

Merax Twin Size Wooden House Bed

Merax Twin Size Wooden House Bed with Fence and Roof Instruction Manual

Model: Twin Size Wooden House Bed (White+Gray)

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use of this product. Keep this manual for future reference.

- **Maximum Weight Capacity:** This bed is designed to support a maximum weight of **250 pounds**. Do not exceed this limit.
- **Adult Assembly Required:** Assembly should be performed by at least two adults.
- **Supervision:** Children should be supervised when using the bed, especially during play activities.
- **Secure Fasteners:** Ensure all bolts, screws, and connectors are securely tightened before use and periodically check for tightness.
- **Placement:** Place the bed on a level surface.
- **Hazard Prevention:** Keep small parts out of reach of children during assembly. Avoid placing the bed near windows where cords or blinds could pose a strangulation hazard.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

- Bed Frame Components (Headboard, Footboard, Side Rails, Roof Structure, Guardrails)
- Bed Slats
- Hardware Pack (Screws, Bolts, Washers, Allen Key)
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Follow these general steps for assembly. Refer to the detailed diagrams and step-by-step instructions provided in the separate assembly guide included with your product for precise component identification and fastening procedures.

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify each part using the provided parts list.
2. **Assemble Base Frame:** Begin by connecting the headboard, footboard, and side rails to form the main bed frame. Ensure all connections are snug but do not fully tighten bolts until the frame is stable.
3. **Install Guardrails:** Attach the guardrails to the side rails as indicated in the assembly guide.
4. **Construct Roof Structure:** Assemble the roof frame components and attach them to the main bed frame.
5. **Install Bed Slats:** Place and secure the bed slats across the side rails. Ensure even spacing and secure attachment for proper mattress support.
6. **Final Tightening:** Once all components are assembled, go back and fully tighten all bolts and screws. Do not overtighten.

Tools Required: An Allen key is typically provided. A Phillips head screwdriver may also be needed.

4. PRODUCT FEATURES AND USAGE

The Merax Twin Size Wooden House Bed is designed to provide a comfortable sleeping area and a creative play space for children.

- **Playhouse Design:** The unique roof and fence structure creates an engaging environment for children's imagination.
- **Decorating Potential:** The front and back rails, as well as the roof, can be decorated with lights, fabrics, or toys to personalize the space.
- **Enhanced Safety:** The semi-enclosed design and integrated guardrails help prevent falls and provide a secure sleeping environment.
- **Air Circulation:** Despite the enclosed feel, the open design ensures adequate air circulation for comfort.

5. MAINTENANCE

Proper maintenance will ensure the longevity and safety of your Merax House Bed.

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Hardware Check:** Periodically (e.g., monthly) inspect all bolts, screws, and connections to ensure they remain tight. Retighten if necessary.
- **Wood Care:** Protect the wood from extreme temperature changes and direct sunlight, which can cause warping or fading.
- **Surface Protection:** Use coasters or protective pads if placing items on the bed frame to prevent scratches.

6. TROUBLESHOOTING

If you encounter any issues with your Merax House Bed, refer to the following common solutions:

- **Wobbling or Instability:** Check all assembly points and ensure every bolt and screw is securely tightened. Ensure the bed is on a flat, even surface.
- **Squeaking Noises:** Squeaking often indicates loose connections. Identify the source of the squeak and tighten the corresponding hardware. Applying a small amount of lubricant (e.g., paraffin wax) to metal-on-wood contact points can also help.
- **Rough Edges:** Some wooden components may have minor rough edges from manufacturing. These can typically be smoothed with fine-grit sandpaper if desired.
- **Missing Parts or Damage:** If you discover missing parts or damage upon opening the package, do not attempt to assemble the bed. Contact Merax customer support for assistance.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions (L x W x H)	78.3" x 41.7" x 71.2"
Material	Pine Wood, Plywood, MDF Board
Color	White+Gray
Style	Modern House Bed
