## Altec Lansing MZX5000

# Altec Lansing NanoPods User Manual

Model: MZX5000

Brand: Altec Lansing

## 1. INTRODUCTION

The Altec Lansing NanoPods are truly wireless earbuds designed for seamless audio experiences on the go. Featuring Bluetooth 5.0 technology, these earbuds offer clear sound, intuitive touch controls, and a durable, water-resistant design, making them ideal for travel, sports, and daily use. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your NanoPods.

## 2. SETUP

### 2.1 Charging the NanoPods

Before first use, fully charge your NanoPods and their charging case. Place the earbuds into their respective slots in the charging case. The case itself can be charged using a compatible USB-C cable (not included). The LED indicators on the case will show the charging status.

Image: NanoPods securely placed within their charging case, ready for charging.

## 2.2 Pairing with Your Device

Follow these steps to pair your NanoPods with a Bluetooth-enabled device:

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the lid of the charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone, tablet, or computer, enable Bluetooth.
4. Search for available Bluetooth devices and select "Altec Lansing NanoPods" from the list.
5. Once connected, a voice prompt will confirm successful pairing.

## IPX5 WATER-RESISTANT

### 3. OPERATING THE NANOPODS

#### 3.1 Touch Controls

The NanoPods feature intuitive touch controls on each earbud for convenient management of music playback, calls, and voice assistant activation. Refer to the table below for common functions:

Function	Action
Play/Pause Music	Single tap on either earbud
Next Track	Double tap on the Right earbud
Previous Track	Double tap on the Left earbud

Function	Action
Answer/End Call	Single tap on either earbud
Reject Call	Press and hold either earbud for 2 seconds
Activate Voice Assistant	Triple tap on either earbud

### 3.2 Hands-Free Calling

The NanoPods support hands-free calling, allowing you to manage calls directly from your earbuds. The built-in microphone ensures clear communication.

## 4. MAINTENANCE

### 4.1 Cleaning

Regularly clean your NanoPods to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. For ear tips, gently remove them and clean with a damp cloth, then allow to air dry completely before reattaching.

## 4.2 Storage

When not in use, store the NanoPods in their charging case to protect them from dust, damage, and to keep them charged. Store in a cool, dry place away from extreme temperatures.

## 4.3 Water Resistance

The NanoPods are IPX5 water resistant, meaning they can withstand splashes and sweat. They are not designed for submersion in water. Ensure the earbuds are dry before placing them back in the charging case to prevent damage.

The advertisement features a black ALTEC LANSING NanoPods charging case with its lid open, revealing the two earbuds inside. The earbuds have a white 'X' logo on their stems. The case is shown from a top-down perspective. In the bottom left corner, a white rounded rectangle contains the text: "UP TO 5HRS OF PLAYTIME PER CHARGE". In the bottom right corner, another white rounded rectangle contains the text: "3X CHARGES WITH THE PORTABLE CHARGING CASE!". The background is a light blue gradient.

## 5. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are charged. Turn off and on your device's Bluetooth. If issues persist, try resetting the earbuds by placing them in the case, closing the lid for 5 seconds, then reopening.

- **No sound or poor sound quality:** Check the volume level on your device and the earbuds. Ensure the earbuds are properly seated in your ears for optimal sound. Clean any debris from the ear tips and speaker mesh. Re-pair the earbuds with your device.
- **Earbuds not charging:** Ensure the charging case has sufficient power. Verify that the earbuds are correctly placed in their charging slots and that the charging contacts are clean.
- **Intermittent connection:** Ensure your device is within the 50-foot Bluetooth range. Avoid obstacles between your device and the earbuds that might cause interference.

## 6. SPECIFICATIONS

- **Model Name:** NanoPods
- **Model Number:** MZX5000
- **Brand:** Altec Lansing
- **Connectivity Technology:** Bluetooth 5.0
- **Earbud Battery Life:** Up to 5 hours
- **Charging Case Battery Life:** Up to 16 additional hours
- **Water Resistance:** IPX5
- **Control Type:** Touch Control
- **Audio Driver Type:** Dynamic Driver
- **Noise Control:** Active Noise Cancellation
- **Product Dimensions:** 3.58 x 3.51 x 1.98 inches
- **Item Weight:** 3.52 ounces

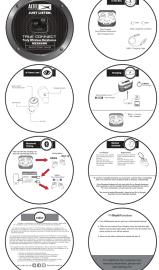

## 7. WARRANTY AND SUPPORT

Altec Lansing products are manufactured to the highest quality standards. For warranty information or technical support, please refer to the warranty card included in your product packaging or visit the official Altec Lansing website. Keep your proof of purchase for warranty claims.
