

Tayfun D-TR AC12000

Tayfun Daewoo D-TR AC12000 Inverter Air Conditioner Remote Control User Manual

Model: D-TR AC12000

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Tayfun Daewoo D-TR AC12000 Inverter Air Conditioner Remote Control. Please read this manual carefully before using the remote control to ensure proper function and longevity.

2. PRODUCT OVERVIEW

The Tayfun Daewoo D-TR AC12000 remote control is designed for seamless operation of compatible Daewoo inverter air conditioners. It features an intuitive button layout and an LCD screen for easy mode selection and temperature adjustment.

Figure 2.1: Front view of the remote control, highlighting the display and main control buttons.

Figure 2.2: Angled view of the remote control, showing the "Cool" and "Heat" buttons.

3. SETUP

3.1. Battery Installation

The remote control requires two AAA batteries (not included). Follow these steps to install the batteries:

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards in the direction of the "OPEN" arrow to remove it.

Figure 3.1: Back view of the remote control, showing the battery compartment.

3. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Slide the battery compartment cover back into place until it clicks securely.

Note: If the remote control is not used for an extended period, remove the batteries to prevent leakage and damage.

4. OPERATING INSTRUCTIONS

Point the remote control directly at the air conditioner's receiver when operating.

4.1. Power On/Off

Press the **Power button** (⏻) to turn the air conditioner on or off.

4.2. Mode Selection

The remote control supports the following modes:

- **Cool Mode (SOĞUT):** Press the **SOĞUT** button to activate cooling.
- **Heat Mode (ISIT):** Press the **ISIT** button to activate heating.

4.3. Temperature Adjustment

Use the **Up arrow** (^) and **Down arrow** () buttons to increase or decrease the desired temperature setting.

5. MAINTENANCE

5.1. Cleaning the Remote Control

Wipe the surface of the remote control with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as they may damage the surface or internal components.

5.2. Battery Replacement

Replace the batteries when the display becomes dim or the remote control no longer responds to commands. Refer to Section 3.1 for battery installation instructions.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote control not working.	Dead or incorrectly installed batteries.	Replace batteries, ensuring correct polarity.
Remote control range is short.	Weak batteries or obstruction between remote and AC unit.	Replace batteries. Ensure no obstacles block the signal path.
Air conditioner does not respond.	Remote control not compatible or AC unit is off.	Verify compatibility with your Daewoo AC model. Check if the AC unit is powered on.
