

KAWOTI KAW21080

KAWOTI Set of 2 Farmhouse Table Lamps with USB Ports and Night Light

Model: KAW21080

INTRODUCTION

Thank you for choosing the KAWOTI Set of 2 Farmhouse Table Lamps. This manual provides essential information for the safe and efficient use of your new lamps. Please read these instructions carefully before setup and operation, and retain them for future reference.

A pair of KAWOTI farmhouse table lamps, featuring a bronze finish and beige linen shades, positioned on a wooden console table. Each lamp includes a night light within a caged design and USB charging ports on the base.

SETUP INSTRUCTIONS

1. Unpacking

- Carefully remove all components from the packaging.
- Ensure all parts are present: lamp base with frame, lampshade components, harp, finial, and included bulbs.

2. Lampshade Assembly

1. Unroll the fabric lampshade.
2. Attach the top and bottom metal rings to the lampshade fabric, ensuring they are securely fitted.
3. Place the assembled lampshade onto the harp.
4. Secure the lampshade by screwing the finial onto the top of the harp.

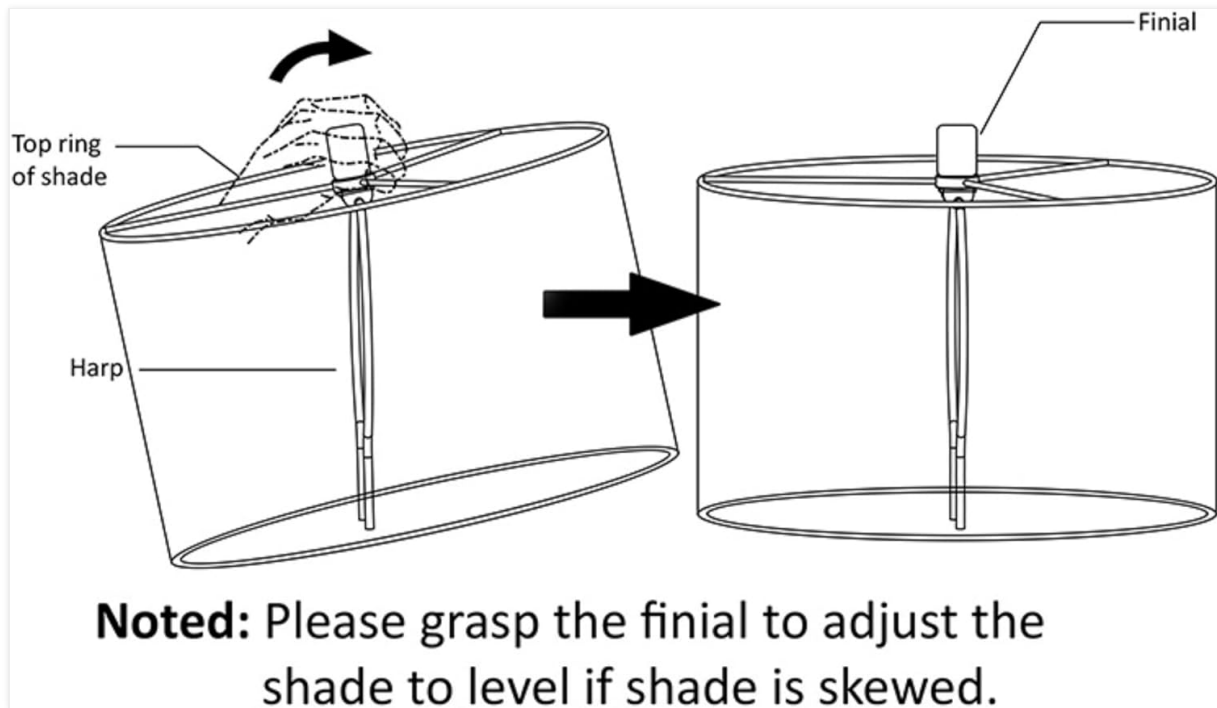

An exploded diagram showing the individual parts of the KAWOTI table lamp, including the base with USB ports, metal frame, bulb sockets, harp, shade rings, and finial, indicating the assembly process.

This diagram illustrates the steps for assembling the fabric lampshade, showing how the top ring, harp, and finial secure the shade in place. It also notes how to adjust the shade if it is skewed.

3. Bulb Installation

- Screw the A19 9.5W LED bulb into the upper E26 medium base socket.
- Screw the T45 2W LED bulb into the lower night light socket within the caged design.
- Ensure bulbs are securely tightened but do not overtighten.

A visual representation of the two KAWOTI table lamps, accompanied by the four included LED bulbs: two A19 9.5W bulbs for the main light and two T45 2W bulbs for the night light.

4. Placement

Place the lamp on a stable, flat surface in your desired location. These lamps are ideal for living rooms, bedrooms, or any indoor area requiring versatile lighting.

OPERATING INSTRUCTIONS

1. Power Connection

Plug the lamp's power cord into a standard 120V electrical wall outlet.

2. 3-Way Rotary Switch Functionality

The lamp features a convenient 3-way rotary switch located on the lamp base. Rotate the switch to cycle through the following lighting modes:

1. **First Turn:** Night Light On Only (lower caged bulb illuminates)
2. **Second Turn:** Main Light On Only (upper bulb illuminates, night light turns off)
3. **Third Turn:** Both Lights On (both upper and lower bulbs illuminate)
4. **Fourth Turn:** Both Lights Off

This image displays the four lighting options available via the rotary switch: main light only, night light only, both lights on, and both lights off. The diagram highlights the versatility of the lamp's illumination.

A detailed view of the rotary switch located on the lamp's base, which controls the various lighting modes (main, night light, both, off).

3. USB Charging Ports

Each lamp is equipped with dual USB ports (one Type-A and one Type-C) on the base. These ports provide 5V/2.1A output, allowing you to conveniently charge your mobile devices directly from the lamp.

A KAWOTI table lamp placed on a desk, demonstrating the convenience of its dual USB ports (Type-A and Type-C) for charging mobile devices directly from the lamp's base.

MAINTENANCE

1. Cleaning

- Always unplug the lamp before cleaning.
- Wipe the lamp base and shade with a soft, dry cloth. Do not use abrasive cleaners or solvents, as these may damage the finish.

2. Bulb Replacement

- Ensure the lamp is unplugged and the bulbs have cooled before attempting replacement.
- Replace the main light bulb with an E26 Medium base, A19 type, maximum 9.5W LED bulb.
- Replace the night light bulb with a T45 type, maximum 2W LED bulb.

TROUBLESHOOTING

- **Lamp does not turn on:** Ensure the power cord is securely plugged into a working outlet. Check if the bulbs are correctly installed and not loose or burnt out.

- **USB ports not charging:** Verify the lamp is plugged into a live outlet. Ensure your device's charging cable is properly connected to both the lamp's USB port and your device.
- **Flickering light:** Check if the bulbs are securely screwed into their sockets. If flickering persists, try replacing the bulb.

SPECIFICATIONS

Brand	KAWOTI
Model Name	KAW21080
Product Dimensions	12"D x 12"W x 21.5"H
Item Weight	5 Pounds (per lamp)
Material	Metal (Base), Linen (Shade)
Finish Type	Painted (Bronze)
Color	Bronze
Shade Color	Beige
Lamp Type	Table Lamp
Switch Type	Rotary
Special Features	3-Way Lighting, Dual USB Ports (Type-A & Type-C)
Light Source Type	LED
Bulb Base	E26 Medium
Included Bulbs	2x A19 9.5W LED (Main Light), 2x T45 2W LED (Night Light)
Power Source	Corded Electric
Voltage	120 Volts
Indoor/Outdoor Usage	Indoor
Assembly Required	Yes
