

Dalber 60616

Dalber Police Cars Children's Ceiling Light - Model 60616 Instruction Manual

1. INTRODUCTION

This manual provides essential information for the safe installation, operation, and maintenance of your Dalber Police Cars Children's Ceiling Light, Model 60616. Please read these instructions carefully before proceeding with installation or use. Keep this manual for future reference.

Image 1.1: Front view of the Dalber Police Cars Children's Ceiling Light.

The Dalber Police Cars Children's Ceiling Light features a vibrant design with police cars and fire trucks, perfect for a child's bedroom. It includes a unique fluorescent ink that glows in the dark after exposure to light, providing a magical ambiance.

2. SAFETY INFORMATION

WARNING: Electrical installation should only be performed by a qualified electrician or competent person. Always disconnect the main power supply before installation, maintenance, or bulb replacement to prevent electric shock.

- Ensure the voltage and frequency of your electrical supply match the specifications of the luminaire.
- Do not exceed the maximum wattage specified for the bulb (2x15W LED E27).
- Keep the product away from water and moisture. This product is designed for indoor use only.
- Do not cover the luminaire with any materials. Ensure adequate ventilation.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person to avoid a hazard.

3. PACKAGE CONTENTS

Please check that all components are present and undamaged before beginning installation.

- 1 x Dalber Police Cars Children's Ceiling Light Fixture (Model 60616)
- 1 x Power Cable (integrated)
- Mounting hardware (screws, wall plugs)
- Instruction Manual

Note: Light bulbs are NOT included and must be purchased separately. This fixture requires 2 x E27 bulbs, with a maximum wattage of 15W each for LED bulbs.

4. SETUP AND INSTALLATION

Follow these steps carefully for proper installation. If you are unsure about any step, consult a qualified electrician.

1. Prepare for Installation:

- Turn off the main power supply at the circuit breaker before starting any electrical work.
- Gather necessary tools: screwdriver, drill, wire strippers, ladder.

2. Mark Mounting Points:

- Position the mounting bracket (usually located inside the fixture) against the ceiling where you intend to install the light.
- Mark the drilling points with a pencil.

3. Drill Holes and Install Wall Plugs:

- Drill holes at the marked points using an appropriate drill bit for your ceiling material.
- Insert the wall plugs into the drilled holes.

4. Attach Mounting Bracket:

- Secure the mounting bracket to the ceiling using the provided screws.

5. Wire the Fixture:

- Connect the household electrical wires to the fixture's power cable. Typically, this involves connecting

live (brown/red), neutral (blue/black), and earth (green/yellow) wires. Ensure connections are secure and insulated.

6. Mount the Light Fixture:

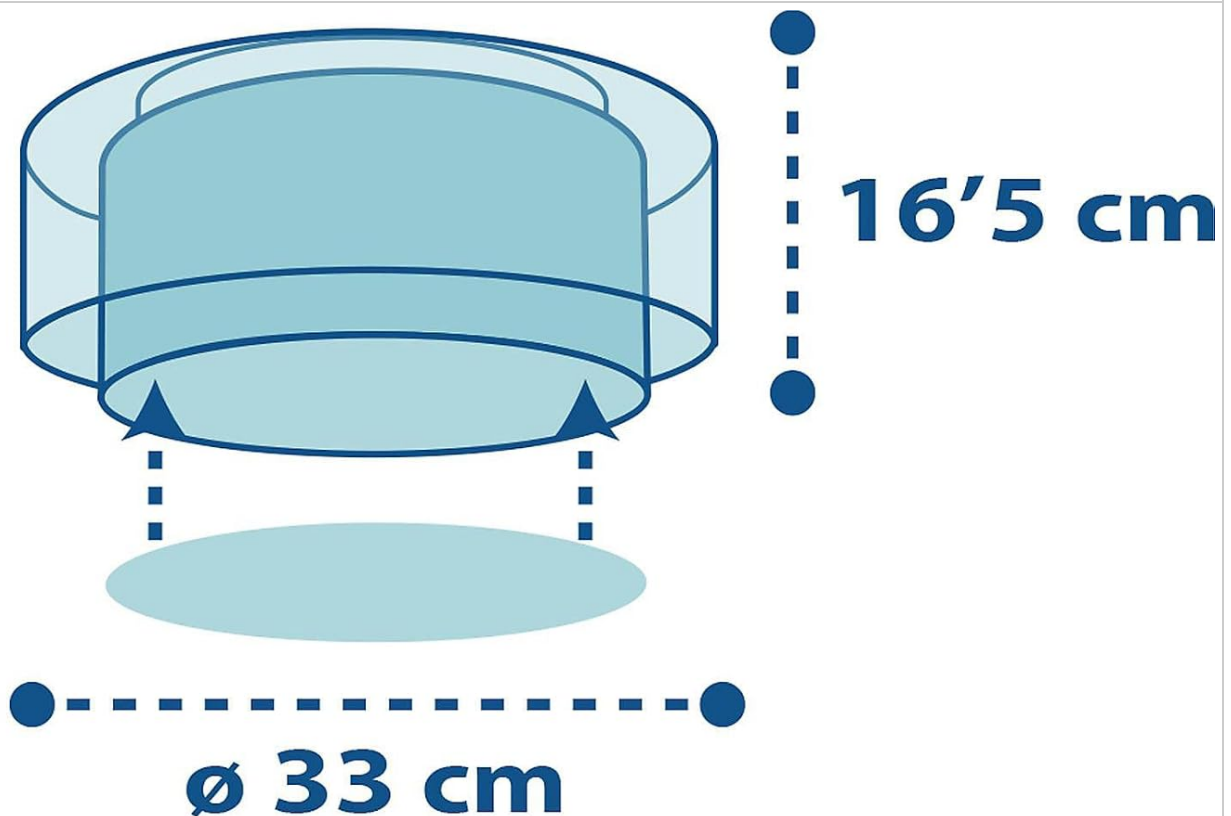

- Carefully attach the light fixture to the mounting bracket, ensuring all wires are tucked safely inside the ceiling rose.
- Secure the fixture with any retaining screws or clips.

7. Install Bulbs:

- Screw in two E27 LED bulbs (max 15W each) into the lamp holders.

8. Restore Power:

- Once installation is complete and all connections are secure, restore power at the circuit breaker.
- Test the light to ensure it functions correctly.

2 x 15W máx.

LED • E-27

5. OPERATING INSTRUCTIONS

The Dalber Police Cars Children's Ceiling Light operates like a standard ceiling light, controlled by your room's wall switch.

- **Turning On/Off:** Use the wall switch connected to the light fixture to turn the light on or off.
- **Glow-in-the-Dark Feature:** The luminaire features special fluorescent ink on its design. To activate the glow-in-the-dark effect, expose the light to ambient room light for approximately 5 to 10 minutes. After turning off the main light, the fluorescent elements will emit a soft glow, creating a comforting effect in the dark.

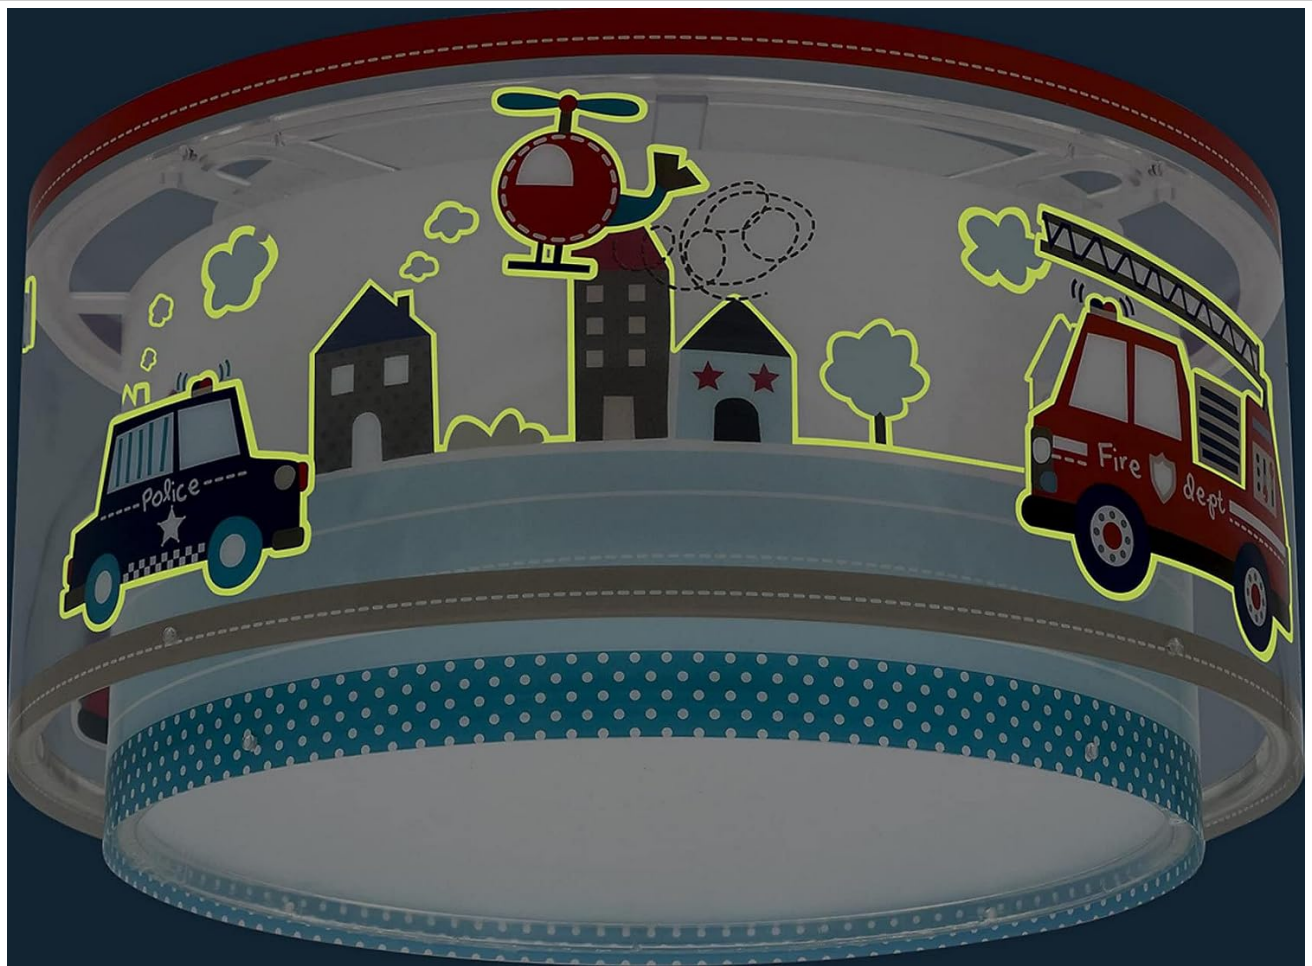

Image 5.1: The ceiling light's glow-in-the-dark feature in action.

6. MAINTENANCE

Regular cleaning will help maintain the appearance and functionality of your ceiling light.

- **Cleaning:** Always disconnect power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the surface of the fixture. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or the fluorescent ink.
- **Bulb Replacement:** Ensure the power is off and the bulb has cooled down before attempting to replace it. Unscrew the old E27 bulb and screw in a new one (max 15W LED).

7. TROUBLESHOOTING

If you encounter issues with your ceiling light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply. Loose wiring. Faulty bulb.	Check circuit breaker. Verify all wire connections (ensure power is off). Replace bulb.
Light flickers.	Loose bulb. Incompatible bulb type. Wiring issue.	Tighten bulb. Ensure E27 LED bulb (max 15W) is used. Check wiring connections (ensure power is off).
Glow-in-the-dark effect is weak or absent.	Insufficient light exposure.	Ensure the light is exposed to ambient room light for at least 5-10 minutes before turning off.

If the problem persists after attempting these solutions, please contact customer support.
