Globo 106190

Globo Ceiling Lamp Model 106190 Instruction Manual

Model: 106190 | Brand: Globo

1. Introduction

Thank you for choosing the Globo Ceiling Lamp, Model 106190. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling lamp. Please read these instructions carefully before installation and retain them for future reference.

Image 1.1: The Globo Ceiling Lamp Model 106190, a black metal fixture with six E14 lamp holders, shown installed in a bedroom setting.

2. Safety Instructions

Always follow basic safety precautions when installing or using electrical products to reduce the risk of fire, electric shock, and personal injury.

- **Disconnect Power:** Always turn off the main power supply at the circuit breaker or fuse box before beginning any installation, maintenance, or bulb replacement.
- **Qualified Electrician:** If you are unsure about the installation process, consult a qualified electrician.
- **Voltage Compatibility:** Ensure the lamp's voltage (230 Volts) is compatible with your electrical system.
- **Bulb Type:** Use only E14 base bulbs. The product specification lists a maximum wattage of 1 watt, which typically refers to LED equivalent wattage for modern fixtures. Consult bulb packaging for actual light output and compatibility.
- **Secure Mounting:** Ensure the lamp is securely mounted to a structurally sound ceiling surface.
- **Avoid Moisture:** Do not install this lamp in damp or wet locations.

- **Heat:** Allow bulbs to cool before touching or replacing them.

3. Package Contents

Carefully unpack the box and ensure all components are present and undamaged. If any parts are missing or damaged, do not attempt to assemble or install the lamp. Contact customer support.

- Ceiling Lamp Fixture (main body with 6 lamp holders)
- Mounting Hardware (screws, wall anchors, etc. - typically included)
- Instruction Manual (this document)
- *Note: E14 bulbs are typically sold separately unless specified.*

4. Setup and Installation

Follow these steps for safe and proper installation of your Globo Ceiling Lamp.

4.1 Tools Required (Not Included)

- Screwdriver (Phillips head)
- Drill with appropriate drill bit (for ceiling anchors)
- Wire strippers
- Electrical tape
- Voltage tester
- Ladder

4.2 Installation Steps

1. **Turn Off Power:** Locate the circuit breaker or fuse box for the room where you are installing the lamp and turn off the power. Verify the power is off using a voltage tester.
2. **Remove Old Fixture (if applicable):** Carefully remove any existing light fixture, disconnecting the wires.
3. **Prepare Mounting Bracket:** Attach the lamp's mounting bracket to the ceiling junction box using the provided screws. Ensure it is firmly secured. If no junction box is present, use appropriate ceiling anchors.
4. **Wire Connections:**
   - Connect the **live (L)** wire from the ceiling (usually brown or black) to the live wire of the lamp.
   - Connect the **neutral (N)** wire from the ceiling (usually blue) to the neutral wire of the lamp.
   - Connect the **earth (E)** wire from the ceiling (usually green/yellow) to the earth wire of the lamp.

   Secure all connections with wire nuts and electrical tape. Ensure no bare wires are exposed.
5. **Attach Lamp Fixture:** Carefully lift the lamp fixture and align it with the mounting bracket. Secure the fixture to the bracket using the provided screws.
6. **Install Bulbs:** Screw E14 base bulbs (not included) into each of the six lamp holders. Do not overtighten.
7. **Restore Power:** Turn the main power supply back on at the circuit breaker.
8. **Test Lamp:** Turn on the light switch to ensure the lamp is functioning correctly.

5. Operating Instructions

The Globo Ceiling Lamp is designed for simple operation.

- **Power On/Off:** Control the lamp using a standard wall switch connected to the fixture's electrical circuit.
- **Bulb Replacement:**
  a. Turn off the power to the lamp at the wall switch and the main circuit breaker.
  b. Allow the old bulb to cool completely.
  c. Carefully unscrew the old E14 bulb.
  d. Screw in a new E14 bulb (refer to specifications for wattage compatibility).
  e. Restore power and test.

6. Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling lamp.

- **Cleaning:**
  - Ensure the power is off and the lamp is cool before cleaning.
  - Wipe the metal surfaces with a soft, dry, or slightly damp cloth.
  - Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.

- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

7. Troubleshooting

If you encounter issues with your Globo Ceiling Lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not light up.	No power to the fixture. Loose wire connection. Faulty bulb. Faulty wall switch.	Check circuit breaker/fuse. Ensure all wire connections are secure (power off first). Replace bulb. Test wall switch or consult an electrician.
Lamp flickers.	Loose bulb. Incorrect bulb type. Loose wire connection.	Tighten bulb. Ensure E14 bulb is used. Check wire connections (power off first).
Buzzing sound.	Incompatible dimmer switch (if applicable). Loose wiring.	Ensure dimmer is compatible with LED bulbs (if using LED). Check wire connections (power off first).

If the problem persists after trying these solutions, contact a qualified electrician or customer support.

8. Specifications

Brand:	Globo
Model Number:	106190
Product Dimensions:	116 x 10 x 24.5 cm
Weight:	1.08 kg
Color:	Black
Material:	Metal
Number of Lights:	6
Voltage:	230 Volts
Bulb Base Type:	E14
Max Wattage per Bulb:	1 Watt (Note: This typically refers to LED equivalent wattage for modern fixtures. Consult bulb packaging for actual light output.)
Switch Installation Type:	Ceiling lamp (controlled by external wall switch)
Batteries Required:	No
First Available Date:	June 6, 2022

9. Warranty and Support

Globo products are manufactured to high-quality standards. For warranty information or technical support, please refer to the retailer where the product was purchased or visit the official Globo website. Keep your proof of purchase for warranty claims.
