## HOCO ES61 Red

# Hoco ES61 Manner Sports Wireless Bluetooth Headset User Manual

Model: ES61 Red

## INTRODUCTION

---

Thank you for choosing the Hoco ES61 Manner Sports Wireless Bluetooth Headset. This manual provides essential information for the proper use, maintenance, and troubleshooting of your new headset. Please read it carefully before use to ensure optimal performance and longevity of the product.

## PRODUCT OVERVIEW

---

Front view of the Hoco ES61 Red Bluetooth Headset, showing the red neckband and black control modules with red earbuds.

This image displays the Hoco ES61 headset in its red color variant, highlighting its ergonomic design for sports use. The flexible neckband connects the two earbuds, which feature ear hooks for a secure fit. Control buttons are visible on the left module.

The Hoco ES61 Red Bluetooth Headset with magnetic earbuds connected, forming a loop.

This image shows the Hoco ES61 headset with its magnetic earbuds snapped together, demonstrating a convenient storage or wearing method when not in use. The red cable and black control units are clearly visible.

Hoco ES61 Red Bluetooth Headset displayed on a metallic stand.

The headset is presented on a sleek metallic stand, showcasing its design and how it might be stored. A smartphone is visible in the background, suggesting connectivity.

Hoco ES61 Black Bluetooth Headset with included ear tips.

Although this image shows the black variant, it illustrates the design of the ear tips and ear hooks, along with additional ear tip sizes provided for a customized fit. This helps users understand the components that come with their headset.

## SETUP

### 1. Charging the Headset

Before first use, fully charge the headset. The Hoco ES61 has a 200mAh battery capacity.

- Connect the charging cable to the headset's charging port and to a USB power source (e.g., computer USB port, wall adapter).
- The charging indicator light will illuminate during charging.
- Charging typically takes approximately **2 hours** for a full charge.
- Once fully charged, the indicator light may change or turn off. Disconnect the charging cable.

### 2. Bluetooth Pairing

To connect your Hoco ES61 headset to a device (e.g., smartphone, tablet):

1. Ensure the headset is turned off.
2. Press and hold the multi-function button (usually the power button) until the indicator light flashes red and blue alternately, indicating pairing mode.
3. On your device, enable Bluetooth and search for available devices.

4. Select "Hoco ES61" from the list of found devices.
5. Once connected, the indicator light will typically flash blue slowly or turn off, and you may hear a confirmation tone.
6. *Note:* If prompted for a password, enter "0000".

### 3. TF Card Playback (Optional)

The Hoco ES61 supports TF card playback (up to 32GB).

- Insert a TF (microSD) card with your audio files into the designated slot on the headset.
- The headset will automatically switch to TF card playback mode if a card is detected.

## OPERATING INSTRUCTIONS

Function	Operation
Power On	Press and hold the multi-function button for approximately 3 seconds.
Power Off	Press and hold the multi-function button for approximately 3-5 seconds until the indicator light turns off.
Play/Pause Music	Press the multi-function button once.
Next Track	Press and hold the "Volume +" button.
Previous Track	Press and hold the "Volume -" button.
Volume Up	Press the "Volume +" button once.
Volume Down	Press the "Volume -" button once.
Answer/End Call	Press the multi-function button once during an incoming call.
Reject Call	Press and hold the multi-function button for approximately 2 seconds during an incoming call.
Redial Last Number	Double-press the multi-function button.
Switch Prompt Tone Language	In the unpaired state, double-click the multi-function button to switch between Chinese and English prompt tones.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headset regularly, even if not in use for extended periods.
- **Water Resistance:** The headset is not waterproof. Avoid exposure to water, rain, or excessive moisture.

## TROUBLESHOOTING

### Common Issues and Solutions:

- **Headset won't turn on:**

Ensure the headset is fully charged. Connect it to a power source and allow it to charge for at least 30 minutes before attempting to power on again.

- **Cannot pair with device:**

Make sure the headset is in pairing mode (indicator light flashing red and blue). Ensure Bluetooth is enabled on your device and it is within range (typically 10 meters). Try turning off and on both the headset and your device's Bluetooth. If previously paired, try deleting "Hoco ES61" from your device's Bluetooth list and re-pairing.

- **No sound or low volume:**

Check the volume levels on both the headset and your connected device. Ensure the headset is properly connected to your device. If using TF card, ensure audio files are in a compatible format and the card is inserted correctly.

- **Intermittent connection:**

Move closer to your connected device to reduce interference. Avoid obstacles between the headset and device. Ensure no other strong wireless signals are interfering.
