Vida Designs Riano Chest 3

Vida Designs Riano Grande 3-Drawer Bedside Chest - Instruction Manual

Model: Riano Chest 3 | Brand: Vida Designs

INTRODUCTION

Thank you for choosing the Vida Designs Riano Grande 3-Drawer Bedside Chest. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

To ensure safe use of this product, please observe the following:

- Always assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all fittings are securely tightened before use. Periodically check and re-tighten fittings as necessary.
- Do not stand on the unit or allow children to climb on it.
- For stability and safety, it is recommended to secure the chest to a wall using appropriate anti-tip hardware (not explicitly mentioned as included, but good general advice for chests of drawers).
- Keep small parts and packaging materials away from children to prevent choking hazards.

PACKAGE CONTENTS

Before assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

- All necessary panels for the chest structure.
- Three drawer units with metal glides and handles.
- All required hardware (screws, dowels, cam locks, etc.).
- Step-by-step assembly guide.

SETUP (ASSEMBLY INSTRUCTIONS)

The Riano Grande 3-Drawer Bedside Chest is designed for straightforward home assembly. Please follow the detailed step-by-step guide included in your package for the best results.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to avoid damage.
2. **Identify Parts:** Refer to the parts list in your assembly guide to identify each component.
3. **Assemble Frame:** Follow the instructions to connect the side panels, top, and base of the chest. Ensure all connections are secure.
4. **Assemble Drawers:** Construct each of the three drawers, attaching the metal glides and handles as directed. The unique anti-sag drawer support should be installed according to the guide.
5. **Insert Drawers:** Carefully slide the assembled drawers into their respective runners within the chest frame.
6. **Final Check:** Once assembled, ensure the chest is stable and all drawers open and close smoothly.

OPERATING (USAGE)

The Vida Designs Riano Grande 3-Drawer Bedside Chest is designed for convenient storage in your bedroom. Its three drawers provide ample space for organizing personal items, clothing, or bedside essentials.

- **Drawer Use:** Gently pull the metal handles to open the drawers. Push firmly to close them completely. Avoid forcing drawers open or shut.
- **Weight Distribution:** Distribute weight evenly within the drawers. Avoid placing excessively heavy items in a single drawer to prevent strain on the glides and structure.
- **Top Surface:** The spacious top surface can hold items such as a lamp, books, or decorative pieces. Ensure items placed on top do not exceed the unit's stability limits.

MAINTENANCE

To keep your bedside chest in excellent condition, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the melamine finish.
- **Spills:** Clean up spills immediately to prevent moisture damage or staining.
- **Fittings:** Periodically check all screws and fittings to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.

TROUBLESHOOTING

If you encounter any issues with your Riano Grande Bedside Chest, refer to the following common solutions:

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned glides, loose screws, obstruction.	Check that glides are correctly installed and aligned. Ensure all screws on the glides are tight. Remove any obstructions.
Chest feels wobbly or unstable.	Loose assembly fittings.	Check and tighten all assembly screws and cam locks. Ensure the chest is on a level surface. Consider securing to a wall.
Drawer does not close completely.	Overloaded drawer, obstruction, misaligned glides.	Reduce contents of the drawer. Check for items blocking the drawer's path. Verify glide alignment.
