## SAFETY INFORMATION

---

No specific safety warnings apply to this product beyond general toy safety. This product is not suitable for children under 3 years due to small parts which may present a choking hazard. Adult supervision is recommended for younger users (12+).

## PACKAGE CONTENTS

---

Your BePuzzled Original 3D Crystal Puzzle Panther Standard package should contain the following:

- 39 transparent, interlocking puzzle pieces
- 1 instruction sheet (may be a general guide, detailed solutions are often online)

Please verify all pieces are present before beginning assembly. If any pieces are missing or damaged, please contact BePuzzled customer support.

## ASSEMBLY INSTRUCTIONS

---

Assembling your 3D Crystal Puzzle requires patience and attention to detail. The goal is to interlock the pieces in the correct sequence to form the complete panther figure. While a general guide may be included, detailed, model-specific step-by-step solutions are often available on the official BePuzzled website for more complex puzzles.

1. **Sort Pieces:** Carefully remove all pieces from the packaging. It can be helpful to sort them by shape or size, though for transparent puzzles, this may be challenging.
2. **Identify Key Pieces:** Look for pieces that form the core or base of the panther. Some puzzles may have a central "key" piece that helps hold the structure together.
3. **Begin Assembly:** Start by connecting pieces that clearly fit together. Often, the base or a central section is a good starting point.
4. **Work Systematically:** Build the puzzle layer by layer or section by section. Pay close attention to the orientation of each piece.
5. **Consult Online Resources:** If you encounter difficulty, BePuzzled provides step-by-step solutions online. Visit the official BePuzzled website and search for "Panther Standard 3D Crystal Puzzle instructions" or "Model 31110 assembly guide."
6. **Secure Final Pieces:** Once all pieces are in place, ensure they are firmly interlocked. Some models may include a final "locking" piece to secure the structure.

## DISPLAY AND CARE (MAINTENANCE)

---

Once assembled, your 3D Crystal Puzzle is a decorative item. To maintain its appearance:

- **Placement:** Display your puzzle on a stable, flat surface where it is unlikely to be knocked over.
- **Cleaning:** Dust gently with a soft, dry cloth. Avoid abrasive cleaners or excessive moisture, which could dull the crystal-like finish.
- **Handling:** Handle the assembled puzzle with care to prevent pieces from separating or breaking.

## TROUBLESHOOTING

---

**Problem:** Difficulty assembling the puzzle or missing detailed instructions.

**Solution:** While a basic instruction sheet is usually included, many BePuzzled 3D Crystal Puzzles benefit from more detailed, visual assembly guides. These are typically available on the official BePuzzled website. Search for your specific model (Panther Standard, Model 31110) on their support or product pages for step-by-step solutions.
