## SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight capacity of 60 pounds for the top surface and individual shelves. Refer to the specifications section for detailed weight limits per shelf.
- **Assembly:** Ensure all parts are correctly assembled and tightened according to the instructions. Improper assembly can lead to instability and potential injury.
- **Stability:** Place the bar unit on a flat, level surface. Utilize the adjustable feet to ensure stability and prevent wobbling.
- **Children and Pets:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Moving the Unit:** When moving the assembled unit, empty all contents and lift carefully to prevent damage or injury. Do not drag the unit.

## ASSEMBLY INSTRUCTIONS

---

Assembly is required for this unit. It is recommended to have two people for easier assembly. Follow the numbered parts and diagrams provided in the included instruction manual for detailed steps. The general assembly sequence is outlined below:

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided labels and the parts list.
2. **Assemble Base Frame:** Begin by connecting the side frame panels with the bottom shelf and the lower back mesh panels. Ensure all connections are secure but do not fully tighten screws until the entire frame is assembled.
3. **Install Middle Shelves and Wine Racks:** Attach the middle shelf panels and the wine racks to the frame. The wine racks are designed to hold bottles horizontally.
4. **Attach Main Countertop:** Secure the main countertop panel to the top of the lower frame structure.
5. **Assemble Upper Structure:** Attach the upper tabletop panel and the stemware racks to the main countertop. The stemware racks are located on the underside of the upper tabletop.
6. **Install Footrest:** Securely attach the metal footrest bar to the designated points on the front lower section of the frame.
7. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the frame.
8. **Final Tightening:** Once all components are in place and aligned, systematically tighten all screws and bolts. Do not overtighten.
9. **Leveling:** Adjust the feet to ensure the bar unit is stable and level on your floor.

## SETUP

After successful assembly, follow these steps for initial setup:

- **Placement:** Choose a suitable location for your bar unit, ensuring it is on a stable, level surface and away from direct sunlight or excessive moisture.
- **Leveling:** Use the adjustable feet at the bottom of the unit to fine-tune its stability. Rotate the feet clockwise or counter-clockwise until the unit is perfectly level and does not wobble.
- **Initial Cleaning:** Wipe down all surfaces with a soft, damp cloth to remove any dust or residue from manufacturing and assembly.

## OPERATING THE BAR UNIT

---

The GDLF Home Bar Unit is designed for convenient storage and serving of beverages and bar accessories.

- **Top Counter:** Use the elevated top counter for preparing and serving drinks.
- **Stemware Racks:** Hang wine glasses or other stemware upside down in the integrated racks located under the top counter for easy access and display.
- **Open Shelves:** The three large open shelves provide ample space for storing liquor bottles, cocktail shakers, ice buckets, and other bar essentials. Arrange items to maximize space and accessibility.
- **Wine Racks:** The dedicated wine racks are designed to store up to 14 bottles horizontally, which is ideal for preserving wine quality.
- **Footrest:** The metal footrest provides comfort for guests seated at the bar.

## MAINTENANCE

---

Proper care will ensure the longevity and appearance of your bar unit.

- **Cleaning Surfaces:** Wipe all surfaces with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by wiping with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Metal Components:** The powder-coated iron frame and footrest can be cleaned with a damp cloth. Dry immediately to prevent rust.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood and metal components.
- **Regular Checks:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Uneven floor surface; loose assembly screws.	Adjust the leveling feet at the bottom of the unit. Ensure all assembly screws are securely tightened.
Missing parts or damaged components upon arrival.	Manufacturing or shipping error.	Do not proceed with assembly. Contact GDLF customer support immediately for assistance and replacement parts.
Difficulty assembling certain parts.	Incorrect orientation of parts; screws not aligned.	Refer to the detailed assembly diagrams in the included manual. Ensure parts are oriented correctly before attempting to fasten. Do not force components together.
