## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge the charging case and earbuds. Connect the provided Type-C charging cable to the charging port on the case and a power source. The indicator light on the case will show charging status. The earbuds will charge automatically when placed inside the case.

This image highlights the impressive battery life of over 32 hours with the charging case, and 7 hours on a single charge for the earbuds.

### 2. Initial Pairing

The Tronsmart Onyx Pure One earbuds feature one-step auto pairing for convenience.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for new devices.
3. Select "Tronsmart Onyx Pure" from the list of available devices to connect.
4. Once connected, the earbuds will automatically reconnect to your device when taken out of the case after the first pairing.

This image demonstrates the one-step auto pairing process, showing the earbuds ready to connect to a device via Bluetooth.

### 3. Wearing the Earbuds

For optimal sound quality and comfort, choose the correct ear tips and ensure a secure fit.

- Select the ear tips (S, M, L) that best fit your ear canals.
- Gently insert the earbud into your ear.
- Twist the earbud slightly to lock it into place, ensuring a snug and comfortable fit.

## MAINTENANCE

### Cleaning

To maintain optimal performance and hygiene, regularly clean your earbuds and charging case:

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab.

### Water Resistance (IPX5)

The Tronsmart Onyx Pure One earbuds are IPX5 water-resistant, meaning they can withstand splashes and sweat. They are suitable for workouts and light rain, but are not designed for submersion in water.

This image visually confirms the IPX5 water resistance of the earbuds, showing them with water droplets, making them suitable for various activities.

## TROUBLESHOOTING

If you encounter any issues with your Tronsmart Onyx Pure One earbuds, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close the lid, wait a few seconds, then open the lid again. On your device, forget the "Tronsmart Onyx Pure" Bluetooth connection and try pairing again.
- **Only one earbud working:** Check if both earbuds are charged. Try placing both earbuds back into the charging case, close the lid, and then take them out again to re-establish the connection.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device. Try playing audio from a different application or device.
- **Charging issues:** Ensure the charging cable is securely connected to both the case and the power source. Try using a different charging cable or power adapter. Clean the charging contacts on the earbuds and case.
- **Poor sound quality:** Ensure the ear tips provide a snug fit to your ear canal. Try different sized ear tips. Clean any debris from the earbud nozzles.

If the issue persists, please contact Tronsmart customer support for further assistance.
