

YITAHOME MAYIH0000435MA

YITAHOME 150 Gallon Outdoor Storage Deck Box

Model: MAYIH0000435MA

Brand: YITAHOME

1. PRODUCT OVERVIEW AND FEATURES

The YITAHOME 150 Gallon Outdoor Storage Deck Box is designed for organizing outdoor spaces. Constructed from durable, waterproof, and sunproof resin, it features a wood grain imitation texture. This extra-large capacity box is suitable for storing patio furniture cushions, gardening tools, sports equipment, and pool supplies. Its sturdy design allows it to double as an extra seating option.

- **Upgraded Structure:** Includes a built-in divider for organized storage, which can be removed for larger items.
- **Immense Storage Capacity:** Features a generous 150-gallon capacity with dimensions of 61"L x 28.4"W x 25.4"H.
- **Durable Material:** Made from upgraded smooth PP resin that is waterproof, sunproof, and easy to maintain.
- **Hydraulic Rods:** Equipped with two strong support hydraulic rods for comfortable and safe opening and closing of the lid.
- **Lockable Design:** Features a lockable mechanism for added security (lock not included).
- **Multi-Faceted Application:** Can be used for storage or as a bench, supporting up to 660 lbs.

2. SAFETY INFORMATION

- Always ensure the lid is fully closed and latched to protect contents from weather and prevent accidental opening.
- Do not allow children to play inside the box to prevent entrapment.
- When moving the deck box, ensure it is empty to prevent injury due to its weight and to avoid damage to the product.
- Avoid placing excessive weight on the lid beyond the recommended capacity (up to 660 lbs) to prevent structural damage.
- Keep hands clear of hinges and closing lid to prevent pinching.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged.

- Side Panels (4 pieces)
- Front/Back Panels (2 pieces)
- Bottom Panel (1 piece)
- Lid (1 piece)
- Metal Reinforcement Channels (2 pieces)
- Hydraulic Gas Struts (2 pieces)
- Plastic Hinge Brackets (2 pieces)
- Metal Locking Bracket (1 piece)
- Hardware Bag (screws, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly requires at least two people due to the size and weight of the components. A rubber hammer and screwdriver are needed. Follow the manual strictly to ensure proper assembly for waterproofing and durability.

1. **Prepare Panels:** Lay out all panels on a soft, clean surface to prevent scratches.
2. **Insert Metal Channels:** Slide the two metal reinforcement channels into the designated slots on the long side panels. Ensure the flat side of the channels faces upwards.
3. **Assemble Side Walls:** Snap one front/back panel into one side panel. Repeat for the other front/back and side panel. The panels are designed to snap together easily.
4. **Attach Bottom Panel:** Stand the partially assembled box upright. Align the bottom panel and snap it into place.

along the three connected sides. You may need to gently bend the side walls outwards to secure the bottom panel.

5. **Secure Corners:** In the top of each corner, there is a pre-drilled hole. Insert and screw in the provided screws to lock the main structure together.
6. **Attach Gas Struts to Lid:** Place the lid upside down. Attach the two hydraulic gas struts to the designated points on the lid using the provided screws (two screws per strut).
7. **Attach Plastic Hinge Brackets:** Pop the plastic hinge brackets onto the same side of the lid where the gas struts are attached.
8. **Attach Metal Locking Bracket:** Slide the metal locking bracket onto the front of the box, centered. Secure it with one screw through the pre-drilled hole in the back of the bracket.
9. **Mount Lid to Box:** Flip the lid over and align the brackets with the corresponding points on the box. Use the remaining screws to secure the gas struts and plastic hinge brackets to the box.

5. OPERATING INSTRUCTIONS

- **Opening the Lid:** Gently lift the lid. The hydraulic gas struts will assist in opening and holding the lid in an open position, preventing it from slamming shut.
- **Closing the Lid:** Gently pull the lid downwards. The hydraulic gas struts will provide a soft-close action. Ensure the lid is fully closed and latched.
- **Locking the Box:** To secure your items, align the metal locking bracket on the front of the box with the corresponding hole on the lid. Insert a padlock (not included) through the aligned holes.
- **Using the Divider:** The internal divider can be used to separate items for better organization. It can also be removed to create one large storage compartment.
- **Using as a Bench:** The sturdy lid is designed to support weight up to 660 lbs, allowing it to be used as a bench.

6. MAINTENANCE

- **Cleaning:** The smooth PP resin surface is easy to clean. Use a damp cloth and mild soap for general cleaning. Avoid abrasive cleaners that may damage the surface.
- **Weather Protection:** The box is designed to be waterproof and sunproof. Regularly check the lid and seams for any signs of wear or damage that could compromise its weather resistance.
- **Seasonal Care:** In extreme weather conditions, consider placing the box in a sheltered area to prolong its lifespan.

Video 5: A review discussing the long-term durability and weather resistance of the YITAHOME Deck Box.

7. TROUBLESHOOTING

- **Lid not closing properly:** Check for any obstructions around the hinges or inside the box. Ensure the hydraulic rods are correctly installed and not damaged.
- **Water inside the box:** Verify that all panels are securely snapped together and all screws are tightened. Refer to the assembly instructions to ensure proper sealing.
- **Difficulty moving the box:** Ensure the box is empty before attempting to move it. Use the integrated side handles and have two people assist.

8. SPECIFICATIONS

Feature	Detail
