates extra storage space for you to store any sundries.

MAINTENANCE

- To clean the bed frame, simply **wipe with a dry cloth**. Avoid harsh chemicals or abrasive cleaners.
- The frame is designed to be **squeak resistant** due to its reinforced leg and frame structure and high-quality EVA sponge to reduce friction. If any squeaking occurs, re-tighten all assembly bolts.
- The lacquered finish is designed to be **stain resistant**, making it easy to maintain its appearance.
- Periodically check all connections and fasteners to ensure they remain tight and secure.

TROUBLESHOOTING

- **Mattress Sliding:** Some users have reported that the mattress may slide on the metal slats as there is no raised edge to hold it in place. To prevent this, consider placing a non-slip rug pad or anti-slip mattress gaskets between the mattress and the slats.
- **Noise:** While designed to be noise-free, if you experience any creaking or squeaking, ensure all bolts and screws are fully tightened. Over time, connections may loosen slightly.
- **Assembly Difficulty:** If you encounter difficulty during assembly, double-check the instructions and component labels. Ensure you have sufficient space and consider having a second person assist.
