FITUEYES TT206

FITUEYES Floor TV Stand User Manual

Model: TT206 | Brand: FITUEYES

1. Introduction and Overview

Thank you for choosing the FITUEYES Floor TV Stand. This stand is designed to provide a stable and versatile mounting solution for your television, offering both aesthetic appeal and practical functionality. It is compatible with most flat-screen TVs ranging from 32 to 60 inches, supporting a maximum weight of 30 kg (66 lbs) and VESA patterns up to 600x400 mm. Key features include a 70-degree swivel capability, multiple height adjustment options for the TV and the integrated shelf, and a discreet cable management system to maintain a tidy appearance.

2. Safety Information

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in property damage, serious injury, or death. Keep this manual for future reference.

- **Weight Limit:** Do not exceed the maximum weight capacity of 30 kg (66 lbs). Ensure your TV's weight is within this limit.
- **VESA Compatibility:** Verify your TV's VESA mounting pattern (distance between mounting holes) is within the supported range of 100x100 mm to 600x400 mm.
- **Stability:** Always ensure the stand is placed on a flat, stable, and level surface. Avoid placing it on uneven ground or near edges where it could be easily tipped.
- **Children and Pets:** Keep children and pets away from the TV stand during assembly. After assembly, consider securing the TV to the wall with an anti-tip strap (not included) if you have young children or pets, to prevent accidental tipping.
- **Component Check:** Before each use, ensure all screws and connections are secure. Do not use the stand if any parts are loose, damaged, or missing.
- **Electrical Safety:** Ensure all cables are properly routed and secured to prevent tripping hazards or damage to the cables.

3. Package Contents

Before beginning assembly, please check that all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support immediately.

- Base Plate (Tempered Glass)
- Main Support Column
- TV Mounting Bracket
- Adjustable Media Shelf (Plastic)
- Hardware Kit (various screws, washers, spacers, and tools)
- Illustrated Assembly Instructions

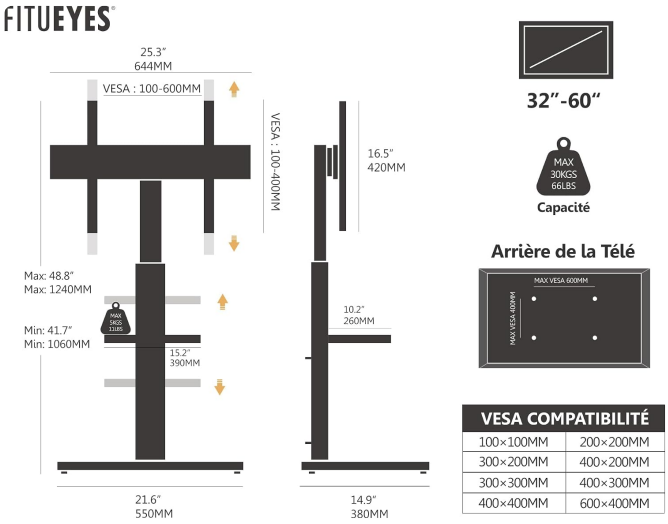

4. Setup and Assembly

The FITUEYES TV stand is designed for easy assembly without the need for drilling into walls. Follow the illustrated instructions provided in your package for detailed steps. Below is a general overview of the assembly process:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in the included manual to ensure everything is accounted for.
2. **Assemble the Base:** Attach the main support column to the tempered glass base plate using the provided screws. Ensure the anti-slip pads are correctly positioned on the bottom of the base for stability.
3. **Attach the TV Mounting Bracket:** Secure the TV mounting bracket to the main support column. This bracket allows for height adjustment of your television.
4. **Mount the TV Rails:** Attach the vertical TV rails to the back of your television using the appropriate VESA screws from the hardware kit. Different screw sizes (M-A to M-J) are provided to fit various TV models. Refer to the VESA compatibility diagram to ensure correct alignment.
5. **Hang the TV:** Carefully lift your television and hook the TV rails onto the mounting bracket on the stand. Ensure the TV is securely seated. Use the safety lock mechanism to prevent accidental dislodgement.
6. **Install the Media Shelf:** Attach the adjustable media shelf to the main support column at your desired height.
7. **Cable Management:** Utilize the integrated cable management clips or channels on the back of the column to neatly route and conceal your TV and device cables.

5. Operating Instructions

Once assembled, your FITUEYES TV stand offers flexible viewing options:

- **Swivel Function:** The TV can be manually swiveled up to 70 degrees (35 degrees left and 35 degrees right) to achieve the optimal viewing angle from different positions in your room. Gently push the TV screen to adjust its angle.
- **Height Adjustment:** The TV mounting bracket allows for 8 different height settings. To adjust the TV height, carefully lift the TV off the stand (with assistance if needed), reposition the mounting bracket on the column to the desired height, and then re-mount the TV.
- **Shelf Height Adjustment:** The media shelf can also be adjusted vertically along the main column to accommodate various devices or preferences. Loosen the shelf's securing mechanism, slide it to the new position, and re-tighten.

6. Maintenance

To ensure the longevity and appearance of your FITUEYES TV stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish or glass.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight and secure. Loose connections can affect stability.
- **Glass Care:** The tempered glass base is durable but can be scratched. Avoid dragging heavy or sharp objects across its surface.

7. Troubleshooting

If you encounter any issues with your TV stand, refer to the following common problems and solutions:

- **Problem:** The TV stand feels unstable or wobbly.

Solution: Ensure all assembly screws are tightened securely. Verify the stand is on a flat, level surface. Check that the TV's weight and VESA pattern are within the specified limits.

- **Problem:** Parts are missing from the package.
  Solution: Do not proceed with assembly. Contact FITUEYES customer support immediately with your purchase details to request replacement parts.
- **Problem:** The TV appears to tilt slightly forward.
  Solution: This can sometimes occur depending on the TV's center of gravity or VESA mounting points. Ensure the TV is securely attached to the mounting rails and the safety lock is engaged. Re-check all connections.
- **Problem:** The plastic shelf seems fragile or not aesthetically pleasing.
  Solution: The shelf is designed for light to medium-weight media devices. If you prefer not to use it, the stand functions perfectly without it, maintaining a minimalist look.

For issues not covered here, please contact FITUEYES customer support.

8. Specifications

Brand	FITUEYES
Model Number	TT206
Color	White
Material	Plastic and Tempered Glass
Compatible TV Sizes	32 to 60 inches
