5. MAINTENANCE

To ensure the longevity and appearance of your ODK computer desk, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood surface.
- **Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Extreme Conditions:** Do not expose the desk to excessive moisture, direct sunlight for prolonged periods, or extreme temperature changes, as this may cause warping or discoloration.

6. TROUBLESHOOTING

If you encounter any issues with your ODK computer desk, refer to the following common troubleshooting tips:

6.1 Desk Wobbles or Instability

- **Check Level Surface:** Ensure the desk is placed on a completely flat and level floor.

- **Tighten Fasteners:** Re-check and tighten all assembly screws, especially those connecting the legs and crossbars. Loose fasteners are a common cause of wobbling.
- **Adjust Leveling Feet:** If your desk includes adjustable leveling feet, use them to compensate for uneven floors.

6.2 Difficulty During Assembly

- **Review Instructions:** Double-check the assembly manual to ensure each step is followed correctly.
- **Part Orientation:** Verify that all parts are oriented in the correct direction as shown in the diagrams. Some parts may appear similar but have subtle differences.
- **Pre-drilled Holes:** If screws are not fitting into pre-drilled holes, ensure you are using the correct screw type and that the holes are clear of debris.

6.3 Missing or Damaged Parts

If you find any parts missing or damaged upon unboxing, do not proceed with assembly. Contact ODK customer service immediately for assistance. Provide your purchase details and a description of the issue.
