Anda Seat Kaiser 3 XL (AD12YDC-XL-01-A-PVC)

Anda Seat Kaiser 3 XL Gaming Chair

Instruction Manual

Introduction

Thank you for choosing the Anda Seat Kaiser 3 XL Gaming Chair. This ergonomic gaming chair is designed for adults and professional gamers, offering superior comfort and support for extended use. Built with high-quality materials and advanced adjustability, the Kaiser 3 XL ensures an optimal seating experience.

Key features include a magnetic molded memory foam neck pillow, MagSwap AD+ Technology 4-way adjustable lumbar support, magnetic 4D armrests, and a robust steel framework with durable PVC leather. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to help you maximize your chair's potential.

Components Overview

Before assembly, ensure all components are present and undamaged. Refer to the assembly video for visual guidance.

- Backrest
- Seat Base with integrated mechanisms
- Armrests (Left & Right)
- 5-Star Wheel Base
- Caster Wheels (5x)
- Gas Lift Cylinder
- Gas Lift Cover
- Magnetic Head Pillow
- Side Covers (2x)
- Assembly Tools (Allen Key, Screws)

Setup and Assembly

Follow these steps to assemble your Anda Seat Kaiser 3 XL Gaming Chair. It is recommended to have a second person assist during certain steps.

1. **Attach Caster Wheels:** Insert the five caster wheels into the holes at the end of each leg of the 5-star wheel base. Push firmly until they click into place.
2. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the 5-star wheel base. Cover it with the gas lift cover.
3. **Prepare Seat Base:** Place the seat base upside down on a protected surface. Ensure the front is correctly oriented.
4. **Attach Backrest to Seat Base:** Align the metal brackets on the backrest with the corresponding attachment points on the seat base. Secure with the provided screws, tightening them gradually on both sides.
5. **Connect Lumbar Support Mechanism:** Locate the lumbar support cable and connect it as per the instructions in the video. Ensure it is securely fastened for proper functionality.
6. **Attach Side Covers:** Once the backrest is securely attached, snap the plastic side covers over the metal brackets.
7. **Mount Seat Assembly to Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder. Apply downward pressure to secure it.
8. **Attach Magnetic Head Pillow:** The head pillow attaches magnetically to the top of the backrest. Adjust its position for optimal neck support.

Video Description: This video from Anda Seat USA demonstrates the features and assembly process of the Kaiser 3 Gaming Chair. It provides visual guidance on how to put together the chair and highlights its key adjustable components.

Operating Instructions

Your Anda Seat Kaiser 3 XL Gaming Chair offers multiple adjustment options for personalized comfort.

Armrest Adjustments (Magnetic 4D Armrests)

The magnetic 4D armrests provide extensive adjustability:

- **Height Adjustment:** Press the button on the side of the armrest and move it up or down to your desired height.
- **Forward/Backward:** Slide the armrest pad forward or backward.
- **Left/Right Swivel:** Pivot the armrest pad left or right.
- **Inward/Outward Angle:** Angle the armrest pads inward or outward.
- **Magnetic Tops:** The armrest tops are magnetic and can be easily removed for cleaning or customization.

Recline and Tilt Function

The chair features a multi-functional tilt mechanism and a reclining backrest:

- **Backrest Recline:** Pull the lever on the right side of the seat base to recline the backrest between 90° and 160°. Release the lever to lock it in position.
- **Tilt Lock/Unlock:** Use the lever on the left side of the seat base to lock or unlock the chair's tilt function.
- **Tilt Tension:** Adjust the round knob located underneath the seat base to increase or decrease the tension of the tilt mechanism.

Lumbar Support Adjustment (MagSwap AD+ Technology)

The built-in 4-way adaptive lumbar support can be adjusted to fit your spine:

- **Depth Adjustment:** Use the knob on the side of the backrest to adjust the depth of the lumbar support, moving it in or out.
- **Height Adjustment:** Use the other knob on the side of the backrest to move the lumbar support up or down.

Image Description: An illustration demonstrating the adaptive lumbar support system of the Anda Seat Kaiser 3 XL, showing how it can be adjusted both vertically (up & down) and horizontally (in & out) to provide personalized ergonomic support.

Seat Height Adjustment

To adjust the seat height:

- **Raise:** While seated, pull the right-side lever upwards and lift your weight off the seat. The seat will rise. Release the lever at the desired height.
- **Lower:** While seated, pull the right-side lever upwards and apply your weight to the seat. The seat will lower. Release the lever at the desired height.

Magnetic Head Pillow

The magnetic head pillow can be easily positioned along the backrest to provide optimal neck and head support. Simply place it on the desired area; the magnets will hold it in place.

Maintenance

Proper care will extend the life and appearance of your Anda Seat Kaiser 3 XL Gaming Chair.

- **Cleaning PVC Leather:** Wipe the PVC leather surfaces with a soft, damp cloth. For tougher stains, use a mild soap solution and then wipe clean with a dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning Fabric:** For fabric models, use a fabric cleaner suitable for upholstery. Test on an inconspicuous area first.
- **Frame and Moving Parts:** Periodically check all screws and bolts to ensure they are tight. Lubricate moving parts (e.g., gas lift, wheel axles) with a silicone-based lubricant if squeaking occurs.
- **Caster Wheels:** Clean the caster wheels regularly to remove dust and debris that can hinder smooth movement.

TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common solutions:

- **Chair Squeaks:** Check and tighten all assembly bolts. Apply a small amount of silicone lubricant to moving parts, especially where metal components meet.
- **Gas Lift Not Adjusting:** Ensure the height adjustment lever is fully engaged or disengaged. If the issue persists, the gas lift cylinder may need replacement.
- **Backrest Not Reclining/Locking:** Verify that the recline lever is functioning correctly and not obstructed. Check the tension knob underneath the seat base.
- **Armrests Loose/Not Adjusting:** Ensure the armrest adjustment buttons are fully pressed when attempting to move them. Check for any debris obstructing the mechanism.
- **Chair Feels Unstable:** Ensure all five caster wheels are properly inserted and the 5-star base is securely attached to the gas lift. Check that all screws are tightened.

Specifications

Feature	Detail
Brand	Anda Seat
Model Name	AD12YDC-XL-01-A-PVC
Color	Maroon
Material	Faux Leather (DuraXtra PVC Leather), Memory Foam
Product Dimensions (D x W x H)	22.04"D x 21.65"W x 53.94"H
