## 2. Safety Information

**WARNING: Failure to follow these warnings and instructions could result in serious injury or death.**

- Always read all instructions before assembly and use of the product.
- Do not use this product if any parts are missing, damaged, or broken. Contact BabyBond for replacement parts and instructional literature if needed. Do not substitute parts.
- The maximum weight recommendation for the baby crib/bassinet mode is 22 lbs (0-6 months).
- The maximum weight recommendation for the baby playpen mode is 77 lbs (0-3 years).
- When using the bedside sleeper mode, ensure the side fixing straps are securely attached to the parent's bed to prevent tilting and the baby falling.
- Always ensure all locking mechanisms are engaged before placing a child in the product.

- Never leave a child unattended in the product.
- To prevent suffocation, do not use extra padding, pillows, blankets, or mattresses in the bassinet or playard. Use only the mattress provided by the manufacturer.
- Keep the product away from open flames, heaters, and other sources of strong heat.
- Discontinue use of the bassinet feature when the infant begins to push up on hands and knees or has reached 22 lbs, whichever comes first.
- Discontinue use of the playard feature when the child is able to climb out or reaches 77 lbs, whichever comes first.

- Instruction Manual (this document)

## 4. Setup and Assembly

Follow these steps carefully for proper assembly. It is recommended to assemble the unit in the area where it will be used.

### 4.1 Unfolding the Playard Frame

1. Remove the playard from the carry bag.
2. Stand the playard upright and separate the legs slightly.
3. Pull up on the center of each side rail until they lock into place. Ensure all four side rails are rigid and fully locked.
4. Push down on the center of the floor until it lies flat. Ensure the floor is fully extended and stable.

### 4.2 Installing the Bassinet Insert

The bassinet insert is for newborns and infants who cannot push up on their hands and knees.

1. Place the bassinet insert into the playard frame.
2. Secure the bassinet insert to the frame using the provided clips or straps, ensuring it is level and stable.
3. Place the mattress on top of the bassinet insert.

### 4.3 Attaching the Diaper Changing Table

The changing table is designed for convenience and ease of use.

1. Attach the changing table to the designated side of the playard frame.
2. Ensure the changing table is securely fastened and stable before use. Always use the safety straps provided on the changing table.

## 5. Operating Instructions

### 5.1 Using as a Bedside Sleeper

This mode allows the bassinet to be positioned next to your bed for easy access to your baby.

1. Adjust the height of the bassinet to match your bed's height. The BabyBond UP650 offers 3 adjustable heights.
2. Lower one side rail of the bassinet if desired, following the specific instructions for lowering the rail.
3. Securely attach the bassinet to your bed frame using the provided fixing straps. Ensure there is no gap between the bassinet and your mattress.

## 5.2 Using as a Standalone Bassinet

For use as a standalone bassinet, ensure all four side rails are in the upright and locked position. The bassinet can be moved easily with its sturdy wheels, which include brakes for stability.

*Image 5.3: The bassinet offers multiple height adjustment levels.*

## 5.3 Using as a Playard

Once your child outgrows the bassinet insert, remove it to use the full playard space. The playard features a side zipper door for easy access.

1. Remove the bassinet insert.
2. Ensure the mattress is placed on the lowest level of the playard floor.
3. The side zipper door can be opened to allow the child to crawl in and out under supervision.

*Image 5.4: A child playing in the playard with the side zipper door open.*

## 5.4 Using the Diaper Changing Table

The diaper changing table provides a convenient elevated surface for changing diapers. Always secure your baby with the changing table's safety straps and never leave them unattended.

*Image 5.5: A baby being changed on the diaper changing table.*

### 5.5 Using the Music Mobile

The music mobile can be rotated to play cheerful music and features hanging toys to attract the baby's attention and promote visual development.

## 6. Maintenance and Care

### 6.1 Cleaning

- The fabric components (Polyester) can be spot cleaned with a damp cloth and mild soap. Do not use harsh detergents or abrasive cleaners.
- Allow all parts to air dry completely before reassembly or storage.
- The mattress pad can be wiped clean. Refer to the care label on the mattress for specific instructions.

### 6.2 Storage

For compact storage or travel, the playard can be easily folded and placed into the included carry bag.

1. Remove all accessories (bassinet insert, changing table, mobile).
2. Pull up on the center of the floor until the side rails begin to release.
3. Press the release buttons on the center of each side rail to unlock them.
4. Fold the playard inward.
5. Place the folded playard and accessories into the carry bag.

*Image 6.1: The playard folds compactly for storage in its travel bag.*

## 7. Troubleshooting

- **Playard will not lock:** Ensure the center of the floor is pulled up before attempting to lock the side rails. The side rails must be locked before pushing the floor down.

- **Playard seems unstable:** Verify that all four side rails are fully locked and rigid, and the floor is pushed down completely flat. Check that the wheels are locked if stationary.
- **Diaper changer feels insecure:** Double-check that the changing table is correctly attached to the designated points on the playard frame and all clips or fasteners are engaged. Always use the safety straps.
- **Mattress feels too thin:** The provided mattress is designed for safety and firmness, as recommended for infant sleep. Do not add additional padding or mattresses, as this can create a suffocation hazard.
