Team Power 4x4 Friction Powered Monster Trucks (6-Pack) Instruction Manual

Model: T116230

INTRODUCTION

Thank you for choosing the Team Power 4x4 Friction Powered Monster Trucks 6-Pack. This manual provides essential information for the safe and enjoyable use of your new toy trucks. Designed for durability and engaging play, these trucks offer hours of entertainment without the need for batteries or complex controls.

PRODUCT OVERVIEW

The Team Power 4x4 Friction Powered Monster Trucks come in a vibrant 6-pack, each featuring a unique design. These trucks are built for action, offering robust construction and a simple push-and-go mechanism for immediate play.

Key Features:

- **Friction Powered:** No batteries required. Simply push the truck forward or backward to wind up the internal mechanism, then release for motion.
- **4-Wheel Drive:** All four wheels are friction-powered, allowing for powerful movement and dynamic stunts.
- **Durable Construction:** Made with sturdy plastic bodies and giant rubber tires designed to withstand rough play and various surfaces.
- **360° Stunts:** The unique design and friction power enable exciting 360-degree spins and flips upon impact or when launched from ramps.
- **Compact Size:** Each truck measures approximately 3.7 x 3.2 x 3 inches, perfect for small hands and portable play.

SETUP

The Team Power Monster Trucks require no assembly or batteries. They are ready for play straight out of the box.

1. Unpack the 6 monster trucks from their packaging.
2. Ensure all packaging materials are removed and disposed of properly.
3. The trucks are now ready for immediate use.

OPERATING INSTRUCTIONS

Operating your Team Power Monster Truck is simple and intuitive:

1. Place the truck on a smooth, flat surface (e.g., hardwood floor, low-pile carpet, concrete).
2. Grip the truck firmly and push it forward or backward several times to engage the friction motor.
3. Release the truck and watch it zoom across the surface.
4. For **360° Stunts**: Push the truck forward with force and let it hit an obstacle or another truck at an angle. The 4-wheel drive friction mechanism will often cause it to spin or flip.
5. Experiment with ramps and obstacles to create your own monster truck rallies and stunts.

CRANK OUT LEGENDARY STUNTS & JUMPS

Image: Two children are actively playing with the monster trucks. One truck is captured mid-air, performing a 360-degree spin, illustrating the dynamic stunt capabilities of the toys.

MAINTENANCE

To ensure the longevity and optimal performance of your monster trucks:

- **Cleaning:** Wipe the trucks with a damp cloth to remove dust and dirt. Avoid submerging them in water.
- **Storage:** Store the trucks in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check the wheels and chassis for any signs of damage or wear.

TROUBLESHOOTING

If your monster truck is not performing as expected:

- **Truck not moving:** Ensure the friction mechanism is fully engaged by pushing the truck forward or

backward firmly multiple times before releasing.

- **Slow movement:** Check the surface. The trucks perform best on smooth, hard surfaces or low-pile carpets. Thick carpets or uneven terrain may reduce speed and distance.
- **Wheels not spinning freely:** Inspect the wheels for any obstructions like hair, string, or debris that might be caught in the axles. Carefully remove any foreign objects.

SPECIFICATIONS

Brand	Team Power
Model Name	T116230
Number of Items	6 Monster Trucks
Age Range	3 years old and up
Power Source	Friction Powered
Material Type	Plastic
Item Dimensions (each truck)	3.7 x 3.2 x 3 inches
Item Weight (total)	1.5 Pounds
Batteries Required	No
Assembly Required	No
Additional Features	Weather Resistant

SAFETY INFORMATION

- Recommended for children aged 3 years and up. Adult supervision is advised, especially for younger children.
- Keep away from small children who may put objects in their mouths, as small parts could potentially break off during rough play.
- Avoid playing with the trucks near long hair or loose clothing, as the friction mechanism could potentially entangle them.
- Do not aim trucks at faces or eyes.

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Team Power 4x4 Friction Powered Monster Trucks, please contact Team Power customer service through the retailer where the product was purchased. Please retain your proof of purchase for any warranty claims.
