

Braun 51-B1200s

Braun Series 5 Electric Shaver User Manual

Brand: Braun | Model: 51-B1200s

1. INTRODUCTION AND OVERVIEW

The Braun Series 5 electric shaver is designed for an easy and precise shave, adapting to the contours of your face with its 3 flexible blades. It features AutoSense technology to detect and adapt power to beard density, ensuring more hairs are captured and cut with each stroke. The EasyClean system allows for quick and simple cleaning without removing the shaver head.

This shaver is 100% waterproof, making it suitable for both wet and dry use. Its Li-Ion battery provides up to 50 minutes of shaving time, with a quick 5-minute charge for a single full shave. The shaver is also compatible with EasyClick accessories for personalized grooming.

2. WHAT'S IN THE BOX

Your Braun Series 5 electric shaver package includes the following components:

- Braun Series 5 Shaver
- Precision Trimmer Attachment
- Charging Cable
- Cleaning Brush

Image: All components included in the Braun Series 5 package: the shaver, precision trimmer, charging cable, and cleaning brush.

3. SETUP

3.1 Initial Charging

Before first use, fully charge your Braun Series 5 shaver. Connect the charging cable to the shaver and plug it into a power outlet. The battery indicator lights will show the charging progress. A full charge provides up to 50 minutes of cordless shaving. A quick 5-minute charge is sufficient for one shave.

3.2 Wet & Dry Use

The Braun Series 5 shaver is 100% waterproof and can be used for dry shaving, with foam, gel, or even in the shower. Ensure the shaver is unplugged from the power source before using it with water.

4. OPERATING INSTRUCTIONS

4.1 Shaving Technique

For optimal results, hold the shaver at a right angle (90°) to your skin and shave against the direction of hair growth. The 3 flexible blades will adapt to your facial contours for a close and comfortable shave. The AutoSense technology automatically adjusts the shaver's power to your beard density, ensuring efficient cutting even on dense beards.

**Rasatura facile.
Pulita e profonda.**

4.2 Using EasyClick Attachments

The Braun Series 5 is compatible with EasyClick attachments, allowing you to customize your grooming experience. To attach, simply remove the shaver head and click the desired attachment into place. The included precision trimmer is ideal for shaping sideburns, mustaches, and beards.

5. MAINTENANCE AND CLEANING

5.1 EasyClean System

The EasyClean system allows for quick and hygienic cleaning without removing the shaver head. Simply rinse the shaver head under running water while the shaver is turned on. The water will flow through the cutting elements, washing away trapped hairs and debris.

5.2 Regular Cleaning

For a more thorough cleaning, you can remove the shaver head and use the included cleaning brush to remove any remaining hair particles. Always ensure the shaver is turned off and unplugged before performing a deep clean. Regular cleaning prevents bacterial growth and maintains optimal performance.

6. TROUBLESHOOTING

- **Shaver not turning on or holding charge:** Ensure the charging cable is properly connected and the shaver is fully charged. If the cable is damaged, do not use the shaver and contact customer support. Battery life may vary with usage; ensure regular charging.
- **Poor shaving performance:**
 - Ensure the shaver head is clean and free of hair debris.
 - Shave against the direction of hair growth.
 - For optimal results, shave regularly. The shaver may struggle with very long or thick beards; consider trimming longer hairs before shaving.
 - If experiencing difficulty in certain areas like the neck, ensure proper skin tension and shaver angle.
- **Skin irritation:** Use the shaver on clean, dry skin or with shaving foam/gel. Avoid pressing too hard. If irritation persists, consult a dermatologist.

7. SPECIFICATIONS

Feature	Detail
Model Number	51-B1200s
Dimensions (L x W x H)	3.4 x 7 x 10.4 cm
Weight	289 grams
Power Source	Rechargeable Battery (Li-Ion)
