CASEIER M24

CASEIER M24 Building Blocks Sniper Rifle Instruction Manual

Model: M24

Brand: CASEIER

INTRODUCTION

This manual provides comprehensive instructions for assembling, operating, and maintaining your CASEIER M24 Building Blocks Sniper Rifle. Designed as a 1:1 scale replica, this model offers an engaging building experience and a realistic representation of the M24 sniper rifle. Please read all instructions carefully before beginning assembly.

WHAT'S IN THE BOX

Verify that all components are present before starting assembly. Your package should contain:

- Instruction Manual
- Building Block Parts Package (pre-sorted into sections)
- Storage Box

ASSEMBLY INSTRUCTIONS

The assembly process is divided into sections for ease of construction. Follow the step-by-step color manual provided in your package.

1. **Preparation:** Unpack all parts. The building blocks are pre-sorted into several small bags within larger sections. Organize these bags according to the manual's instructions.
2. **Follow the Manual:** Refer to the detailed, step-by-step color instruction manual. Each step is clearly explained with visual aids.
3. **Precision Assembly:** Ensure each block connection is smooth and compact. The design features tight tolerance control for a satisfying build feel and stable final model.
4. **Component Integration:** Pay close attention to the assembly of key components such as the adjustable scope, barrel, bolt, stock, trigger, magazine, and stabilizing bipod.

OPERATING INSTRUCTIONS

Once assembled, the CASEIER M24 Building Blocks Sniper Rifle features realistic firing action. Follow these steps for operation:

1. **Load Bullets:** Press down the slider on the magazine and load up to three included bullet pieces into the magazine.
2. **Insert Magazine:** Insert the loaded magazine into the gun and ensure it is securely latched.
3. **Chamber a Round:** Lift the bolt handle, pull it back to chamber a round, then push it down to lock it in place.
4. **Fire:** Pull the trigger to fire the bullet.

MAINTENANCE

To ensure the longevity and optimal performance of your CASEIER M24 Building Blocks Sniper Rifle, follow these maintenance guidelines:

- **Cleaning:** Wipe the model with a soft, dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model or individual blocks in the provided storage box or a clean, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the model with care to prevent accidental disassembly or damage to delicate parts.

TROUBLESHOOTING

If you encounter any issues during assembly or operation, refer to the following common solutions:

Problem	Solution
Missing Parts	<p>If you find any missing parts, follow these steps:</p> <ol style="list-style-type: none"> Mark the missing parts and quantities directly in your instruction manual. Take a clear photo showing the marked details. Contact the FanyiUS Team (CASEIER's official support) with your description and images for fast replacement service.
Blocks Not Fitting Smoothly	<p>Ensure you are using the correct blocks for the step. Apply gentle, even pressure. If a block is consistently difficult to fit, check for any manufacturing imperfections or try a different piece if available.</p>

Problem	Solution
Firing Mechanism Not Working	Verify that the magazine is fully inserted and latched. Ensure the bolt handle is correctly operated to chamber a round before pulling the trigger. Check for any obstructions in the firing path.

SPECIFICATIONS

Feature	Detail
Model Number	M24
