ALLIMITY KT1440

Allimity KT1440 Replacement Remote Control User Manual

Model: KT1440

1. Introduction

This manual provides instructions for the Allimity KT1440 Replacement Remote Control. This infrared (IR) remote is designed to function as a direct replacement for various TV and DVD models from brands such as Haier, Panda, ATEC, Gelec, Soyea, CRT Parker, and Wentai. It requires no programming and operates by simply inserting batteries.

2. Package Contents

Verify that all items are present in your package:

- 1 x Allimity KT1440 Replacement Remote Control
- *(Batteries are not included)*

3. Setup

3.1 Battery Installation

1. Locate the battery compartment cover on the back of the remote control.
2. Press down on the tab and slide the cover downwards to open the compartment.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Slide the battery compartment cover back into place until it clicks securely.

Note: Always replace both batteries simultaneously with new ones. Do not mix old and new batteries, or different types of batteries.

4. Operating Instructions

4.1 Basic Operation

The Allimity KT1440 remote control is designed for immediate use without any programming. Once batteries are installed, point the remote directly at your compatible device (TV, DVD player, set-top box) and press the desired function button.

5. Maintenance

5.1 Cleaning

To clean the remote control, use a soft, dry cloth. For stubborn dirt, lightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals or abrasive materials, as these can damage the remote's surface or internal components.

5.2 Battery Care

If the remote control will not be used for an extended period, remove the batteries to prevent leakage, which can cause damage to the device.

6. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Remote is not responding.	Dead or incorrectly inserted batteries.	Replace batteries with new AAA batteries, ensuring correct polarity.
Remote has limited range or intermittent response.	Weak batteries; Obstruction between remote and device; Remote not pointed directly at device.	Replace batteries. Ensure a clear line of sight to the device's IR receiver. Point the remote directly at the device.
Certain buttons do not work.	Device incompatibility for specific functions; Button malfunction.	Verify your device is listed as compatible. If the issue persists, contact support.
