

LEVOIT Vortex

LEVOIT Vor Vacuum Cleaner (Model Vortex) Instruction Manual

1. PRODUCT OVERVIEW

The LEVOIT Vor Vacuum Cleaner is an intelligent, powerful stick vacuum designed for efficient cleaning across various surfaces. It features an auto mode that adjusts suction power based on debris size, a robust brushless motor providing 130AW suction, and a 4-stage filtration system with dual washable HEPA filters.

- **Powerful Suction:** Equipped with a brushless motor, delivering 130AW suction in MAX mode for effective removal of debris, dust, pet hair, and crumbs.
- **Auto Mode:** Automatically adjusts suction power based on the size of the stain or debris detected by an infrared sensor.
- **High-Efficiency Filtration:** A 4-stage system with dual washable HEPA filters captures 99.99% of 0.3-micron particles, reducing secondary pollution.
- **Long-Lasting Runtime:** Provides up to 40 minutes of cleaning performance on a single charge.
- **Multi-Functionality:** Can be assembled into 3 combinations to clean cars, sofas, window blinds, and other areas.
- **Easy Charge & Storage:** Includes a charging dock with an accessory holder for convenient storage and charging.
- **LED Lights:** Headlights on the vacuum head illuminate dark areas to easily spot dust and debris.

What you can't see, it cleans.

With an infrared sensor to detect debris, Auto Mode makes automatic suction power adjustments, so you don't have to worry about wasting battery life.

2. SETUP

The LEVOIT Vor Vacuum Cleaner requires minimal assembly. Refer to the included Quick Start Guide for detailed visual instructions.

2.1 Initial Assembly

- Connect the vacuum body to the stick.
- Attach the vacuum head to the bottom of the stick.
- Insert the battery into the designated slot on the vacuum body.

2.2 Charging

Before first use, fully charge the battery. The charging dock can be mounted to a wall for convenient storage and charging. Simply place the vacuum onto the dock, and ensure the charger is connected to a power outlet.

Store and recharge with one dock.

3. OPERATING INSTRUCTIONS

3.1 Powering On/Off and Suction Modes

- Press the power button to turn the vacuum on or off.
- The vacuum defaults to Auto Mode, which intelligently adjusts suction based on detected debris.
- Use the +/- buttons to manually adjust suction power for specific cleaning needs.
- The LED headlights will illuminate automatically when the vacuum is in use, aiding visibility in dark areas.

3.2 Using Attachments

The vacuum comes with a Telescoping Crevice Tool and a 2-in-1 Dusting Brush. These can be attached directly to

the handheld unit or the extension wand for versatile cleaning.

- **Telescoping Crevice Tool:** Ideal for reaching tight spaces, corners, and crevices in cars or furniture.
- **2-in-1 Dusting Brush:** Use the brush for delicate surfaces like blinds or upholstery, or retract the bristles for a wider nozzle.

4. MAINTENANCE

4.1 Emptying the Dust Bin

The dust bin is designed for easy, one-click emptying. Position the vacuum over a trash receptacle and press the release button to open the bin and dispose of collected debris.

4.2 Filter Care

Regular filter maintenance is crucial for optimal performance and air quality. The LEVOIT Vor features dual washable HEPA filters.

- **Pre-filters:** Wash once a month and replace every 6 months.
- **Main filter:** Wash once every 6 months and replace every 1 year.

Ensure filters are completely dry before reinserting them into the vacuum.

5. TROUBLESHOOTING

If you encounter issues with your LEVOIT Vor Vacuum Cleaner, refer to the following common troubleshooting tips:

- **Reduced Suction/Vacuum Stops Working:** This is often caused by a clogged filter. Check and clean both the pre-filter and main filter as described in the Maintenance section. Ensure they are completely dry before reassembly.

- **Dust Spillage from Dust Bin:** Ensure the dust bin is properly closed and sealed after emptying. If the inner shroud is pushing dust outward, carefully clean around the mechanism.
- **Roller Brush Disengagement:** If the roller on the vacuum head becomes disengaged, ensure it is correctly re-seated and locked into place.
- **Overheating:** If the vacuum overheats and becomes excessively loud, it may indicate a severely clogged filter or an obstruction in the airflow. Turn off the vacuum, allow it to cool, and perform thorough filter cleaning and check for blockages.

For persistent issues not covered here, please contact LEVOIT customer support.

6. SPECIFICATIONS

Feature	Detail
Brand	LEVOIT
Model Name	Vortex
Special Feature	HEPA Filtration, Auto Mode, LED Lights
Filter Type	HEPA Filter (Dual Washable)
Is Cordless?	Yes
Capacity	0.6 Liters
Wattage	400 watts
Suction Power	130AW (MAX mode) / 23 kPa
Recommended Uses	Indoor (Carpet, Hard Floor, Car)
Form Factor	Stick
Color	Black Grey
Product Dimensions	10"L x 9"W x 46"H
Battery Description	Lithium-Ion (1 included)
Noise Level	70 Decibels
Battery Life	Up to 40 minutes runtime
Item Weight	7 pounds
Assembly Required	Yes

7. WARRANTY & SUPPORT

The LEVOIT Vor Vacuum Cleaner comes with a **2-year warranty**. For warranty claims, technical support, or any product-related inquiries, please contact LEVOIT customer service through their official website or the contact information provided in your product packaging.

Always refer to the official LEVOIT website for the most up-to-date support information and product resources.
