UGREEN Bluetooth Wireless Mouse User Manual

Model: 90855

INTRODUCTION

Thank you for choosing the UGREEN Bluetooth Wireless Mouse. This manual provides detailed instructions on how to set up, operate, and maintain your new mouse, ensuring a smooth and efficient user experience. This versatile mouse offers dual connectivity modes (2.4GHz USB and Bluetooth 5.0), silent clicks, adjustable DPI settings, and a comfortable ergonomic design, making it ideal for various computing tasks across multiple devices.

PACKAGE CONTENTS

- UGREEN Bluetooth Wireless Mouse
- 2.4GHz USB Receiver
- User Manual
- *Note: 1 AA battery is required and not included in the package.*

SETUP GUIDE

1. Battery Installation

The UGREEN Wireless Mouse requires one AA battery for operation. Follow these steps to install the battery:

1. Locate the battery compartment cover on the underside of the mouse.
2. Gently slide or lift the cover to open the compartment.
3. Insert one AA battery, ensuring the positive (+) and negative (-) terminals align correctly with the indicators inside the compartment.
4. Close the battery compartment cover securely.

2. Connectivity Options

The mouse supports two connectivity modes: 2.4GHz Wireless via USB receiver and Bluetooth 5.0. You can switch between these modes to connect to different devices.

2.1. 2.4GHz Wireless Connection (USB Receiver)

1. Remove the 2.4GHz USB receiver from its storage slot on the underside of the mouse.
2. Plug the USB receiver into an available USB port on your computer or laptop.
3. The mouse should automatically connect to your device. If not, ensure the mouse is powered on and the mode switch (usually on the bottom) is set to 2.4G mode.

Figure 2: The mouse supports simultaneous connection to two devices via 2.4G USB and Bluetooth.

2.2. Bluetooth 5.0 Connection

1. Ensure the mouse is powered on and the mode switch on the bottom is set to Bluetooth mode.
2. On your device (laptop, PC, tablet, smart TV), navigate to Bluetooth settings.
3. Enable Bluetooth and search for new devices.
4. Select "UGREEN Mouse" (or similar name) from the list of available devices to pair.
5. Once paired, the mouse is ready for use.

OPERATING INSTRUCTIONS

1. DPI Adjustment

The mouse features 5 adjustable DPI levels, allowing you to customize cursor sensitivity for different tasks. Press the DPI button (usually located behind the scroll wheel) to cycle through the available DPI settings. The mouse supports DPI levels up to 4000 for precise tracking.

Figure 3: Visual representation of adjustable DPI settings.

2. Silent Click Feature

This UGREEN mouse is designed with silent click technology, reducing click noise to below 40 decibels. This feature ensures a quiet working environment, making it suitable for offices, libraries, or late-night use without

disturbing others.

Noiseless Click

انقر بلا ضوضاء

Make your click freer on office

Figure 4: The mouse features noiseless clicks for a quiet environment.

3. Smooth Tracking on Various Surfaces

The mouse provides a smooth and precise tracking experience on a variety of surfaces, including resin, wood, paper, cloth, and leather. This eliminates the need for a mouse pad in many scenarios, offering greater flexibility in your workspace.

Smooth Using Experience

تمرير حتى بدون وسادة الماوس

Slide even without mouse pad

MAINTENANCE

1. Cleaning

To maintain optimal performance, regularly clean your mouse. Use a soft, dry cloth to wipe the surface. For

stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid using harsh chemicals or abrasive materials.

2. Battery Replacement

The mouse boasts a super long battery life of up to 18 months in 2.4G mode and 12 months in Bluetooth mode, thanks to its intelligent power-saving chip and automatic sleep mode. When the mouse's performance degrades or it stops responding, it's time to replace the AA battery. Follow the battery installation steps outlined in the Setup Guide.

Super Long Battery Life

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Mouse not responding.	Check battery installation and replace if necessary. Ensure the mouse is powered on. For 2.4GHz mode, ensure the USB receiver is securely plugged in. Try a different USB port. For Bluetooth mode, ensure Bluetooth is enabled on your device and the mouse is paired. Try re-pairing. Restart your computer/device.
Cursor movement is erratic or jumpy.	Clean the optical sensor on the underside of the mouse. Ensure you are using the mouse on a clean, non-reflective surface. Try adjusting the DPI setting. Check for interference from other wireless devices.
Cannot connect via Bluetooth.	Ensure the mouse is in Bluetooth pairing mode. Check your device's Bluetooth settings and ensure it's discoverable. Remove any previous pairings of the mouse from your device and try pairing again. Ensure your device's Bluetooth driver is up to date.

SPECIFICATIONS

Model Name: Bluetooth Mouse for Laptop

Model Number: 90855

Connectivity Technology: Bluetooth 5.0, 2.4GHz USB

Movement Detection: Optical/Laser

Number of Buttons: 6

Adjustable DPI: 5 levels (up to 4000 DPI)

Special Features: Wireless, Silent Click, Ergonomic Design, Portable, LED Indicator
