## iDIGMALL G2

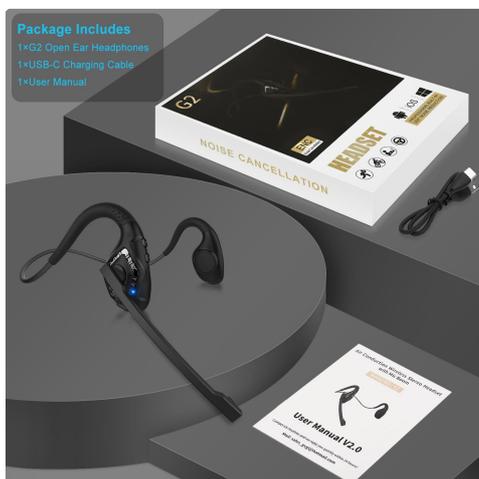

# iDIGMALL G2 Bluetooth 5.3 Open Ear Headset Instruction Manual

Model: G2 | Brand: iDIGMALL

## 1. INTRODUCTION

The iDIGMALL G2 Bluetooth 5.3 Open Ear Headset provides a comfortable and secure audio experience with its open-ear design, allowing you to stay aware of your surroundings. Featuring Bluetooth 5.3 for stable connectivity and a noise-cancelling microphone for clear communication, this lightweight headset is suitable for various activities including office work, driving, and exercise.

## 2. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x G2 Open Ear Headphones
- 1 x USB-C Charging Cable
- 1 x User Manual

Image: The product box, the G2 headset, a USB-C charging cable, and the user manual are displayed on a grey surface.

## 3. PRODUCT OVERVIEW

Image: A detailed diagram of the iDIGMALL G2 headset highlighting its components: Speaker, Volume +/-, MFB (Multi-Function Button), LED Indicator, USB-C Charging Port, and 270° Rotatable Boom Microphone.

Familiarize yourself with the headset’s components and controls for optimal use.

## 4. SETUP

### 4.1 Charging the Headset

Before first use, fully charge the headset. The headset features a built-in 165mAh battery.

- Connect the provided USB-C charging cable to the charging port on the headset and to a power source.
- Charging time is approximately 1.5 hours.
- The LED indicator will show charging status (refer to the LED indicator section for details).
- Do not use the headset while it is charging.

### 4.2 Pairing with Devices

The headset uses Bluetooth V5.3 for a stable connection and supports dual device pairing.

1. **Power On:** Press and hold the Multi-Function Button (MFB) until the LED indicator flashes blue and red, indicating pairing mode.
2. **Activate Bluetooth:** On your device (phone, tablet, laptop), enable Bluetooth.
3. **Select Device:** Search for "G2" in the list of available Bluetooth devices and select it to connect.
4. **Confirmation:** The LED indicator will flash blue slowly once connected. A voice prompt will confirm the connection.
5. **Dual Device Connection:** To connect a second device, disconnect the first device, put the headset back into pairing mode, connect the second device, then reconnect the first device from its Bluetooth menu. The headset can then switch between the two connected devices.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

- **Power On:** Press and hold the MFB for 3 seconds.
- **Power Off:** Press and hold the MFB for 5 seconds.

### 5.2 Music Playback

- **Play/Pause:** Short press the MFB.
- **Next Song:** Long press the "Volume +" button for 1 second.
- **Previous Song:** Long press the "Volume -" button for 1 second.
- **Volume Up:** Short press the "Volume +" button.
- **Volume Down:** Short press the "Volume -" button.

### 5.3 Call Control

- **Answer Call:** Short press the MFB.
- **Reject Call:** Long press the MFB for 2 seconds.
- **Hang Up Call:** Short press the MFB.
- **Mute Microphone:** The flexible boom microphone can be rotated 270° to adjust position. Specific mute function might be available via MFB or a dedicated button, refer to the product diagram.

### 5.4 Voice Assistant

- **Activate Voice Assistant:** Long press the MFB for 2 seconds.

## 5.5 Mode Switch

- **Game/Music Mode:** Click the MFB 3 times to switch between modes.

## 6. MAINTENANCE

- Clean the headset regularly with a soft, dry cloth.
- Avoid exposing the headset to extreme temperatures, humidity, or corrosive substances.
- Store the headset in a cool, dry place when not in use.
- Do not attempt to disassemble or repair the headset yourself, as this will void the warranty.

## 7. TROUBLESHOOTING

Problem	Solution
Headset does not power on.	Ensure the headset is fully charged. Connect to a power source and allow 1.5 hours for a full charge.
Cannot pair with device.	Ensure the headset is in pairing mode (LED flashing blue and red). Make sure Bluetooth is enabled on your device. Check if "G2" appears in your device's Bluetooth list. Move the headset closer to your device (within 33 feet). Restart both the headset and your device.
Poor sound quality or dropped calls.	Ensure the headset is within Bluetooth range of your device. Check for interference from other wireless devices. Adjust the microphone boom for optimal voice pickup. Ensure the headset is fully charged.
Headset is uncomfortable.	The headset is designed for open-ear comfort. Allow a few days to adjust to the fit. The memory titanium alloy band is flexible for adjustment.

Image: A grid of six images depicting different usage scenarios for the headset, including call centers, video conferences, online classes, fitness, driving, and gym workouts.

## 11. ADDITIONAL INFORMATION

### 11.1 Open Ear Design

The iDIGMALL G2 utilizes advanced air conduction technology, transmitting sound precisely through the ear canal without blocking it. This design allows you to enjoy audio while remaining aware of your surroundings, enhancing safety and comfort, especially during outdoor activities or in busy environments.
