2. SETUP

- 1. Unpack the Mat:** Carefully remove the desk mat from its packaging.
- 2. Unroll and Flatten:** Gently unroll the mat and lay it flat on your desired desk surface. Allow some time for the mat to fully flatten, especially if it was tightly rolled.

- **Keyboard Placement:** Place your full-sized keyboard on the mat for added comfort and stability.

4. MAINTENANCE

To ensure the longevity and appearance of your desk mat, follow these maintenance guidelines:

- **Cleaning:** The mat is easily washable. For minor spills or dirt, wipe clean with a damp cloth. For more thorough cleaning, it can be hand-washed or machine-washed on a delicate cycle. Ensure it is completely dry before reuse.

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the mat's surface or print.
- **Storage:** If storing the mat, roll it loosely to prevent creases and store in a cool, dry place.

5. TROUBLESHOOTING

Should you encounter any issues with your desk mat, consider the following:

- **Mat Sliding:** If the mat slides on your desk, ensure the surface beneath is clean and dry. The non-slip base requires a clean surface for optimal grip.
- **Creases:** New mats may have slight creases from packaging. These typically flatten out with use over a few days. Placing heavy, flat objects on the mat overnight can accelerate this process.
- **Odor:** A new mat may have a slight odor upon unboxing. This is normal and will dissipate quickly in a well-ventilated area.
